Dear Right Hon. Speaker,

REPORT OF THE AUDITOR-GENERAL ON THE MANAGEMENT AND UTILISATION OF THE DISTRICT ASSEMBLIES COMMON FUND AND OTHER STATUTORY FUNDS FOR THE YEAR ENDED 31 DECEMBER 2022

I have the privilege and honour to submit to be laid before Parliament, my report on the Management and Utilisation of the District Assemblies Common Fund (DACF) and other Statutory Funds for the financial year ended 31 December 2022. This report supplements my main report on the operations of the Metropolitan, Municipal and District Assemblies (MMDAs) covering the same period.

- 2. This report covers the management and utilisation of the DACF, mainly for infrastructural development and social interventions by Assemblies, and highlights the significant unresolved and outstanding findings from routine audits carried out in 2022 under my direction and supervision.
- 3. The outstanding and unresolved issues were because of deficiencies and weaknesses in internal controls in the operations of the Assemblies. Irregularities such as non-compliance with existing legislative framework and instruments, managerial lapses and weak monitoring procedures at the Assemblies were dominant as evidenced in the management letters.

- 4. For prudent management of public funds, I once again appeal to the Honourable Minister for Local Government, Decentralisation and Rural Development to ensure that the recommendations in my reports are implemented to the letter including taking punitive actions against any official of the Assemblies whose actions or negligence resulted in the reported infractions.
- 5. I wish to express my profound gratitude to the Chief Executive Officers, Coordinating Directors, and staff of the respective MMDAs for the cooperation extended to my staff during the audits.
- 6. Finally, I acknowledge the immense contributions made by my staff towards the production of this report.

Yours faithfully,

JOHNSON AKUAMOAH ASIEDU AUDITOR-GENERAL

THE RIGHT HONOURABLE SPEAKER OFFICE OF PARLIAMENT PARLIAMENT HOUSE ACCRA

REPORT OF THE AUDITOR-GENERAL ON THE MANAGEMENT AND UTILISATION OF DISTRICT ASSEMBLIES COMMON FUND (DACF) AND OTHER STATUTORY FUNDS FOR THE YEAR ENDED 31 DECEMBER 2022

PART I

MANDATE, SCOPE AND OBJECTIVES

Introduction

As stipulated by Articles 187(2) of the 1992 Constitution of Ghana and Section 84 of the PFMA, 2016 (Act 921), I have audited the management and utilisation of the District Assemblies Common Fund (DACF) and other Statutory Funds of the 261 Metropolitan, Municipal and District Assemblies (MMDAs) for the year ended 31 December 2022. Included in this report are my findings on the Office of the Administrator of DACF on management of the Common Fund.

- 2. The audit was conducted in accordance with the International Standards of Supreme Audit Institutions (ISSAIs) and best practice considering that the Public Financial Management System of Ghana is regulated by relevant legislative and administrative guidelines such as the Public Financial Management Act, 2016 (Act 921), the Public Procurement Act, 2003 (Act 663), as amended, the Audit Service Act, 2000 (Act 584), the Public Financial Management Regulations 2019 (L.I. 2378) and with respect to statutory funds of MMDAs, the Local Governance Act, 2016 (Act 936) and the Guidelines for Utilisation of DACF.
- 3. Significant irregularities emanating from our management letters provided the basis for this report. The issues raised during the audits were formally discussed with the Management of the Assemblies and their comments and responses have been considered before concluding this report. Findings considered in this report are only those that came to my attention during the audits and so the weaknesses identified, and recommendations made might not be exhaustive.

Audit objectives

- 4. The audits were guided by Section 13 of the Audit Service Act, 2000 (Act 584) which required that I ascertain whether in my opinion.
 - i. The accounts have been properly kept;
 - All public monies collected have been fully accounted for and rules, regulations and procedures are sufficient to provide effective check on the assessment, collection and proper allocation of revenue;
 - iii. Monies have been expended for the purposes for which they were appropriated, and expenditures made as authorised;
 - iv. Essential records were maintained, and the rules and procedures applied were sufficient to safeguard and control the Assemblies' assets; and
 - v. Programmes and activities of the Assemblies have been undertaken with due regard to economy, efficiency, and effectiveness in relation to the resources utilised and results achieved.

Audit Scope

5. The audit covered the period January 2022 to December 2022. Based on the above objectives, internal controls were reviewed to assess the risks associated with the management and utilisation of statutory funds by MMDAs and to determine if there was value for money there were fairness and integrity in administrative decision-making and whether disbursements of statutory funds were to the benefit of stakeholders.

PART II

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Allocations of Common Fund to MMDAs

6. In compliance with Section 129 (b) of the Local Governance Act, 2016 (Act 936), the Administrator of DACF distributed a total amount of GH¢370,000,000.00 to the 261 Assemblies. Out of this amount, GH¢108,213,400.00 was deducted at source in favour of Service Providers with net inflows of GH¢261,786,600.00 or 70.8 per cent to the Assemblies. Details are provided below.

			Net Cash	% Net Cash
Year	Assemblies'	Payment at	Transfer to	Transfer
	Share	Source	MMDAs	
2021	511,002,936.02	121,428,418.62	389,574,517.40	76.2
2022	370,000,000.00	108,213,400.00	261,786,600.00	70.8

7. Attached as Appendix 'A' is the 2022 DACF Allocations to the 261 Assemblies.

Irregularities

- 8. The audits continued to uncover irregularities in the operations and management of funds by the Metropolitan, Municipal, and District Assemblies (MMDAs). The irregularities were largely due to violation of Laws, Regulations and Guidelines, and also management override of internal controls instituted to ensure effective and efficient utilisation of resources. The irregularities included unaccounted funds, misapplication of funds, over-utilisation of Common Fund on recurrent expenditure, payment of judgment debts, abandoned/delayed projects, and completed projects not used.
- 9. For 2022, the total irregularities dropped to GH¢53,636,715.87 as against GH¢66,130,366.12 in 2021. The comparative irregularities from 2018 to 2022 are provided in the table below:

Year	Cash irregularities	Contract irregularities	Procurement/ store irregularities	Tax irregularities	Total
2018	47,139,747.82	65,618,865.70	7,356,299.95	452,983.31	120,567,896.78
2019	33,213,320.67	86,980,848.61	4,121,790.40	324,886.24	124,640,845.92
2020	23,505,854.48	45,692,398.53	7,716,366.62	232,640.47	77,147,260.10
2021	7,511,747.85	57,601,901.48	642,269.42	374,447.37	66,130,366.12
2022	12,092,429.97	40,297,628.96	751,010.75	495,646.19	53,636,715.87

10. The summary of the key audit findings identified, and their related recommendations are provided in the succeeding paragraphs with the details in Part III of this Report. I have also attached a table of irregularities on Regional and MMDA basis labelled as Appendices 'B' and 'C' to this Report.

Cash Irregularities

11. Cash irregularities totalling GH¢12,092,429.97 were reported in 110 Assemblies and were mainly due to funds disbursed without relevant supporting documents, misapplication or transfers from Common Fund to other accounts, over-utilisation of Common Fund on recurrent expenditure, non-implementation of approved social interventions and inaccessibility of funds with a rural bank as presented in the table below:

Irregularity	Amount	No. of MMDAs
Over-utilisation of Common Fund on recurrent expenditure	7,095,156.13	21
Unsupported payments	1,571,876.96	36
Unpresented payment vouchers	749,994.74	6
Failure to allocate funds to Sub-Structures	581,118.54	16
Payments for works without certification	514,647.70	2
Payment of judgment debt	476,183.54	4
Misapplication of funds	410,387.87	7
Unaccounted payments	191,790.00	8
Non-implementation of approved social interventions	168,166.32	2
Payment for unexecuted portions / overpayment of a contract	137,779.00	4
Transfer of funds from the MPCF to DACF without authorisation	88,278.00	2
Failure to recover payment for clearing of landfill site	79,000.00	1
Non-release of HIV/AIDS funds by the ADACF	28,051.17	1
Total	12,092,429.97	

- 12. Due to inefficient mobilisation of internally generated funds, the Assemblies continued to rely on the Common Fund and other earmarked funds for their recurrent expenditure to the detriment of development at the local level. I again noted instances of disbursements not supported with relevant expenditure documents due to apathy on the part of Management of the Assemblies to ensure compliance with Laws and Regulations on disbursements of public funds.
- 13. I recommended refund of all misapplied funds from the IGF accounts of the Assemblies into the DACF accounts. I also recommended the recovery of unaccounted funds from Coordinating Directors, Finance Officers and other defaulting officials of the Assemblies involved as a punitive measure to ensure judicious use of public funds.

Contract Irregularities

14. Contract irregularities were mainly in the areas of completed projects which were not in use and abandoned projects as summarised below.

Irregularity	No. of Projects	Amount	No. of Assemblies
Completed projects not in use	33	7,139,729.14	19
Delayed/ abandoned projects	218	33,091,770.82	78
Non-functioning boreholes	2	66,129.00	1
Total	253	40,297,628.96	

- 15. I noted that the Assemblies initiated new projects whilst ongoing ones had not been completed leading to several award of contracts with their limited resources, as a result of which projects were abandoned or delayed. I also noted instances of poor planning by the Assemblies in project management, as ancillaries such as furnishing, water and electricity connection needed to put the projects to use after completion were not included in their project budgets. I further noted defects or siting of projects beyond easy access of the communities leading to inoperative completed projects.
- 16. To avoid waste of resources resulting from investments in projects without benefits, I recommended for the Assemblies to take the necessary action and prioritise completion of ongoing projects before new ones are awarded. I also recommended to Management of the Assemblies to provide the outstanding facilities to put the projects to use and going forward, include the necessary ancillaries in their project budgets for the

projects to become operational on completion for the avoidance of additional cost resulting from deterioration.

Sanitation Management Irregularities

- 17. The agreements on sanitation management with the Assemblies require quarterly deductions of fees by the Administrator from their Common Fund allocations to Zoomlion Ghana Ltd (ZGL), the Service Provider. I however noted that ZGL was yet to supply 42 trucks and 157 containers and also repair or replace 34 broken down trucks and 109 damaged containers for 69 Assemblies. This was largely due to non-communication by the Assemblies of the outstanding commitments to ZGL contrary to the dictates of the Agreements.
- 18. In a related issue, I noted upward revision of quarterly fees made by ZGL without communication to the Assemblies in violation of the provisions in the Agreement.
- 19. To ensure effective sanitation management in the communities and for the avoidance of outbreak of environmental health related diseases, I recommended to Management of the Assemblies to ensure that ZGL supply the outstanding refuse containers and trucks and also replace the damaged trucks and containers without further delay. I also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services. I further recommended that both parties should comply with the provisions of the agreements for value for money to be achieved for payments made.

Procurement and Stores Irregularities

20. The audits recorded payments for goods and services not supplied or not accounted for, valued at GH¢751,010.75 in 13 Assemblies.

Irregularity	Amount	No of Assemblies
Unaccounted stores/fuel	601,185.75	7
Payments for goods and services not supplied or rendered	149,825.00	6
Total	751,010.75	

21. I recommended recovery of the amount of GH¢149,825.00 from the suppliers otherwise the Coordinating Directors and Finance Officers of the Assemblies should be held to refund the amounts to the Assemblies. I also recommended that the amount of GH¢601,185.75 should recovered from the responsible officials involved for failing to account for the stores with relevant documentations.

Tax Irregularities

22. Tax irregularities related to taxes not deducted from payments for goods and services by the Assemblies, withheld taxes not remitted to the Ghana Revenue Authority (GRA) and VAT payments not supported with the prescribed invoices or receipts as presented below:

Irregularity	Amount	No. of Assemblies
Payment for VAT without VAT invoices	101,571.23	12
Tax not withheld	129,673.02	15
Tax not Remitted	264,401.94	19
Total	495,646.19	

23. I recommended that the Coordinating Directors and Finance Officers of the Assemblies involved should comply with the relevant provisions of the tax law and the finance officers be personally held liable for any penalties that may arise. I also recommended that failure to obtain VAT invoices to acquit VAT inclusive payments, the VAT amount of GH¢101,571.23 should be recovered from the service providers or the Finance Officers be held liable for refund of the amount.

PART III

DETAILS OF FINDINGS AND RECOMMENDATIONS

MANAGEMENT OF THE DISTRICT ASSEMBLIES COMMON FUND BY THE ADMINISTRATOR OF DACF

Release of Common Fund

24. In 2020 and 2021, the Ministry of Finance released a total amount of GH¢2,178,834,868.57 and GH¢832,005,585.00 respectively to the Administrator for allocation to the Assemblies and programmes provided for in the Approved Formula. This represented an increase of GH¢714,262,139.78 or 48.8 percent in 2020 over 2019 and a decrease of GH¢1,346,829.57 or 61.8 percent in 2021 against 2020. The Administrator also received investment income of GH¢41,399,488.30 in the two-year period bringing total receipts to GH¢3,038,881,037.76 as shown in the table below:

	Total Common	% Increase	Total Investment	Total Receipts
Year	Fund	/ (Decrease)	Income	
2019	1,464,572,728.79			
2020	2,178,834,868.57	48.8	28,826,638.93	2,194,302,603.39
2021	832,005,585.00	(61.8)	12,572,849.37	844,578,434.37
	Total		41,399,488.30	3,038,881,037.76

25. The Administrator distributed the Common Fund received to the Assemblies and programmes as per the Approved Formula and in accordance with her mandate under Section 129 of the Local Governance Act, 2016 (Act 936).

Shortfall in release of Common Fund by Ministry of Finance - GH¢4,630,840,362.01

26. Clause 2 of Article 252 of the 1992 Constitution provides that Parliament shall annually make provision for allocation of not less than five percent of the total revenues of Ghana to the District Assemblies for development; and the amount shall be paid into the District Assemblies Common Fund in quarterly instalments. As per the ruling of the Supreme Court in the case of Kpodo and Quashigah Vs. the Attorney-General, 2019, total Revenue of Ghana, for purposes of allocation to DACF shall include Petroleum Revenue allotted as Annual Budget Support amount and non-tax revenue paid to Central

Government. Total Revenues of Ghana shall not include foreign loans and grants, Petroleum receipts paid into the Heritage and Stabilisation Fund, retained Internally Generated Fund and levies imposed by Parliament for specific purposes under an Act of Parliament.

27. Nonetheless, we noted that the actual Common Fund released by the Ministry of Finance in respect of 2020 and 2021 were 2.6 and 0.2 percent of total Government revenue less Grants, instead of the 5 percent minimum. Details are provided in the table below:

Item	2020	2021
Total Revenue and Grant	60,017,803,011	70,676,142,156
Less Grant	(3,559,526,448)	(2,455,198,028)
Total Revenue less Grant	56,458,276,563	68,220,944,128
Expected DACF (5% of Total Revenue)	2,822,913,828.15	3,411,047,206.40
DACF Received	1,470,740,268.54	132,380,404.00
Shortfall in DACF received	1,352,173,559.61	3,278,666,802.40
% DACF Received	2.6	0.2
% Shortfall in DACF received	2.4	4.8

Source:

- 2020 Consolidated Statement of Financial Performance (Page 26) of 2020 Public accounts of Ghana 2021 Consolidated Statement of Financial Performance (Page 26) of 2020 Public accounts of Ghana
- 28. These resulted in shortfalls of GH¢1,352,173,559.61 or 2.4 percent for 2020 and GH¢3,278,666,802.40 or 4.8 percent for 2021.
- 29. We recommended to the Administrator to liaise with the Minister of Finance to ensure the release of the total shortfall of GH¢4,630,840,362 for 2020 and 2021 financial years.

AHAFO REGION

Introduction

30. For the 2022 financial year, total allocations to the six Assemblies in the Ahafo Region were GH¢7,393,807.22. Out of this amount, GH¢2,390,459.22 was deducted at source in favour of the Assemblies' Service Providers leaving net cash transfers of GH¢5,003,348.00 representing 67.67 percent of the total allocations shown in Appendix 'A'.

Contract Irregularity

Abandoned/ Delayed Projects - GH¢489,622.41

- 31. Section 52 of the Public Financial Management Act, 2016 (Act 921) requires, Coordinating Directors as the Principal Spending Officers to institute proper control systems to prevent losses and wastage.
- 32. We observed that, 11 projects under construction by four Assemblies were either abandoned or unduly delayed. The projects comprise of DACF projects located at various towns in the region. Payments made so far towards the construction of these projects amounted to GH¢489,622.41. Details below:

Assem	bly	No. of	Expected	Period	Amount	%/Level	Reasons for
		projects	Completion	of delay		completed	Abandonment
			date				
Asunafo	South	4	Sept 2015 -	41-87		47 - 80	Funding
District Asse	embly		July 2019	months	204,227.32		Challenges
Asunafo	North	2	14 Jan. 2022-	20-35	147,631.14	80 - 85	Funding
Municipal			19 April 2021	months			Challenges
Assembly							
Tano	South	3	15 Aug. 2018	28-52	74,841.80	Substructure	Contractor
Municipal			- 19 Aug.	months		Completed	abandon site
Assembly			2020				
Asutifi	North	2	Aug. 2022-	2 - 6	62,922.15	65 - 95	Funding
District Asse	embly		Dec 2022	months			Challenges
		Total			489,622.41		

- 33. The situation has denied citizens of the immediate use of the projects and the likelihood of the Assembly incurring a higher cost in repackaging these projects cannot be ruled out.
- 34. We recommended that, management should ensure that, projects under the care of the Assemblies that have been abandon and or unduly delayed are repackaged, awarded and completed before new ones are awarded to enable the citizenry derive the full benefits of the projects.

Sanitation Management Irregularity

Required number of vehicles and containers not provided under Sanitation Improvement Package

- 35. Clause 3(c) and schedule one of the Service Agreement of the Sanitation Improvement Package (SIP) between Asutifi North District Assembly, Tano North Municipal Assembly and Zoomlion Ghana Limited requires Zoomlion Ghana Ltd to provide a number of refuse trucks and containers to manage waste in the two Assemblies.
- 36. We however noted that the required number of SIP trucks and refuse containers had not been supplied by Zoomlion and Management of the Assemblies could not produce any formal communication to Zoomlion on the situation of the sanitation equipment. Details are below:

Assembly	Equipment	No Required	Number Supplied	Number Not Supplied
Tano North	Skip truck	3	2	1
Municipal Assembly	Communal Containers	20	11	9
Asutifi North District Assembly	Skip truck	2	1	1

37. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.

- 38. This has denied the Assemblies the services of this equipment needed for efficient management of sanitation in their jurisdictions. The Assemblies had therefore been paying for contract provisions not carried out.
- 39. We recommended to Management of the affected Assemblies to officially notify Zoomlion Ghana Ltd and ensure that they supply the refuse containers and trucks without further delay in accordance with the service agreement. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Store Irregularity

Fuel not accounted for - GH¢34,627.50

- 40. Regulation 78 of Public Financial Management Regulations, 2019(L.I. 2378) which stipulates that a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of that covered entity, the validity, accuracy, legality of the claim for payment, evidence of services received, certificates for work done and any other supporting documents exists.
- 41. Asunafo North Municipal Assembly paid GH¢34,627.50 from MP's Common fund account on PV number 5/12/22 dated 16/12/22 for fuel to reshape roads in the municipality. However, management could not produce evidence such as; details of roads reshaped, Certificates of work done, and the fuel was also not recorded in any vehicle logbook to justify usage of the fuel.
- 42. This could lead to loss of funds to the Assembly.
- 43. We recommended that the amount of GH¢34,627.50 be recovered from the MCD, MFO and the Works Engineer and paid into the Auditor-General's Recoveries Account number 1018331470015 Bank of Ghana for our verification.

Tax Irregularity

Non-deduction of withholding taxes - GH¢3,801.30

- 44. Section 116 of the Income Tax Act, 2015 (Act 896) requires a resident person, other than an individual to withhold tax at the appropriate rates from the gross amount of the payment for the supply of goods, service and works which exceeds GH¢2,000.00.
- 45. We noted that two Assemblies paid GH¢83,876.20 to 12 suppliers for goods and services without deducting the total withholding tax of GH¢3,801.30. Details are provided below:

No.	Name of Assembly	No of	Total	Tax
		Vouchers	Payment	
1	Asutifi North District	3	33,825.70	2,029.55
	Assembly			
2	Asunafo South	9	50,050.50	1,771.75
	District Assembly			
	Total	12	83,876.20	3,801.30

- 46. This action could deny the state tax revenue of GH^3,801.30$.
- 47. We recommended that, the Coordinating Directors and Finance Officers of the affected Assemblies should pay their respective amounts to the Ghana Revenue Authority without further delay.

ASHANTI REGION

Introduction

48. For the 2022 financial year, total allocations to the 43 Assemblies in the Ashanti Region was GH¢66,223,848.72, out of which an amount of GH¢18,073,325.56 was deducted at source in favour of Service Providers of the Assemblies. Net cash transfers stood at GH¢48,150,523.16 representing 72.71 percent of the total allocations as shown in Appendix 'A'.

Cash Irregularities

Unsupported payments - GH¢423,127.23

- 49. Regulation 78 of the Public Financial Management Regulations (PFMR), 2019 (L.I. 2378) provides that, a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of the covered entity, the validity, accuracy and legality of the claim for the payment and that evidence of services received, certificates for work done and any other supporting document exists.
- 50. Contrary to the above Regulation, Management of seven Assemblies did not support 36 payments totalling GH¢423,127.23 with relevant documents such as receipts, invoices, statement of claim and others for authentication. Details are provided below:

No.	Assembly	Account	Particulars	No. of	Amount
				PVs	
1	Ahafo Ano North	DACF	Goods and Services	9	35,027.23
2	Ahafo Ano South	PWD	Support to PWD	1	1,018.00
	West	MP's Fund	Financial Support	3	5,409.00
3	Ahafo Ano South	DACF	Goods and Services	6	39,613.50
	East				
4	Akrofuom	MP's Fund	Financial supports	3	47,512.00
5	Ejisu	DACF	Evacuation of	1	18,000.00
			refuse dump at		
			Bonwire		
6	Juaben	DACF	Supply of 50,000 oil	1	48,500.00
			palm seeds		
7	Kwadaso	DACF	Goods and services	9	193,797.50
		MP's Fund	Goods and services	3	34,250.00
		Total		36	423,127.23

^{51.} As a result, we were unable to confirm the authenticity of the payments which could result in funds being used for unrelated activities of the Assemblies.

52. We recommended that the amount of GH¢423,127.23 should be recovered from the Finance Officers and Coordinating Directors involved.

Over-utilisation of Common Fund on recurrent expenditure - GH¢832,067.82

- 53. Part I of the 2019 Guidelines for Utilisation of DACF allows Assemblies to disburse up to 20 percent of their allocation on Administration, comprising 10 percent each for administrative and infrastructure expenditures respectively.
- 54. Contrary to the above provisions, we noted that Management of three Assemblies exceeded their thresholds for administrative expenditure and misapplied a total amount of GH¢832,067.82 of DACF funds on payment for recurrent expenditures. Details are provided below:

No.	Assembly	Total	Allowable	Amount	Excess	
		Allocation	10%/20%	Spent	Amount	Remarks

- 55. Management of the Assemblies explained that the anomaly resulted from insufficient IGF generation, which compelled them to use the DACF. The practice of misapplying Common Fund has the tendency of abandoning or not undertaking developmental projects in the Districts.
- 56. We recommended to Management of the Assemblies to recover the amount of GH¢823,067.82 from their Internally Generated Fund (IGF) accounts into the DACF accounts. We also recommended that, Management of the Assemblies should put in place measures aimed at improving their revenue mobilisation efforts and desist from misapplication of the Common Fund to achieve its objective.

Misapplication of Common Fund - GH¢25,000.00

- 57. Part 1.5 of the 2019 Common Fund Guidelines permits the Assemblies to use up to 10 percent of their Common Fund to cater for their recurrent expenditure such as human resource management, logistics support and maintenance of assets, but not for payment of transfer grant.
- 58. We however noted that Ejura Sekyeredumase Municipal expended an amount of GH¢25,000.00 for payment of transfer grant.
- 59. Management explained that the payment was made from the Assembly's Common Fund due to insufficient IGF collection. Overreliance on the Common Fund for recurrent activities negatively affects the Assembly's capacity to complete planned DACF projects.
- 60. We recommended to Management of the Assembly to refund the amount of GH¢25,000.00 from the IGF account into the DACF account and put in place measures to enhance IGF mobilisation to prevent the recurrence of the anomaly.

Unpresented payment vouchers - GH¢169,388.50

- 61. Regulation 82 of the PFMR, 2019 (L.I. 2378) requires that, a payment by a covered entity shall be accompanied with a payment voucher authorised by the head of accounts, and which is approved by the Principal Spending Officer.
- 62. Management of the Ahafo Ano South East District Assembly, however, did not produce 14 payment vouchers valued at GH¢169,388.50 for audit. Details are provided below:

Account	No. of PVs	Particulars	Amount
DACF	7	Compensation to farmers, purchase of tyres, transfers	95,858.50
		to PWD accounts etc.	
MPCF	3	Money advanced to the Assembly by the MP, CHIPS	46,500.00
		compound commissioning and sod cutting ceremony.	
PWD	4	Funds for meetings, workshops, child protection etc.	27,030.00
Total	14		169,388.50

63. As a result, we were unable to confirm whether the funds were used for their intended purposes.

64. In the absence of the payment vouchers, we recommended that the total amount of GH¢169,388.50 should be refunded by the Coordinating Director and the Finance Officer into the Assembly's DACF account.

Payments for works without certification - GH¢514,647.70

- 65. Management of Offinso Municipal Assembly paid GH¢386,022.00 to the Transport Officer of the Assembly and five contractors for pushing of waste dump and reshaping of roads within the Municipality. We did not cite any records on the technical advice from the Urban Roads Engineer and Municipal Environmental Health Officer in contravention of Regulation 79 of the PFMR, 2019 (L.I. 2378). Instead, the initiation and certification of the pushing of waste dump and reshaping of roads work were done by the Transport Officer.
- 66. Similarly, the Kwadaso Municipal Assembly also made four payments totalling GH¢128,625.70 for vehicle maintenance and pushing of refuse without work certification from the responsible Officers, as evidence of satisfactory work done.
- 67. The anomaly creates room for the service providers to engage in shoddy work, which could be a drain on the funds of the Assemblies.
- 68. In the absence of certificate of work done, we recommended that the total amount of GH¢514,647.70 should be recovered from the Coordinating Directors and Finance Officers of the Assemblies involved for authorising and approving the payments. We also recommended strict adherence to the relevant provisions of the PFMR.

Failure to allocate funds to Sub-structures - GH¢200,651.22

- 69. Part I paragraph 3 of the 2019 Guidelines for the Utilisation of the DACF, requires that up to 2% of the DACF receipts should be used for the establishment and strengthening of zonal, urban, town and area councils.
- 70. We however noted that Management of four Assemblies received a total DACF allocation of GH¢10,032,561.00 but failed to allocate the required two percent of GH¢200,651.22 for the activities of their District Sub-structures. Details are provided below:

No.	Assembly	Total Allocation	2% for Sub-	
		received	Structures	
1	Asokore Mampong Municipal	3,138,216.50	62,764.33	
2	Kumasi Metropolitan	4,599,664.50	91,993.29	
3	Mampong Municipal	1,403,842.00	28,076.84	
4	Sekyere Central District	890,838.00	17,816.76	
	Total	10,032,561.00	200,651.22	

- 71. The non-compliance with the Guidelines by the Assemblies could render the Substructures ineffective in executing their mandate at the grass-root level of decentralisation.
- 72. We recommended to Management of the Assemblies to ensure compliance with the DACF Guidelines and transfer the amount of GH¢200,651.22 from their DACF accounts into the Sub-structure accounts.

Payment of judgment debt - GH¢150,000.00

- 73. Section 7 (1a) & (2) of the PFM Act, 2016 (Act 921) requires that a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity. The Principal Spending Officer shall establish an effective system of risk management and internal control in respect of the resources and transactions of a covered entity.
- 74. Contrary to the above law, we noted that Management of Kumasi Metropolitan Assembly (KMA) used an amount of GH¢150,000.00 of its DACF allocation to settle a judgment debt to Messrs. Sapso Construction, the plaintiff, as compensation for delay in settlement of outstanding liability on a DACF project completed for the Assembly.
- 75. The avoidable loss of GH¢150,000.00 was as a result of failure by Management of KMA to resort to arbitration instead of court settlement.
- 76. Consequently, the Assembly was deprived of funds to provide amenities to improve upon the development of the Metropolis.
- 77. We recommended that the amount of GH¢150,000.00 should be refunded from the IGF account into the DACF account of the Assembly. We also recommended that any responsible official whose inaction resulted in the avoidable cost should be sanctioned,

and the Assembly should explore the use of arbitration to resolve disputes rather than resorting to the Courts.

Non-release of HIV/AIDS funds by the Administrator of Common Fund - GH¢28,051.17

- 78. Section 7(3) of the PFM Act, 2016 (Act 921) provides that, where a Principal Spending Officer receives a subvention on behalf of another entity, that Principal Spending Officer shall remit to that other entity in accordance with the approved cash flow plan for the subvention.
- 79. We however noted that the Administrator of DACF did not release the HIV/AIDS funds totalling GH¢28,051.17 deducted at source from KMA's share of the Common Fund to the Assembly. Details are provided below:

Date	Quarter	Amount					
25/03/2022	Final release 2 qtr. 2021	2,512.05					
25/03/2022	3 qtr. 2021	5,024.09					
07/06/2022	4 qtr. 2021	5,024.09					
31/10/2022	1 qtr. 2022	5,024.09					
31/10/2022	2 qtr. 2022	5,024.09					
22/12/2022	3 qtr. 2022	5,442.76					
	Total						

- 80. The anomaly denied the Assembly funds for effective execution of its HIV/AIDS activities.
- 81. We recommended to Management of the Assembly to liaise with the Administrator to remit the deducted funds of GH¢28,051.17 to the Assembly.

Contract Irregularities

Completed projects not in use - GH¢1,168,148.50

82. Section 52 of the PFM Act, 2016 (Act 921) requires, Principal Spending Officers of covered entities to institute proper control system to prevent losses and wastage.

83. We however noted that six projects completed between November 2021 and December 2022 by two Assemblies at a total cost of GH¢1,168,148.50, had not been put to use due to various reasons. Details are provided below:

Assembly	Project	Date	Total	Period	Reason
		completed	Payment	not in

Adansi	1No. 16- seater WC toilet with				Electrical fittings

Mponua	computer lab at Betinko	1/11/21	237,330.00		commissioned
	Total		1,168,148.50		

- 84. This has resulted in locked-up funds of GH¢1,168,148.50 and also denied the communities the benefits from use of the projects thereby defeating their intended purposes.
- 85. We recommended to Management of the Assemblies to ensure that electrical fittings are installed in the projects of Adansi North and the 3-unit classroom block with computer lab at Betinko is commissioned to enable the facilities to be put to their intended use. To prevent the recurrence of the anomaly, we also recommended that future project budgets should include the necessary ancillaries needed to make the facilities operational immediately after completion.

Delayed/ abandoned projects - GH¢3,887,715.60

86. Contrary to Section 52 of the PFM Act, 2016 (Act 921), we noted that eight Assemblies expended, a total amount of GH¢3,887,715.60 on 26 projects which were at various stages of completion and had been delayed or abandoned for periods ranging

between three months and 11 years whilst new projects were awarded. Details are provided below:

		No. of	Expected		Total
No	Assembly	projects	completion date	Period of delay	Payment
•					
1	Amansie South	2	Dec. 2021	12 Months	317,693.95
2	Asokore	4	July 2016 to Nov.	3 to 80 Months	1,590,462.49
	Mampong		2022		
3	Atwima	1	May 2018	58 Months	148,432.90
	Kwanwoma				
4	Bekwai	2	June & Aug. 2021	19 to 21 Months	224,373.83
5	Bosome Freho	7	Jun. 2019 to Oct.	18 to 45 Months	750,482.46

9	Sekyere Kumawu	4	April 2019 to May	34 to 46 Months	235,272.06
			2020		
	Total	26			3,887,715.60

- 87. Management of the Assemblies attributed their inability to complete the projects to funding constraints, court injunction, etc. The delay in executing projects could lead to cost overruns due to effects of price increase on building materials.
- 88. We recommended to Management of the Assemblies involved to ensure that priority is given to abandoned/delayed projects before new ones are awarded.

Payment for unexecuted portions of a contract - GH¢12,250.00

- 89. Regulation 80 of the PFMR, 2019 (L.I. 2378) requires, Principal Spending Officers not to certify the completion of works, unless the contractor concerned has complied with all provisions of the contract.
- 90. We however noted that Management of Kwadaso Municipal Assembly paid a total amount of GH¢12,250.00 to a contractor for unexecuted portions of a contract as detailed below:

Project	Constructor's	Contract	Unexecuted	Cost of
	Name	sum	Portion	unexecuted
				portion
Construction of 3-Unit	Acheampong	325,749.00	Aprons and	12,250.00
Abattoir with Sewage	& Sons C. Ltd		drains	
Control System and				
Animals Dressing Opened				
Shed at Sofoline.				
	12,250.00			

- 91. The anomaly was due to improper certification of works done by the Works Engineer and Monitoring Teams of the Assembly purporting to have duly inspected the project and recommended for the payment to be made to the contractor.
- 92. The unexecuted portions constituted loss of GH¢12,250.00 to the Assembly.
- 93. We recommended to the Coordinating Director to ensure that the contractor executes the outstanding works at no additional cost to the Assembly, failing which, the amount of GH¢12,250.00 should be recovered from the Works Engineer and Monitoring Team with sanctions.

Sanitation Management Irregularities

Non-supply and replacement of sanitation equipment

- 94. Clause 1(d) and Schedule 1 of the Service Agreement for Sanitation Improvement Package (SIP) signed between Zoomlion Ghana Ltd (ZGL) and the underlisted Assemblies requires ZGL to deliver to the Assemblies a quantity of refuse trucks and solid waste containers for the collection of waste at quarterly service fee deducted at source by the Administrator from DACF allocation. Also, Section 7 of the PFM Act, 2016 (Act 921) states among others that a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.
- 95. Contrary to the above law and Schedule (1) of the SIP Service Agreement signed between ZGL and the Assemblies for supply of sanitation equipment and haulage of solid waste, we noted that the Company did not supply four trucks and 14 containers to the underlisted Assemblies.

Assembly	Contract	Fee per	Type of	Contract	Qty.	Qty Not	Default

96. Also, the Agreement specified that ZGL was to replace or repair damaged equipment upon being notified by the Assemblies provided that the defect or damage was not caused through the negligence of the Assembly. This notwithstanding, five trucks and 20 containers of five Assemblies were damaged but had not been replace or repaired. Details are provided below:

Assembly	Contract	Fee per	Type of	Contract	Qty.	Qty	Default

- 97. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.
- 98. The non-delivery of equipment and replacement of damaged machinery, which resulted mainly from failure of Management to notify ZGL for the necessary remedial action, negatively affected management of solid waste within the catchment areas of the Assemblies.
- 99. We recommended to Management of the Assemblies involved to ensure that ZGL supply the outstanding refuse containers and trucks and also replace the damaged trucks and containers without further delay. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Excess fumigation and SIP deductions without communication

- 100. Section 7 of the Service Agreement on Sanitation Improvement Package (SIP) between Zoomlion Ghana Ltd and Adansi Asokwa District Assembly states "In consideration of the services being rendered by Zoomlion Ghana Ltd in respect of its obligations herein, the Parties have mutually agreed to a quarterly service fee of GH¢51,060.00 from 3 September 2018 to 31 August 2023, and the service fee may be reviewed every April based on prevailing economic conditions and in line with the level of inflation as determined by Statistical Services of Ghana. Such review will be communicated to the Assembly before it is implemented".
- 101. Also, Sections 3.1& 3.2 of Article III of the Service Agreement on Disinfestation and Fumigation between Zoomlion Ghana Ltd and the Assembly stipulates that in consideration of the Services herein, the Assembly hereby agrees to pay Zoomlion a quarterly fee of GH¢40,250.00, which may be reviewed annually based on prevailing

economic conditions in line with the level of inflation and communicated to the Assembly before its implementation.

102. We noted that, the Administrator deducted a total amount of GH¢341,550.00 for SIP and Fumigation instead of GH¢273,930.00 (over-deduction - GH¢67,620.00) from the Assembly's share of DACF allocation in 2022, without prior notice to the Assembly contrary to the provisions of the service agreement. Details are provided below:

No.	Quarter	Amount per the Agreement	Amount deducted	Excess Deduction	Amount per the Agreement	Amount deducted	Excess deduction
			SIP	L	F	umigation

- 103. We however noted that Management of the Assembly did not follow up on the excess deduction with the Administrator for the necessary remedial action to be taken.
- 104. The practice could throw the Assembly's budget into disarray, and as a result its inability to carry out other planned activities.
- 105. To enable the Assemblies implement their planned activities and for value for money to be achieved for payments made, we recommended that both parties should comply with the provisions of the agreements.

Procurement and stores Irregularity

Unaccounted stores - GH¢433,306.45

106. Contrary to Section 52 of the PFM Act, 2016 (Act 921), we noted that, Management of KMA procured various items totalling GH¢433,306.45 from the Assembly's MPCF account which included food items, computers and streetlights, and handed them over to the MPs for Bantama, Nhyiaeso and Subin. The items were purportedly distributed to various beneficiaries in their constituencies, but Management of the Assembly could not

provide us with the relevant store records and evidence of distribution of the items. Details are provided below:

- 107. Procurement of store items not accounted for with relevant documentation could lead to pilfering, short- or non-supply and diversion and the resultant loss of funds.
- 108. In the absence of the relevant documents to account for the items purchased, we recommended recovery of the amount of GH¢433,306.45 from the three MPs involved.

Tax Irregularities

Taxes not withheld/remitted - GH¢61,823.03

109. Sections 116 and 117(1) of the Income Tax Act, 2015 (Act 896) requires the Assemblies as withholding tax agents to deduct the appropriate rate of tax from payments for goods and services and remit same to the Commissioner-General of the Ghana Revenue Authority within 15 days after the end of the calendar month in which the tax was withheld.

110. Contrary to the above provisions, we noted that Management of the underlisted Assemblies failed to withhold taxes of GH¢34,492.67 from payments for supply of goods and services and also did not remit GH¢27,330.36 taxes withheld to the Commissioner-General of GRA.

Assembly		Taxes not withheld			Taxes not remitted

Total		60	562,008.19	34,492.67	51	651,868.30	27,330.36	

- 111. Though the Finance Officers indicated that the withheld taxes had been remitted to GRA, the assertion could not be corroborated with any evidence.
- 112. Non-deduction and remittance of taxes to GRA could result in payment of penalties by the Assembly for default and also the inability of the State to meet her intended tax revenue targets.
- 113. We recommended to Management of the Assemblies to ensure compliance with the relevant tax laws and the Finance Officers personally held liable for any penalty payments.

Payment for VAT without VAT invoices - GH¢35,851.85

- 114. Section 41 of the Value Added Tax Act, 2013 (Act 870) states that, a taxable person shall, on making a taxable supply of goods or services, issue to the recipient, a tax invoice in the form and with the details that are prescribed by the Commissioner-General.
- 115. We noted that two Assemblies made purchases amounting to GH¢416,533.47 from VAT registered entities but did not obtain the relevant VAT receipts to cover VAT charges of GH¢35,851.85 in violation of the above Law. Details are provided below:

Assembly	No. of	Gross	VAT	
	PVs	Amount	Amount	
Ejura Sekyeredumase	15	316,533.47	17,351.85	
Offinso North	1	100,000.00	18,500.00	
Total	16	416,533.47	35,851.85	

- 116. By this act, the service providers were not bound to make any VAT payments to GRA hence a potential loss of VAT revenue of GH¢35,851.85 to the State.
- 117. We recommended that the VAT receipts of GH¢35,851.85 should be obtained from the service provider to account for the VAT payment or the amount recovered from him, failing which the Finance Officers should refund the amount into the Assemblies' account.

BONO REGION

Introduction

118. In 2022, total DACF allocations to the 12 Assemblies in the Bono Region was GH¢15,102,401.48. A total of GH¢4,970,069.69 was deducted at source form the DACF allocations in favour of the Assemblies' Service Providers leaving net cash transfers of GH¢10,132,331.78 representing 67.09 percent of the total allocations shown in Appendix 'A'.

Cash Irregularities

Unsupported payment vouchers - GH¢19,873.92

119. Regulation 78 of the Public Financial Management Regulations, 2019 (L.I. 2378) states that, a Principal spending officer of covered entity is personally responsible for ensuring in respect of each payment of that covered entity, the validity, accuracy and legality of the claim for payment.

120. We noted that two Assemblies failed to support payment vouchers worth GH¢19,873.92 with the necessary supporting documents to authenticate the transactions. Details are as below:

S/N	Institution	No of PVs	Amount
1	Berekum East Municipal	2	15,325.00
2	Berekum West District	1	4,548.92
	Total	3	19,873.92

- 121. Management of the Assemblies could not provide reasons for the anomaly.
- 122. We recommended that the amount should be recovered from the Coordinating Directors and Finance Officers involved and pay same into the Auditor-General's Recoveries Account number 1018331470015 with the Bank of Ghana.

Failure to allocate DACF to Sub-District Structure - GH¢38,379.10

- 123. Paragraph 3 of the Guidelines for the Utilisation of the District Assemblies Common Fund (DACF) for the 2019 fiscal year states that up to two percent of DACF releases should be used for the establishment and strengthening of the Zonal, Urban, Town and Area Councils.
- 124. We however noted that Banda District Assembly failed to allocate a total of GH¢38,379.10 being the required 2% of the Assemblies share of total DACF allocation of GH¢1,918,955.16 received in 2022 for the activities of their Sub-District structure.
- 125. The infraction threatens the decentralisation drive as the sub-district structure could be rendered ineffective.
- 126. We recommended that; management of the Assembly should comply with the DACF guidelines by setting the required fund aside from the Assembly's subsequent allocations for the effective running of their sub-structures.

Payment not effected through the GIFMIS platform.

- 127. Regulation 83 of the PFMR requires that, all payments for expenditure of covered entities shall be made through the Ghana Integrated Financial Management Information System.
- 128. We noted that management of two Assemblies during the year processed 57 payment vouchers totalling GH¢628,721.19 from Common Fund Account without recourse to the Ghana Integrated Financial Management Information System (GIFMIS).

Name of Assembly	Number	Source of	Amount
	of P.V	funding	
Banda District	10	DACF	240,920.90
Jaman South Municipal	47	DACF	387,800.29
Total	57		628,721.19

- 129. Management of the Assemblies attributed this situation to internet network challenges they face at their various Districts.
- 130. We recommended to the Municipal Coordinating Director and the Municipal Finance Officer to ensure that expenditures are processed through the GIFMIS Platform and notify the GIFMIS Secretariat of any challenges they encounter in using the platform. **Contract Irregularity**

Abandoned Projects - GH¢1,579,855.99

131. Contrary to Section 52 of the Public Financial Management Act, 2016 (Act 921) which requires the Coordinating Directors, as principal spending officers to institute proper control system to prevent losses and wastage, we noted that 13 projects that were awarded between 2018 and November 2021 and were expected to be completed between December 2019 and October 2022 have been abandoned. Details are provided below:

Assembly	No.	of	Award Date	Expected	Amount	Percentage	Remarks
	Proje	cts		Completion	Paid	Completed	
				Date		(%)	
Banda	3		June 2019	December	428,987.16	57 – 85	Lack of funds

Municipal						funding
Total	13			1,579,855.99		

- 132. This could lead to cost overruns to the detriment of other developmental projects of the Assemblies.
- 133. We recommended to managements of the Assemblies to ensure that priority is given to abandoned projects before new ones are awarded to avoid the situation where funds are locked-up unnecessarily.

Payment for unexecuted portions of Contract - GH¢102,529.00

- 134. Regulation 78 of the Public Financial Management Regulations 2019 (L.I. 2378) states among others that, a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of that covered entity, the validity, accuracy and legality of the claim for the payment, that evidence of services received, certificates of work done and any other supporting documents exist.
- 135. The Dormaa west district Assembly awarded the construction of 1 No 2 Unit Kindergarten block at Yaakrom to Messrs Bekanna Ventures Ltd on 8/05/2022 at a contract sum of GH¢243,131.80 and to be completed on 8/5/2023.

136. We noted that total amount of GH¢230,475.21 representing 94.8% of the contract sum had been paid to the contractor even though various aspects of the project such as plastering, painting, plumbing work, doors, electrical installation etc., amounting to GH¢102,529.00 have not been executed. The picture of the project is attached below:

- 137. The anomaly was caused by the issue of wrong certificate of works done by Mr Ofori Boateng Kwaku, the district works engineer and failure of the Assembly's Monitoring Team to exercise due diligence in the inspection of the projects against the contract agreement before recommending payment to the Contractor.
- 138. We recommended that, management should compel the Contractor to return to site to complete the project or recover the amount of GH¢102,529.00 from the District Works Engineer, District Coordinating director and the Finance officer. We also recommended that the District's Works Engineer and the Monitoring Team should be sanctioned.

Sanitation Management Irregularities

Required number of vehicles and containers not provided under Sanitation Improvement Package

- 139. Clause 3(c) and schedule one of the Service Agreement of the Sanitation Improvement Package (SIP) between Banda District Assembly and Zoomlion Ghana Limited requires Zoomlion Ghana Ltd to provide a number of refuse trucks and containers to manage waste in the district.
- 140. Clause 3 further requires the company to replace or repair the equipment upon being notified by the Assembly of any damage or defects that were not caused by the negligence of the Assembly or its lawful and authorised agents.
- 141. We however noted that the required number of SIP trucks and refuse containers had not been supplied by Zoomlion to the Assembly. Details below.

EQUIPMENT	NO REQUIRED	NUMBER SUPPLIED	NUMBER NOT SUPPLIED
Skip truck	2	1	1
Communal Containers	11	8	3

- 142. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.
- 143. This has denied the Assembly the services of the equipment needed for efficient management of sanitation in the district. The Assembly had therefore been paying for contract provisions not carried out.
- 144. We recommended to management of Banda District Assembly to ensure that Zoomlion Ghana Ltd supply the refuse containers and trucks without further delay. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Damaged Sanitation Improvement Package Equipment not replaced.

- 145. Clause 3 (d) of the agreement between the Assemblies and Zoomlion Ghana Ltd requires Zoomlion Ghana Ltd to repair or replace any equipment that get damaged as a result of normal wear and tear upon being notified by the Assembly.
- 146. Our inspection of Banda District Assembly however revealed that, six containers and one skip truck had been unserviceable and had not been replaced. We noted that, despite not having the full complement of the equipment, the Assembly continue to suffer full contract deductions from their Common Fund allocations. Details are provided below:

Equipment	Number supplied	Number damaged	Number in use	Period damaged
Skip truck	1	1	-	June 2022
Communal Containers	8	6	2	2021

- 147. This has denied the Assembly the services of these equipment needed for efficient management of sanitation.
- 148. We recommended to management of the Banda District Assembly to officially notify Zoomlion Ghana Ltd of the damaged refuse containers and truck and ensure that Zoomlion replace them without further delay in accordance with the service agreement.

Procurement and Store Irregularity

Payment for items/services not supplied - GH¢59,250.00

- 149. Regulation 78 of Public Financial Management regulations, 2019 (L.I. 2378) requires that, a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of that covered entity, the validity, accuracy and legality of the claim for the payment; that evidence of services received, certificate for work done and any other supporting documents exist.
- 150. We however noted that two Assemblies paid an amount of GH¢59,250.00 for goods and services but management could not provide evidence of reciept of the goods and services that they paid for. Details are provided below:

S/N	Institution	Item/Service Procured	Supplier	Amount
1	Banda	Gazette of fee 2022 financial year fee fixing resolution.	Ghana Publishing Company Ltd	2,600.00
	District	15 chest deep freezers for distribution to the People with Disabilities	AS-Mannan	50,000.00
2	Berekum West	1 Laptop HP notebook i5, 8GB ram 1TB	Modern Info. & Business solution	6,650.00
		Total		59,250.00

- 151. In respect of Gazetting fees, management of Banda District Assembly stated that the publishing company was unable to gazette the 2022 fees fixing resolution and that the amount will be used to gazette that of 2023. They however did not respond to the observation on the deep freezers.
- 152. Management of Berekum West Assembly could not provide reasons for non-supply of the laptop.
- 153. The communities within the Assemblies have not benefited from the expenditures.
- 154. We recommended that the Coordinating Directors and the Finance Officers should recover the amount of 59,650.00 from the various payees and pay same into the Auditor-General's Recoveries Account number 1018331470015 with the Bank of Ghana.

Tax Irregularity

VAT inclusive payment without VAT invoice - GH¢4,410.37

155. Section 41 (1) of Value Added Tax Act, 2013 (Act 870) requires that a taxable person shall, on making a taxable supply of goods or services, issue to the recipient, a tax invoice in the form and with the details that are prescribed by the Commissioner-General.

156. In contravention of the above, management of Banda District Assembly paid an amount of GH¢114,671.50 with a VAT Component of GH¢4,410.37 to suppliers without obtaining VAT invoices to support the payments. Details are shown below:

PV DATE	PV NO.	EXPENDITURE DESCRIPTION	PAYEE	GROSS AMOUNT (VAT INCL)	VAT EXCL.	VAT PAID
4/13/2022	BDA/DACF/ 13/04/22	Supply of Household items for DCE's Residence	Koo Banda Trading Enterprise	16,255.00	15,629.81	625.19

12/21/2022	BDA/DACF/ 27/12/22	Supply of Rice and Oil for Assembly members for Christmas festivities	The Son of Man Trading Enterprise	15,292.50	14,704.40	588.10
23/06/22	BDA/DACF/ 23/06/22	Being payment for office stationery	Amponsah A. Enterprise	4,004.00	3,850.00	154.00
13/04/22	BDA/DACF/ 26/04/22	Payment for 4 pieces tyres for an official vehicle-GN8867-18	Sam Bennet Hardware	4,368.00	4,200.00	168.00
12/22/2022	BDA/PWD/ 03/12/22	Purchase of 15 Chest Freezers for PWDS	A.S Mannan Enterprise	50,000.00	48,076.95	1,923.08
	Tota	al				4,410.37

- 157. This could deny the state tax revenue of GH¢4,410.37 to undertake its development activities.
- 158. We recommended recovery of the GH¢4,410.37 from the payees into the Ghana Revenue Authority failure of which the Finance Officer and the Coordinating Director should pay the amount involved to GRA.

BONO EAST REGION

Introduction

159. For the 2022 financial year, total allocations to the 11 Assemblies in the Bono East Region were GH¢13,779,049.77. Out of this amount, a total of GH¢4,492,928.21 was deducted at source in favour of the Assemblies' Service Providers, resulting in net cash

transfers of GH¢9,286,121.57 representing 67.39 percent of the total allocations shown in Appendix 'A'.

Cash Irregularities

Unsupported Payments - GH¢16,644.74

- 160. Regulation 78 of the Public Financial Management Regulations, 2019 (L.I. 2378) provides among others that a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of the covered entity, the validity, accuracy and legality of the claim for the payment and that evidence of services received, certificates for work done and any other supporting document exists.
- 161. Contrary to the above, management of two Assemblies did not support seven payment vouchers amounting to GH¢16,644.74 with relevant supporting documents such as receipts, invoices, statement of claims, evidence of service/work done, etc., to authenticate them. The details are as below:

No.	Assembly	Particulars	No. of PVs	Amount
1	Sene West	Goods and Services	2	8,088.94
2	Techiman North	Goods and Services	5	8,555.80
		Total	7	16,644.74

^{162.} We could therefore not confirm the authenticity of the payments.

163. We recommended that the amount of GH¢16,644.74 should be recovered from the two Finance Officers and Coordinating Directors and pay same into the Auditor General's Recoveries Account no. 1018331470015 at Bank of Ghana and evidence of payment made available for our verification.

Contract Irregularities

Abandoned projects - GH¢916,773.49

164. Section 52 of the Public Financial Management Act, 2016 Act 921 requires that Principal Spending Officers shall institute a control system that shall be capable of

ensuring that proper procedures are in place for the effective, efficient, economical and transparent use of assets and to prevent wastages and misuse.

165. However, we noted during our review of projects that, three Assemblies expended a total amount of GH¢916,773.49 on nine projects at various stages of completion but were abandoned and new projects awarded. Details provided below:

Name of Assembly	No. of Projects	Period of Delay	Contract Sum	Payment to Date	% Completion
Kintampo Municipal	2	85 months	375,755.10	231,303.60	60
Nkoranza North	1	31 months	281,113.85	191,000.00	75
Sene West	4	42-50 Months	1,108,956.26	494,469.89	50-80
Total	7		1,765,825.21	916,773.49	

- 166. Management of the three Assemblies indicated that the projects were abandoned due to funding challenges.
- 167. This could lead to cost overruns to the detriment of other development projects at the Assemblies.
- 168. We recommended to management to ensure that the Abandoned projects are completed before awarding new ones.

Completed Projects not in Use - GH¢335,019.27

169. Contrary to Section 52 of the Public Financial Management Act, 2016 Act 921, Kintampo South Assembly expended a total amount of GH¢335,019.27 on two projects but failed to put them to use after completion. Details are provided below:

No.	Project Title	Name of	Payment to	Commence	Date of	Period	Reason(s)
		Contractor	Date	ment Date	Complet'n	of Delay	not in use
1	Const. of 1 no.	M/S Global	150,000.00	08/12/21	20/12/22	4 months	No electricity
	20- seater	Synergy					connection to
	W/C Toilet	Ltd					the facility.
2	Const. of 1no	O.X	185,019.27	8/12/21	17/1/202	3 months	No electricity
	Community	Venture			3		connection to
	Social Centre						the facility.
	Total		335,019.27				

- 170. This situation had denied the communities in the district the use and benefit of these projects, thereby value for money in the use of the public funds not being achieved.
- 171. We recommended to management to as a matter of priority, provide the relevant support for the use of these facilities, to benefit the communities.

Sanitation Management Irregularity

Required number of Refuse Trucks not supplied.

- 172. Clause 1 of the Service Agreement of the Sanitation Improvement Package between Zoom Lion GH Ltd and Nkoranza North Assembly dated 07 October 2020, enjoins the Company to provide the Assembly with agreed quantities of refuse trucks, waste containers and haulage services.
- 173. We noted that the two refuse trucks to be supplied to the Nkoranza North District Assembly according to the SIP agreement had not been supplied by Zoomlion to the Assembly, even after official communication was made by the Assembly to Zoomlion GH. Ltd.
- 174. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.
- 175. This has denied the Assembly the services of the equipment needed for efficient management of sanitation in the district. The Assembly had therefore been paying for contract provisions not carried out.

176. We recommended to management of Nkoranza north District Assembly to ensure that Zoomlion Ghana Ltd supply the refuse trucks without further delay. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Procurement and Store Irregularity

Unaccounted fuel purchased - GH¢4,210.00

- 177. Contrary to section 52 of the PFM Act 2016 (Act 921), we noted that, Management of Pru East District Assembly, Yeji purchased fuel totalling GH¢4,210.00 which were not logged in vehicle logbooks. They could also not produce any evidence to show usage of the fuel.
- 178. This could lead to loss of funds to the Assembly.
- 179. We recommended that the authorizing officers should refund GH¢4,210.00 and pay same into the Auditor-General's Recoveries Account with account number 1018331470015 of Bank of Ghana immediately and furnish us with evidence of payment. We also recommended to management to put in place effective measures and strengthen supervisory control over the use and payment of fuel.

Tax Irregularity

Undeducted / Unremitted Withholding Taxes - GH¢14,706.88

- 180. Section 116 and 117 of Income Tax Act, 2015 (Act 896) provides that, the appropriate rate of tax should be withheld for the payment of goods and services rendered and to remit any tax withheld to the Ghana Revenue Authority within 15 days after the end of the month in which the payment subject to the withholding tax is made.
- 181. Contrary to the above Sections, the Management of the three Assemblies failed to deduct and remit a total tax of GH¢14,706.88 to Ghana Revenue Authority (GRA) for supply of goods and services delivered and rendered by 22 suppliers. Details below:

No	Assembly	No. of	Tax Not	Tax not	Total
		Transactions	Deducted	Remitted	
1	Sene West	8	-	5,002.87	5,002.87
2	Pru East	8	-	6,736.20	6,736.20
3	Pru West	6	2,967.81	-	2,967.81
		22	2,967.81	11,739.07	14,706.88

- 182. The tax irregularity was occasioned by the Finance Officers who failed to deduct and pay the taxes to GRA.
- 183. The State has been denied a tax revenue of GH¢14,706.88.
- 184. We recommended that the Finance Officer should personally pay the unwithheld taxes of GH¢2,967.81 into the Ghana Revenue Authority and seek refund from the suppliers. We also recommended that the unremitted taxes of GH¢11,739.07 should be paid to GRA.

CENTRAL REGION

Introduction

185. Total allocations to the 22 Assemblies in the Central Region during the 2022 financial year was GH¢28,833,497.39 out of which GH¢9,285,844.68 was deducted at source by the Administrator in favour of service providers of the Assemblies, leaving net transfers of GH¢19,547,652.71 or 67.79 percent of the total allocation as shown in Appendix 'A'.

Cash Irregularities

Payments outside GIFMIS

186. Regulations 78(2) of the PFMR, 2019, (L.I. 2378) requires, all covered entities to use the Ghana Integrated Financial Management Information System (GIFMIS) from the commencement of the procurement process through to payment.

- 187. Contrary to the above Regulation, our review revealed that Management of Effutu Municipal Assembly made five payments for goods and services totalling GH¢125,171.00 without using GIFMIS.
- 188. The lapse would not enhance financial reporting of the Assembly.
- 189. We recommended to Management to ensure that all transactions are processed via GIFMIS and officials who authorised the transactions should be sanctioned.

Over-utilisation of Common Fund on administrative expenses - GH¢2,706,135.00

- 190. Part 1 of the 2019 Guidelines for utilisation of the DACF requires that up to 10 percent of the allocations to the Assemblies should be disbursed on administrative expenditure.
- 191. We noted that nine Assemblies received a total Common Fund allocation of GH¢20,977,699.78 with allowable 10 percent of GH¢2,097,769.98 for administrative expenditure. The Assemblies however used an amount of GH¢4,803,904.53 to meet their administrative expenditure on workshops, fuel, honorarium, transfer grant, etc, resulting in an excess expenditure of GH¢2,706,135.00. Details are provided below:

No.	Assembly	Total	Allowable	Amount	Excess
110.	Assembly	Allocation	10 %	Spent	Amount
1	Twifo Hemang Lower	2,260,342.67	226,034.27	520,278.86	294,244.59
1	Denkyira	2,200,342.07			
2	Upper Denkyira East	2,094,482.77	209,448.28	441,825.29	232,377.01

4	Cape Coast Metro	2,855,081.58	285,508.16	306,070.08	20,561.92
5	Assin South	2,266,012.87	226,601.29	345,669.10	119,067.81
6	Atti-Morkwa	2,278,295.08	227,829.51	768,931.66	541,102.15
7	Gomoa West	2,508,415.63	250,841.56	707,620.28	456,778.72
8	Asikuma Odoben Brakwa	2,278,328.75	227,832.88	361,923.59	134,090.72
9	Ekumfi	2,316,559.61	231,655.96	922,643.43	690,987.47
	Total	20,977,699.78	2,097,769.98	4,803,904.53	2,706,134.55

192. The practice could impact negatively on implementation of earmarked development projects of the Assemblies.

193. We recommended to Management of the nine Assemblies to refund the excess expenditure of GH¢2,706,134.55 from their IGF accounts into the DACF accounts and desist from violating the Guidelines.

Unaccounted payments - GH¢368,186.16

- 194. Regulation 78 of the PFMR, 2019 (L.I. 2378) requires, Principal Spending Officers of covered entities to be personally responsible for ensuring validity, accuracy and legality of claims for the payment and that any other supporting documents exists.
- 195. We however noted that five Assemblies made a total payment of GH¢312,717.55 via 29 payment vouchers which were not supported with the relevant documents such as statements of claims, receipts. Also, three Assemblies disbursed GH¢55,468.61 on 34 payment vouchers that were not accounted for. Details are provided below:

Unsupported Payments Unacc		counted Pa	yments					
No.	Assembly	No. of PVs	Funding Source	Amount	No. of PVs	Funding Source	Amount	Total Amount

	Total	29		312,717.55	34		55,468.61	368,186.16

- 196. In the absence of the relevant documents to account for the funds, we could not authenticate the genuineness of the expenditure which could lead to losses resulting from misappropriation of funds.
- 197. We recommended that in the absence of relevant documents to justify that the amount of GH¢312,717.55 was used in the interest of the Assemblies, the Coordinating Directors and Finance Officers involved should refund the amount into the DACF accounts. We also recommended that the amount of GH¢55,468.61 should be recovered from the responsible officers in the absence of accountability otherwise, the Coordinating

Directors and Finance Officers involved should be held liable to refund the amount into the DACF accounts.

Failure to allocate funds to Sub-structures - GH¢81,343.00

198. Part I, paragraph 3 of the 2019 Guidelines for the Utilisation of the DACF requires that up to two percent of the DACF received should be used for the establishment and strengthening of the zonal, urban, town and area councils.

199. Contrary to the above, we noted that Management of two Assemblies failed to support their Sub-structures with DACF received during the period under review. Details are provided below:

No.	Assembly	Total	2% of	Amount	Difference

- 200. The non-release of GH¢81,324.94 funds by the Assemblies rendered the Substructures ineffective in carrying out their planned programmes and activities.
- 201. We recommended to the Coordinating Directors and Finance Officers to remit the amount to the Sub-structures to enable them carry out their planned programmes.

Non-implementation of approved social interventions - GH¢168,166.32

- 202. Part I of the 2019 DACF Guidelines mandates the Assemblies to set aside a percentage of their allocated Common Fund for identified social interventions which included:
 - i. District Education Fund to support and sustain a District Education Fund. The amount shall be used to finance scholarships, bursaries or repayment of loans to finance needy student with a proven record of good academic performance.
 - ii. District Response Initiative (DRI) for the prevention of Malaria
 - iii. Self-Help Projects/Counterpart Funding to support and sustain self-help spirit through community-initiated projects.

- 203. We however noted that out of their DACF allocations, Gomoa East Assembly did not allocate the required GH¢125,016.00 as counterpart funding for self-help projects whilst Assin South District Assembly allocated only GH¢13,500.00 from the required amount of GH¢45,320.26 to support and sustain District Education Fund representing 30 percent, leaving a difference of GH¢31,820.26.
- 204. The practice could deny the communities in the Districts of support for their self-initiated projects and needy but brilliant students from accessing the fund.
- 205. We also noted that Assin South District Assembly failed to use the amount of GH¢11,330.06 being 0.5 percent of its share of the Common Fund of GH¢2,266,012.87 for the prevention of malaria in the District. Consequently, interventions to curb the outbreak of malaria could be undermined.
- 206. We recommended to Management of the Assemblies involved to exercise effective budgetary control to implement the needed social interventions.

Non-utilisation of MP's share of Common Fund

- 207. Section 125 of the Local Governance Act 2016, (Act 936) makes provision for MPs to receive Common Fund for Constituency Developmental Projects to improve the living conditions of the citizens.
- 208. We however noted that the Administrator of DACF transferred a total amount of GH¢460,777.15 as MP's Constituency Fund for the remaining 2021 allocations and part of 2022 allocations to the MP for Agona West Constituency but the funds were not fully utilised on developmental projects or social intervention activities in the constituency.
- 209. The total available amount for the year under review was GH¢619,016.43 comprising the opening bank balance of GH¢158,239.28 and the total transfer of GH¢460,777.15 during the year. However, only GH¢49,992.80 was utilised representing 8.10 percent of the total fund available leaving a balance of GH¢569,023.63 unutilised. Details as per quarterly releases are provided below:

^{210.} The situation has denied the people of Agona West Constituency the benefit of the needed infrastructure and other social interventions to improve their living conditions.

211. We recommended to the Management of the Assembly to liaise with the MP involved to ensure that the funds allocated for the Constituency are utilised.

Contract Irregularities

Completed projects not in use - GH¢2,062,407.69

- 212. Section 52 of the PFM Act, 2016 (Act 921) requires Principal Spending Officers to institute proper control systems to prevent losses and wastage.
- 213. We however noted that five Assemblies expended a total amount of GH¢2,062,407.69 on seven projects but failed to put them to use after completion for various reasons as detailed below:

No.	Assembly	No of Projects	Date	Total	Reasons for non-use

- 214. The non-usage of the projects has denied the beneficiary communities the intended benefits and defeats their purpose.
- 215. We recommended to Management of the Assemblies involved to ensure that the bottlenecks preventing the usage of the facilities are resolved by providing the requisite amenities to enable them be put to use. We also recommended that in budgeting for projects, Management should include the necessary ancillaries needed to make the facilitates operational to prevent situations of completed projects not put to use.

Partly collapsed classroom block

216. Contrary to Section 52 of the PFMA, 2016 (Act 921), we noted that Assin Wurakese Methodist Basic School within the Assin Fosu Municipality had one of the classrooms of a six-unit classroom block collapsed. Pictures are shown below:

- 217. Management explained that funds were not readily available for reconstruction. The safety of the pupils and teachers cannot be guaranteed in the event of rainstorm.
- 218. We recommended that the Chief Executive Coordinating Director should prioritise the re-construction of the classroom block or find a temporal accommodation for the pupils to avoid any disaster.

Delayed / abandoned projects - GH¢6,492,626.47

Contrary to Section 52 of the PFM Act, 2016 (Act 921), we noted that 15 Assemblies expended a total amount of GH¢6,492,626.47 on 50 projects which were at various stages of completion and had been delayed or abandoned for periods ranging between one and 108 months. Details are provided in the table below:

- 219. The delay in executing projects could lead to cost overruns.
- 220. We recommended to Management of the Assemblies to ensure that priority is given to delayed/abandoned projects before new ones are awarded.

Sanitation Management Irregularities

Sanitation equipment not supplied and not repaired.

221. Clause 1(d) and Schedule 1 of the Service Agreement for Sanitation Improvement Package (SIP) signed between Zoomlion Ghana Ltd (ZGL) and the underlisted Assemblies requires ZGL to deliver to the Assemblies a quantity of refuse trucks and solid waste containers for the collection of waste at quarterly service fee deducted at source by the Administrator from DACF allocation. Also, Section 7 of the PFM Act, 2016 (Act 921) states among others that a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.

222. Contrary to the above, we noted that ZGL did not supply eight trucks and 15 containers to seven Assemblies despite reminders by some of the Assemblies to the Company to discharge its outstanding obligations. Details are provided below:

Assembly	Contract	Fee per	Type of	Contract	Qty.	Qty. Not	Default

223. The SIP agreement also provided that ZGL shall repair or replace damaged equipment upon notification by the Assemblies where the damage was not caused by the Assemblies but five trucks and 13 containers were damaged at seven Assemblies which had not been repaired by ZGL as provided below:

224. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.

- 225. Non-delivery and replacement of the equipment paid for did not ensure effective management of solid waste by the Assemblies and also loss of funds.
- 226. We recommended to Management of the Assemblies involved to ensure that ZGL supply the outstanding refuse containers and trucks and also replace the damaged trucks and containers without further delay. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Unsupplied metallic containers - GH¢55,414.00

- 227. Our audit disclosed that on 28 January 2021, Management of Cape Coast Metropolitan Assembly awarded a contract to Junzyokoh Enterprise to supply two metallic containers on behalf of the Social Welfare Department for two people living with disability.
- 228. We noted that contrary to Regulation 78 of the PFMR, 2019 (L.I. 2378) the two containers had not been supplied as at December 2022, even though the full payment of GH¢55,414.00 had been made.
- 229. Management intimated that the contractor had supplied the containers and records were available for our inspection. However, our follow-up revealed that the two metallic containers had not been supplied.
- 230. We recommended recovery of GH¢55,414.00 from the contractor, otherwise, the Coordinating Director and Finance Officer should be held liable to refund the amount into the Assembly's account.

Procurement and stores Irregularities

Payments for goods and services not supplied or rendered - GH¢17,661.00

231. In violation of Regulation 78 of the PFMR, 2019 (L.I. 2378), we noted that Management of two Assemblies made payments amounting to GH¢17,661.00 for which no goods were delivered, or service rendered. Details are provided below:

No.	Assembly	No. of	Purpose	Amount	Payee
		PVs			
1	Assin South	2	Hire of drones to prepare	14,500.00	Central Regional
			Assembly's development plan,		Coordinating
			to gazette the Assembly's by-		Council
			laws for 2022		
2	Ajumako	2	Supply of office cabinet.	3,161.00	Kharis J Ent.
	Enyan				
	Essiam				
	Total	4		17,661.00	

- 232. The non-delivery of goods and rendered services resulted in the loss of funds to the Assemblies.
- 233. We recommended that the Coordinating Directors and Finance Officers should recover the amount of GH¢17,661.00 from the payees or be held liable for the refund of the amount the accounts of the Assemblies involved.

Uncompetitive procurement

- 234. Section 20 of the Public Procurement (Amendment) Act, 2016 (Act 914), requires procurement entities to request quotations from as many contractors or suppliers as practicable but from at least three different sources that should not be related in terms of ownership, shareholdings or directorship and the principles of conflict of interest.
- 235. We, however, noted that Management of Gomoa Central District Assembly procured goods and services totalling GH¢56,182.19 without obtaining at least three quotations from different sources. Details are provided below:

PV NO & Date	PV Details	Payee	Contract Sum	Total Payment
04/03/22 of 30/03/22	Reshaping of some selected roads within the district	Larkwaps Ent Ltd	40,550.00	38,522.50
03/06/22 of 29/06/22	Replacement of Arm Cylinder and Hydraulic Hose on the Assembly's Grader	Greteck Co. Ltd	9,450.00	9,450.00
03/12/22 of 20/12/22			8,209.69	8,209.69
	58,209.69	56,182.19		

- 236. Management attributed wrong filing as the cause of the anomaly. In the absence of the alternative quotations, the Assembly might not have obtained fair pricing for the procurements.
- 237. To achieve value for money, we recommended to the District Coordinating Director of the Assembly to ensure strict adherence to the provisions of the Public Procurement Act.

Fragmented procurements

- 238. Section 18 (4) of the Public Procurement (Amendment) Act, 2016 (Act 914), states among others that the head of entity shall apply the thresholds that relate to the heads of entities as specified in the Second and Third schedules to the Act.
- 239. We however noted that the Chief Executive of Gomoa East District Assembly fragmented a procurement valued GH¢104,200.00 for service delivery and as a result, the individual contract sums fell within the entity head's threshold of GH¢90,000.00 as stated in the third schedule of the Public Procurement (Amendment) Act. Details are provided below:

PV No.	Details	Payee	Amount
& Date			
09/12/22 of	Evacuation of unapproved refuse	Coordinating Director/	68,750.00
29/12/22	dumps at Gomoa Nyanyano	Seth Setsoafia	
10/12/22 of	Evacuation of unapproved refuse	Coordinating Director/	12,300.00
29/12/22	dumps at Gomoa Ojobi	Seth Setsoafia

29/12/22	dumps at Gomoa Potsin and	Seth Setsoafia	
	Dominase		
	Total		104,200.00

- 240. The practice undermined procurement reviews and might not guarantee value for money.
- 241. We recommended that the Chief Executive and Coordinating Director should comply with the relevant provisions of the Procurement Act in the procurement dealings of the Assembly.

Items for Persons Living with Disabilities (PWDs) not distributed.

242. We noted that Management of Assin South District Assembly purchased income generating items amounting to GH¢99,895.70, to be distributed to PWDs to improve their livelihood. Contrary to Section 52 of the PFM Act, 2016 (Act 92), our follow-up disclosed that the items had not been distributed to the beneficiaries. Details are provided below:

Payee	Qty	Items	Amount			
PATODAK Ventures	15 Pcs	Chest freezers 145 litres	68,254.50			
	2 Pcs	Tabletop fridge 148 litres	9,100.60			
	5 Pcs	Fufu machine 2.5 litres	18,092.55			
	17 Pcs	Ice chest cooler 3 in 1	4,448.05			
	Total					

- 243. In a related issue, Management of Gomoa West District Assembly received 20 wheelchairs for PWDs on 27 July 2022 from the Ghana Federation of the Disabled (GFD) which were yet to be distributed to the beneficiaries as at January 2023.
- 244. Our inspection revealed that some parts of the wheelchairs had been damaged and would require repair works before being put to use due to the delay in distribution.
- 245. The delay in distributing the items to the beneficiaries had resulted in avoidable cost and also denied the intended beneficiaries the opportunity of a better living.
- 246. We recommended to Management and the District Directors of Social Welfare of the Assemblies involved to ensure that the items are allocated to the beneficiaries without delay and be held liable for any losses that may arise due to delay in distribution.

Missing deep freezers - GH¢5,600.00

- 247. Contrary to Section 52 (1a) of the PFM Act, 2016 (Act 921), our audit disclosed six out of eight deep freezers procured by the Cape Coast Metropolitan Assembly from Junzyokoh Enterprise for the Department of Social Welfare were issued to the beneficiaries leaving two, valued at GH¢5,600.00, which could not be accounted for.
- 248. Consequently, an amount of GH¢5,600.00 PWD funds was lost, and their members denied the support for their livelihood.

- 249. Management responded that no deep freezer was missing as the number of deep freezers bought had been distributed and the documentations were available for verification. However, Management could not make available to us the location or beneficiaries of the two deep freezers.
- 250. In the absence of evidence of accountability of the two deep freezers, we recommended refund of the GH¢5,600.00 from the Coordinating Director, Finance Officer and the Storekeeper into the PWD account.

Tax Irregularity

Payments without obtaining VAT invoice - GH¢26,970.00

- 251. Section 41 of the Value Added Tax (VAT) Act 2013, (Act 870) states that, a taxable person shall, on making a taxable supply of goods or services, issue to the recipient, a tax invoice in the form and with the details that are prescribed by the Commissioner-General.
- 252. On the contrary, we noted that Management of two Assemblies made payments totalling GH¢854,138.42, inclusive of GH¢26,970.10 VAT, to six suppliers for the supply of goods and services without obtaining VAT invoices. Details are provided below:

No	Assembly	No of P/Vs	Amount	VAT
1	Gomoa West District	5	337,107.00	7,084.28
2	Ajumako-Enyan-Essiam District	1	517,031.42	19,885.82
	Total	6	854,138.42	26,970.10

- 253. As a result, the suppliers were not bound to remit the VAT charge of GH $^{\circ}$ 26,970.10 and could lead to a potential loss of GH $^{\circ}$ 26,970.10 tax revenue to the State.
- 254. We recommended that the Finance Officers should obtain VAT invoices from the suppliers to account for the VAT charged otherwise the amount of GH¢26,970.10 should be recovered from them into the Assemblies' account. Failing that, the Finance Officers should be held liable for the refund of the amount into the Assemblies' account.

EASTERN REGION

Introduction

255. The total Common Fund allocations to the 33 Assemblies in the Eastern Region during the 2022 financial year was GH¢44,344,190.11. Out of this amount, GH¢13,594,432.36 was deducted at source by the Administrator of Common Fund and paid to Service Providers of the Assemblies, leaving net cash transfers of GH¢30,749,757.75 representing 69.3 percent of the total share of Common Fund as shown in Appendix 'A'.

Cash Irregularities

Unsupported payments - GH¢214,701.86

256. Regulation 78 of the PFMR, 2019 (L.I. 2378) requires, Principal Spending Officers of covered entities to be personally responsible for ensuring validity, accuracy and legality of claims for the payment and that any other supporting documents exists.

257. On the contrary, we noted that four Assemblies did not attach the requisite expenditure documents such as receipts, invoices, statement of claims, etc. to 44 payments totalling GH¢214,701.86. Details are provided below:

			Funding	No. of	
No.	Assembly	Purpose of Payment	Source	PVs	Amount
	Fanteakwa	Educational and medical support	PWD	1	7,800.00
	South	Cost of phones, laptops, mattresses,	DACF	2	13,600.00
1		food items, rent, etc.			
	Kwaebibirem	Fuel, workshop, capacity building,	DACF	13	53,583.36
		Ohum festival, etc.			
2		Funds to 10 PWD beneficiaries	PWD	1	11,000.00
3	Okere	Residential accommodation for chief	DACF	14	38,869.00
		Executive, monitoring, roofing sheet,			
		etc.			
4	Ayensuano	Capacity building, Independence Day	DACF	13	89,849.50
	District	celebration, General Assembly			
		meeting expenses, Construction of			
		sign boards etc.			
		Total		44	214,701.86

- 258. Under the circumstances, we were unable to authenticate the expenditure, which could lead to potential loss of funds to the Assemblies.
- 259. In the absence of justification for the expenditure, we recommended recovery of the total amount of GH¢214,701.86 from the Coordinating Directors and Finance Officers.

Misapplication of PWD funds - GH¢6,160.00

260. Contrary to Regulation 78 of the PFMR, 2019 (L.I. 2378), we noted that, the Chief Executive and the Coordinating Director of Suhum Municipal Assembly approved a total payment of GH¢6,160.00 from the Disability account as funeral donations and medical assistance to two persons who were not disabled. Details are provided below:

No.	Date	PV No.	Payee	Details	Amount
1	25/5/22	44625	Coordinating	Funds released to	3,660.00
			Director	support Ebenezer Narh	
				during the death of his	
				mother.	
2	28/12/22	3/12/22	Coordinating	Medical Assistance to	2,500.00
			Director	Hannah Oforiwaa	
			Total		6,160.00

- 261. Continuous use of PWD funds for unrelated activities could defeat the purpose of creation of the fund.
- 262. We recommended to Management to refund the amount of GH¢6,160.00 from the IGF account into the PWD account and desist from misapplying PWD funds.

Failure to recover payment for clearing of landfill site - GH¢79,000.00

- 263. The Akuapem North Municipal and Okere District Assemblies entered into an agreement with Cold Hat Ventures, a waste management company, for clearing, covering of solid waste and fumigation at Kwamoso Landfill site at a total cost of GH¢158,000.00. The two Assemblies were to share the cost involved equally.
- 264. Contrary to Section 7 of the PFM Act, 2016 (Act 916), we noted that Akuapem North Municipal Assembly paid the total cost of GH¢158,000.00 for the two Assemblies and later requested Okere District to refund its share of GHc79,000.00.

- 265. However, as at the time of reporting, Okere District Assembly had not refunded its portion of the bill to Akuapem North Assembly.
- 266. The non-refund of the amount could impact negatively on the cash flows of Akuapem North Assembly with its attendant risk of not executing its earmarked activities.
- 267. The Coordinating Director of Okere District Assembly indicated that lack of funds caused the delay for refund of the amount owed to Akuapem North Municipal Assembly and added that documentations were being processed for transfer of the amount into the account of Akuapem North Municipal Assembly.
- 268. We recommended to Management of Akuapem North Municipal Assembly to pursue recovery of the GH¢79,000.00 from the Okere District Assembly and to prevent the recurrence of the anomaly, pay only for its obligations.

Failure to allocate funds to support District Response Initiative and Zonal Council - GH¢36,231.19

- 269. Part 1 of the Guidelines for the utilisation of the District Assembly Common Fund for the 2019 fiscal year provides that up to 0.5% and 2% of the Assembly's total allocations after provision of funds for mandatory projects should be used in setting up District Response Initiative (DRI) to support the prevention of malaria and sub-structures of the Assembly, respectively.
- 270. We however noted that two Assemblies did not allocate the required 2% amount of GH¢24,956.98 and 0.5% of GH¢11,274.22 out of the Common Fund received for DRI support and Sub-structures of the Assemblies respectively. Details are provided in the table below:

No	Assembly	Period	DACF	DRI up to	Zonal	Total
			Received	0.5% to be	Council up	Amount
				allocated	to 2% to be	
					collected	
1	Suhum	1st,2nd and 3rd	1,247,849.19	6,239.25	24,956.98	31,196.23
		quarter of 2022				
2	Achiase	1st,2nd and 3rd	1,006,993.29	5,034.97		5,034.97
		quarter of 2022				
Total			2,254,842.48	11,274.22	24,956.98	36,231.20

- 271. The practice could result in activities at the grass root level not attended to and worsening of malaria related diseases within the community.
- 272. We recommended that Management of the two Assemblies should allocate the total amount of GH¢56,371.07 to the Units involved to enable them undertake their earmarked activities.

Transfer of funds from the MPCF to DACF without authorisation - GH¢88,278.00

- 273. Paragraph 2 of Part III of the 2019 DACF Guidelines on utilisation of MP's Reserved Fund stipulates that under no circumstance shall money be withdrawn from the sitting MP's account without a memorandum from the MP.
- 274. Contrary to the above provision in the Guidelines, we noted that two Assemblies transferred a total amount of GH¢88,278.00 from their MPs Common Fund accounts to the DACF accounts and disbursed without the authorisation from the MPs involved. Details are provided below:

Assembly	Date of transfer	Amount GH¢
Ayensuano District	March 2022	45,918.00
	August 2022	20,000.00
Suhum Municipal	February 2022	22,360.00
Tot	88,278.00	

275. The lapse constituted misapplication of funds which could stall planned activities of the MPs.

276. We recommended that Management of the two Assemblies should refund the amount of GH¢88,278.00 into the MPs accounts.

Payments outside GIFMIS

277. Section 25 of the PFM Act, 2016 (Act 921) states that, where a covered entity enters into a contract or any other arrangement that commits or purports to commit Government to make a payment, the contract or the arrangement shall be approved by the Principal Spending Officer of that covered entity and the Principal Spending Officer shall enter the contract or arrangement into the Ghana Integrated Finance Management System (GIFMIS).

278. We however noted that four Assemblies made payments totalling GH¢1,844,428.87 without using GIFMIS. Details are provided below:

No.	Assembly	Assembly Account No. of PVs		Period	Amount
1	Atiwa East	DACF	28	Jan-Dec 2022	191,951.12
		DACF	66	Feb-Dec 2022	1,239,097.79
2	Ayensuano	Msharp	1	August 2022	9,100.00
		MPCF	5	Sept 2022	190,392.60
3	Suhum	PWD	9	May- Dec 2022	51,117.36
	Upper Manya	Msharp	1	May 2022	7,000.00
4	Krobo	DACF	3	Nov-Dec 2022	155,770.00
	Total		113		1,844,428.87

- 279. The lapse would not enhance financial reporting of the Assemblies.
- 280. We recommended to Management of the Assemblies to ensure that all payments are made using GIFMIS and the Coordinating Directors and Finance Officers sanctioned.

Unutilised HIV/AIDS funds

- 281. Section 7 of the PFM Act, 2016 (Act 921) states among others that a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.
- 282. Contrary to the above law, we noted that Management of Suhum Municipal Assembly failed to utilise an amount of GH¢22,134.39 earmarked for its HIV-AIDS activities. We also noted that the account had been inactive since 2020 without any planned activity. Details are provided below:

No.	Date	Period	Amount
1	1/01/2022	Opening balance	5,777.97
2	20/04/2022	4 th quarter 2020 to 3 rd quarter 2021	8,094.16
3	14/06/2022	4 th quarter 2021	2,023.01
4	09/11/2022	1st and 2nd quarter 2022	4,047.08
5	22/12/2022	3 rd quarter 2022	2,192.17
	22,134.39		

- 283. Failure to utilise the fund to create awareness of the HIV/AIDS and its effects could lead to more people being infected in the Municipality.
- 284. We recommended to Management to liaise with the Municipal Health Directorate to create awareness and also identify people living with HIV-AIDS for support.

Over-utilisation of Common Fund on administration - GH¢371,593.52

- 285. Part 1 of the 2019 Guideline for the utilisation of the District Assemblies Common Fund allows Assemblies to disburse up to 20 percent of their allocation on Administration, comprising 10 percent for administrative expenditure and the other 10 percent for infrastructure, after providing for Government Priority Projects.
- 286. On the contrary, we noted that Management of the Fanteakwa South District Assembly spent GH¢371,593.52 in excess of the required 20 percent on Administration. Details are provided below:

Total	10% Allocation	10% Allocation to	Allocation to	Amount	Excess
Allocation	to	Infrastructure	Administration	Spent	Expenditure
(Receipts)	Administrative	(Projects)(B)	(A+B) 20%		
	Expenditures (A)				
1,643,983.8	164,398.38	164,398.38	328,796.76	700,390.28	371,593.52

- 287. This action of Management resulted in the reduction of funds earmarked for development projects thereby impacting negatively on planned project execution.
- 288. We recommended to Management of the Assembly to refund the excess expenditure of GH¢371,593.52 from the IGF account into the DACF account.

Contract Irregularities

Completed projects not put to use - GH¢1,089,445.59

- 289. Section 52 of the PFM Act, 2016 (Act 921) requires Principal Spending Officers of covered entities to institute proper control system to prevent losses and wastage.
- 290. We however noted that three projects belonging to the underlisted Assemblies which were completed at a total cost of GH¢1,089,445.59 had not been put to use for periods ranging between eight and 12 months.

Assembly	Project	Date of	Period of	Total

	Total			1,089,445.59	

- 291. Apart from denying the beneficiary communities the use of the facilities, the various Assemblies, over time, would require additional resources to renovate them due to deterioration.
- 292. We recommended to Management of the Assemblies involved to address the issues hindering the use of the facilities and put them to use for the benefit of the communities.

Delayed/abandoned projects - GH¢4,127,838.28

293. Contrary to Section 52 of the PFM Act, 2016 (Act 921), we noted that eight Assemblies expended a total amount of GH¢4,127,838.28 on 19 projects whose completion had either delayed or been abandoned. Details are provided below:

Assembly	No of	Expected	Period	Contract	Total		
	Project	Completion	of	Sum	Payment	Status	Reasons

294. This could lead to cost overruns to the detriment of other development projects within the Districts and Municipalities.

295. We recommended that Management of the Assemblies should prioritise and complete the on-going projects before new ones are undertaken.

Non-functioning boreholes - GH¢66,129.00

296. Contrary to Section 52 of the PFM Act, 2016 (Act 921), we noted from our project inspection in Ayensuano District that two out of six boreholes located at Ntowkrom and Yakoko communities constructed by Messrs. Dynamic Projects at a total cost of GH¢66,129.00 were inoperative. We also noted that the Coordinating Director of the Assembly wrote to the Contractor on rectification of the defects in August 2022 but the boreholes remained unfixed. Consequently, the Assembly had lost funds and also, the two communities were deprived of good drinking water.

297. We recommended to Management to ensure that the Contractor corrects the defects on the two boreholes at no cost to the Assembly or his retention amount should be used as such.

Sanitation Management Irregularities

Sanitation equipment not supplied and not replaced.

298. Clause 1(d) and Schedule 1 of the Service Agreement for Sanitation Improvement Package (SIP) signed between Zoomlion Ghana Ltd (ZGL) and the underlisted Assemblies requires ZGL to deliver to the Assemblies a quantity of refuse trucks and solid waste containers for the collection of waste at quarterly service fee deducted at source by the Administrator from DACF allocation. Also, Section 7 of the PFM Act, 2016 (Act 921) states among others that a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.

299. Contrary to the above stated Regulation and Schedule (1) of the SIP Service Agreement signed between ZGL and the Assemblies for supply of sanitation equipment and haulage of solid waste, we noted that the Company did not supply six trucks and four containers to the underlisted Assemblies.

Assembly	Contract Date	Fee per Quarter	Type of Equipt.	Contract Qty.	Qty. Supplied	Qty. Not Supplied	Default Period	Remarks

	Total			73	69	4		

300. Also, Clause 3(d) of the agreement required ZGL to repair or replace any equipment that got damaged as a result of normal wear and tear upon being notified by the Assembly. We noted instances of four trucks and eight containers damaged or worn out which had not been replaced and the Assemblies not notifying ZGL to replace or repair them contrary to the Agreement. Details are provided below:

Assembly	Contr act Date	Fee per Quarter	Type of Equipt.	Contract Qty.	Qty. Supplied	Qty Damaged	Default Period	Remarks

- 301. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.
- 302. The non-supply and non-replacement of the equipment affected refuse management within the communities which could result in pandemics such as cholera outbreak if not remedied.
- 303. We recommended to Management of the Assemblies involved to ensure that ZGL supply the outstanding refuse containers and trucks and also replace the damaged trucks and containers without further delay. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Over deduction for service delivery fee by the Administrator of DACF

- 304. Clause 6 of the fumigation and SIP service agreements between the Assemblies and ZGL made provision for future review of fees due to economic conditions, but such reviews should be communicated to those charged with governance of the Assembly.
- 305. We however noted that the quarterly fee deductions by the Administrator from the Assemblies' share of Common Fund to ZGL was increased from the third quarter of 2022 without notice to the Assemblies. Details are provided below:

Name of	Service	Agreed Amount		Excess	0/0
Assembly	Assembly		Charged	Amount	Overpayment
Fanteakwa	SIP	53,187.50	85,100.00	31,912.50	60.0
South	Fumigation	50,312.50	80,499.00	30,186.50	30.2

	Fumigation	50,312.50	65,750.00	15,437.50	15.4
	Total	207,000.00	300,492.75	93,492.75	45.1

^{306.} The lapse could throw the budget of the Assemblies into disarray and negatively affect their work plan.

307. To enable the Assemblies implement their planned activities and for value for money to be achieved for payments made, we recommended that both parties should comply with the provisions of the agreements.

Procurement and stores Irregularity

Uncompetitive procurement

308. Section 20 of the Public Procurement (Amendment) Act, 2016 (Act 914) requires, a procurement entity to request for quotations from as many suppliers or contractors as practicable, but from at least three different sources, which should not be related in terms of ownership, shareholding or directorship.

309. We however noted that three Assemblies procured goods and services totalling GH¢141,194.60 via seven payment vouchers without seeking for alternative quotations from other prospective suppliers and service providers or approval from the Public Procurement Authority to engage in single source procurement. Details are provided below:

Assembly	Nature of Transaction	Payee	No. of PVS	Amount
Ayensuano	Payment for repair of	Plant Pool Ltd	1	45,000.00
	Assembly's grader			
Suhum	Payment for farmers day	Mart Cobby	3	96,194.60
	celebration and payment	Ventures, Pankomat		
	for food for a major	Ent. and Nana A.		
	desilting of drains in	Sarpong Trading Ent.		
	Suhum township			
	Total		4	141,194.60

- 310. The use of single source procurements did not guarantee fair pricing.
- 311. We recommended that the Coordinating Directors and Finance Officers of the Assemblies involved should comply with the relevant provisions of the Procurement Act.

Tax Irregularity

Un-deducted/unremitted taxes - GH¢23,921.35

312. Sections 116 and 117 of Income Tax Act, 2015 (Act 896) requires the Assemblies as withholding agent to deduct applicable taxes from payments for goods, works and services, and to remit the amounts deducted to the Commissioner-General of the Ghana

Revenue Authority within 15 days after the end of the calendar month a tax that has been withheld.

313. On the contrary, we noted that three Assemblies did not deduct/remit taxes of GH¢23,921.35 from payments made to suppliers. The details are provided below:

No.	Assembly	Tax not	Tax not	Total
		deducted	remitted	Amount
1	Akwapem North	-	14,733.40	14,733.40
2	Kwaebibirem	1,594.99	1,914.60	3,509.59
3	Ayensuano		3,190.75	3,190.75
		2,487.61	-	2,487.61
	Total	4,082.60	19,838.75	23,921.35

- 314. As a result, tax revenue targets of the State might not be achieved.
- 315. We recommended to Management of the Assemblies to ensure compliance with the relevant provisions in the tax law and also, the Finance Officers should be personally held liable for payment of any penalties.

GREATER ACCRA REGION

Introduction

316. For the 2022 financial year, the total Common Fund allocation to the 29 Assemblies in the Greater Accra Region was GH¢64,173,315.1, out of which GH¢13,779,351.18 was deducted at source in favour of service providers of the Assemblies leaving net cash transfers of GH¢50,393,963.98 representing 78.53 percent of the total allocations. The breakdown of the allocations to the Assemblies are provided in Appendix 'A'.

Cash Irregularities

Unsupported payments - GH¢49,472.20

317. Regulation 78 of the PFMR, 2019 (L.I. 2378), provides that a principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each

payment of that covered entity that evidence of services received, certificates for work done and any other supporting documents exists.

318. We however noted that Accra Metropolitan Assembly (AMA) made total payments of GH¢49,472.20 for the supply of items for Muslim celebration and MP's educational support without the relevant supporting documents to authenticate the payments. Details are provided below:

No.	PV No.	Details	Payee	Amount	Funding	Remarks
	& Date		_		Source	
1	AMA/IGF/GS/ 092/09/22/PYA	Release for administrative	MCD	7,500.00	DACF	No retiring document
	of 13/5/22	expenses				
2	AMA/OKS/MP/ 01/09/22 of 8/9/22	Release of funds from Okaikwei South MPs C.F as Financial Support	Asante Prince	16,000.00	MPCF	Application attached but list of beneficiaries and their details are not attached
3	MA/ABS/MP/ 02/04/22 of 25/4/22	Release for the supply of items for the Muslims in Ablekuma South Constituency	Abubak ar Sule	25,927.20	MPCF	No Receipt and distribution list
		Total		49,472.20		

^{319.} Payments made without the relevant expenditure documents have the tendency of not being used for the intended purposes and also undermine accountability.

320. We recommended recovery of the amount of GH¢49,472.20 from the Coordinating Director and the Finance Officer into the DACF accounts of the Assembly in the absence of accountability of the payments.

Non-utilisation of MP's share of Common Fund

- 321. Part III of the 2019 DACF Guidelines on Utilisation of Common Fund indicate that the Reserve Fund allocated to MPs for Parliamentary Constituency Labour Projects shall be utilised for projects selected and approved by the Member of Parliament.
- 322. We however noted that, the MP for Ledzokuku Constituency did not undertake social intervention activities budgeted to cost GHg240,000.00 even though the MP's

Common Fund account had accrued a total amount of GH¢401,894.53 as of 31 July 2022. The MP explained that the delay in utilisation of the funds was as a result of some technical issues and his office was taking steps to execute all the outstanding projects.

- 323. The Municipality has been denied benefits of social intervention projects and assistance.
- 324. We recommended that Management of the Ledzokuku Municipal Assembly should liaise with the MP to ensure utilisation of the funds on social intervention projects and activities for the benefit of the Municipality.

Contract Irregularity

Completed projects not in use - GH¢678,780.65

- 325. Section 52 of the PFM Act, 2016 (Act 921) requires Principal Spending Officers of covered entities to institute proper control system to prevent losses and wastage.
- 326. On the contrary, we noted that Ningo Prampram District Assembly completed three projects for which total payments of GH¢678,780.65 was made but had not been put to use. Details are provided below:

Project description	Date completed	Idle period	Reason for non-usage	Total Payment
Construction of 30-unit market sheds at Miosto	Nov. 20	25 Months	Traders unwilling to relocate due to distance	240,511.00
Rehabilitation of Prampram market	Aug. 19	40 Months	Traders unwilling to relocate due to distance	87,355.00
Conversion of Post Office to a Police Post at	Jun. 20		Lack of accommodation for Police Officers	182,288.65
Agomeda		30 Months		
10-Seater WC facility Doryumu	Jun. 21	18 Months	Lack of water	168,626.00
	Tot	al		678,780.65

327. Failure to use the projects denied the communities of their benefits and defeated the purposes for investing a sum of GH¢678,780.65 in the projects.

328. We recommended to Management of the Assembly to provide the outstanding ancillaries to enable the communities benefit from the projects. We also recommended that Management, should in future, be proactive and involve relevant stakeholders when undertaking projects and also make provision in project budgets for ancillary facilities deemed necessary to put the project to immediate use after completion.

Sanitation Management Irregularity Non-supply and repair of SIP equipment

329. Clause 1(d) and Schedule 1 of the Service Agreement for Sanitation Improvement Package (SIP) signed between Zoomlion Ghana Ltd (ZGL) and the underlisted Assemblies requires ZGL to deliver to the Assemblies a quantity of refuse trucks and solid waste containers for the collection of waste at quarterly service fee deducted at source by the Administrator from DACF allocation. Also, Section 7 of the PFM Act, 2016 (Act 921) states among others that a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.

330. Contrary to the above, our review revealed that ZGL did not supply six Assemblies with five skip trucks and 21 containers. We also noted that only one of the six Assemblies notified ZGL of the unsupplied equipment. Details are provided below:

Assembly	Contract Date	Fee per Quarter	Type of Equipt	Contract Qty.	Qty. Supplied	Qty Not Supplied	Default Period	Remarks

- 331. We also noted that Clause 5 (iii) of the Agreement required ZGL to replace or repair damaged equipment upon being notified by the Assembly provided that the defect or damage was not caused through the negligence of the Assembly. Our inspection disclosed that three Assemblies had seven damaged containers which had neither been replaced nor repaired by ZGL.
- 332. We however noted instances of the Assemblies not notifying ZGL of outstanding liabilities contrary to provisions in the agreement. ZGL also took away two containers from Accra Metro and Adenta Assemblies which were yet to be returned. Details are provided below:

Assembly	Contract	Fee per	Type of	Contract	Qty.	Qty	Default	Remarks

- 333. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.
- 334. Failure to deliver the equipment negatively affected the management of solid waste in the communities and also constituted loss of funds to the Assemblies.
- 335. We recommended to Management of the Assemblies involved to ensure that ZGL supply the outstanding refuse containers and trucks and also replace the damaged trucks and containers without further delay. We also recommended that Management of the

Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Tax Irregularity

Un-deducted taxes - GH¢52,725.00

- 336. Section 116 of the Income Tax Act, 2015 (Act 896), as amended, requires a resident person, other than an individual, to withhold tax of 7.5% on gross amount of payment for the supply of services in respect of a contract between the payee and the resident person.
- 337. Contrary to the above provision, we noted that Management of Accra Metro made 23 payments totalling GH¢703,000.00 to service providers but failed to withhold the required 7.5% tax amounting to GH¢52,725.00.
- 338. The Finance Officer explained that the contract works were carried out under emergency resulting in the inability of the Assembly to make the tax deductions.
- 339. Such practice undermines tax revenue mobilisation efforts of the State.
- 340. We recommended to Management of the Assembly to comply with the relevant provisions of the tax laws in making payments. We also recommended that the Finance Officer should be held personally liable for any penalties imposed arising from non-compliance to the tax laws.

NORTH EAST REGION

Introduction

341. For the 2022 financial year, total allocations to the six Assemblies in the North East Region were GH¢7,779,487.43. Out of this amount, a sum of GH¢2,299,931.80 was deducted at source in favour of the Assemblies' Service Providers leaving net cash transfers of GH¢5,479,555.64 or 70.44 percent of the total allocations shown in Appendix 'A'.

Contract Irregularity

Abandoned Projects - GH¢342,555.70

- 342. Section 52 of Public Financial Management Act, 2016 (Act 921) requires, a Principal Spending Officer of a covered entity, to be responsible for the assets of the institution under the care of the Principal Spending Officer and shall ensure that proper control systems exist for the custody and management of the assets.
- 343. We noted that two Assemblies paid a total amount of GH¢342,555.70 on two projects that were at various stages of completion but had been abandoned. Details are provided below:

S/N	Assembly	Project	Expected	No. of	Contract	Total	0/0
		Description	completion	months	Sum	Payment	Completed
			Date	delayed			
1	West	Completion	29/11/2021	13	451,046.14	314,555.70	85

		Nyamusai					
	To	tal			610,477.69	342,555.70	

- 344. Management explained that the projects were abandoned due to lack of funds.
- 345. The delay in executing the projects could lead to cost overrun.
- 346. We recommended to management of the Assemblies to ensure that priority is given to abandon or delayed projects before new ones are awarded to avoid the situation where funds are locked-up unnecessarily.

Sanitation Management Irregularities

Failure to replace/repair broken-down Zoomlion skip trucks.

- 347. Clause 3 of the Service Agreement of Sanitation Improvement Package (SIP) between Zoomlion Ghana Ltd and the MMDAs in 2019 requires Zoomlion Ghana Ltd to provide Skip Trucks and communal refuse containers to the Assemblies and repair and replace the equipment used for the refuse collections upon being notified by the Assembly of any damage or defect.
- 348. Contrary to above agreement, we noted that Zoomlion Ghana Ltd failed to replace or repair refuse trucks of four Assemblies as stipulated in the service agreement despite several reminders to the company by management. Details are provided below:

S/N	Name of Assemblies	Vehicle No.	No of Trucks
1	Mamprugu Moagduri District Assembly	GS 6609-12	1
2	East Mamprusi Municipal Assembly	GW 598-Z	1
3	Yunyoo-Nasuan District Assembly	GT 6424-18	1
4	Chereponi District Assembly	GW 590-Z	1

- 349. This could affect effective service delivery of sanitation within the districts.
- 350. We recommended to the Chief Executives and the Coordinating Directors of the respective Assemblies to demand replacement of the damaged equipment from Zoomlion Ghana Ltd or get a proportionate refund of the contract sum from the company.

NORTHERN REGION

Introduction

351. In 2022, total allocations to the 16 Assemblies in the Northern Region were GH¢20,488,132.36. A sum of GH¢6,513,452.69 was deducted at source from the total allocated amount in favour of the Assemblies' Service Providers leaving net cash transfers of GH¢13,974,679.67 or 68.21 percent of the total allocations shown in Appendix 'A'.

Cash Irregularities

Unsupported Payments: - GH¢20,463.00

- 352. Regulation 78 of Public Financial Management Regulations, 2019 (L.I. 2378), requires that a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of that covered entity that evidence of services received, certificates of work done, and other supporting documents exists.
- 353. On the contrary, we noted that Savelugu Municipal Assembly paid GH¢20,463.00 on eight payment vouchers to eight persons as school fees without obtaining receipts from the schools to authenticate the payments. Details are below:

Date	PV No.	Details	Payee	Amount
21-12-22	55/12	Payment to support school fee	Abraham Moses	1,621.00
21-12-22	57/22	Payment to support school fee	Salifu Barikisu	2,055.00

21-12-22	59/22	Payment to support school fee	Abdul-Rahim	2,500.00
			Nantongma	
21-12-22	60/12	Payment to support school fee	Alhassan	3,179.00
			Mohammed Bawa	
22-12-22	61/12	Payment to support school fee	Amaara David	1,608.00
			Adaawin	
21-12-22	54/12	Payment to support school fee	Hakeem Yahaya	5,000.00
21-12-22	56/22	Payment to support school fee	Mustapha Ibrahim	2,500.00
	•	Total		20,463.00

- 354. This could lead to loss of funds to the Assembly.
- 355. We recommended recovery of GH¢20,463.00 from the Coordinating Directors and the Finance Officers and pay same into the Auditor-General's Recovery account number 1018331470015 at Bank of Ghana.

Failure to allocate funds to sub-structures - GH¢74,270.22

356. Section 126 of the Local Governance Act, 2016 (Act 936) and Part I, Section 3 of the Guidelines for the Utilisation of the DACF for 2019, it is mandatory that up to 2% of the

Assembly's total DACF receipts after provision of funds for the mandatory projects, are used in establishing and strengthening of Sub-District structures.

357. Contrary to the above provisions, management of Karaga and Saboba District Assemblies failed to support their Sub-structures with an amount of GH¢74,270.22 being the required 2% of the Assembly's share of total DACF allocations of GH¢3,713,529.01 received in 2022 for the activities of their Sub-district structures. Find Details below:

No.	Assembly	Total Releases	2% Share
1	Karaga District	1,486,986.10	29,739.72
2	Saboba District	2,226,524.91	44,530.50
	Total	3,713,529.01	74,270.22

- 358. Management explained that the anomaly was because of lack of capacity, office infrastructures and bank accounts for the operation of the sub-structures.
- 359. This situation could affect the Assemblies' sub-structures capacity to contribute effectively towards the development of the districts.
- 360. We recommended that management of the Assemblies should strictly adhere to the guidelines on DACF and transfer the required amounts to the respective Sub-District structures to enhance their operations.

Fraudulent withdrawals (PWD)

- 361. Section 52 of the Public Financial Management Act, 2016 (Act 921) requires, Principal Spending Officers to establish proper control systems for the custody and management of assets of the covered entity that would eliminate theft wastage and misuse.
- 362. Our review at the Savelugu Municipal Assembly however revealed that, a Principal Account Technician, Mohammed Baba Tanko with staff ID No. 1414134 forged the signatures of the MCE, MCD, MFO, Budget Officer and the Secretary to the Disability Fund Management Committee on both Warrants and 16 Payment Vouchers and withdrew the sum of GH¢19,170.00 from the PWD Account. He did that by Replicating and attaching warrant number 22745379 to all the affected Payment Vouchers.

- 363. At the instance of the audit, management recovered the amount of GH¢19,170.00 from Mr Mohammed Baba Tanko and paid same into the assembly's account.
- 364. We recommended that management should refer the case to Ghana Police Service, Savelugu for prosecution.

Contract Irregularity

Abandoned Projects - GH¢532,459.28

- 365. Section 52 of the PFM Act, 2016 (Act 921) requires, the Coordinating Directors, as principal spending officers to institute proper control systems in the use of assets to prevent losses and wastage.
- 366. We however noted that management of Tolon District Assembly expended a total amount of GH¢532,459.28 for the execution of seven projects which were at various stages of completion. The projects which were awarded between October 2009 and June 2019 had stalled for 3 to 8 years. Details attached below:

- 367. Irregular flow of common fund releases caused the infraction.
- 368. We recommended to management of the Assembly to put the awarding of new projects on hold and use all the available resources at their disposal to complete the existing stalled projects for the benefit of the communities before awarding new projects.

Sanitation Management Irregularities

Failure to supply Equipment for Sanitation Improvement Package (SIP) in the District.

- 369. We noted during our review of SIP service agreement signed between Nanumba South District Assembly and Zoomlion Ghana Limited (ZGL) in January 2019 that, ZGL was supposed to supply the Assembly with some machinery and equipment for sanitation improvement in the district including 2 skip refuse trucks and 11 solid cubic waste containers, but our audit checks revealed that the Assembly received only 1 skip refuse truck and 7 solid waste containers.
- 370. Further checks from management of the Assembly indicated that, the Environmental Health Officer failed to write formally to Zoomlion Ghana Limited

requesting for the supply of the 4 more containers and 1 additional skip truck to help improve the sanitation condition of the district as stated in the service agreement.

- 371. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.
- 372. We recommended to management of Nanumba South District to ensure that Zoomlion Ghana Ltd supply the remaining one skip truck and the four refuse containers without further delay. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Damaged Sanitation Improvement Package (SIP) equipment not replaced.

- 373. Clause 3 of the Service Agreement of Sanitation Improvement Package (SIP) between Zoomlion Ghana Ltd and the MMDAs in 2019 requires Zoomlion Ghana Ltd to provide Skip Trucks and communal refuse containers to the Assemblies and repair and replace the equipment used for the refuse collections upon being notified by the Assembly of any damage or defect.
- 374. Our inspection of the trucks and refuse containers at various locations within three Assemblies revealed that, Zoomlion Ghana Ltd failed to replace four skip trucks and 16 refuse containers which were damaged beyond repairs, affecting the smooth operations of sanitation services. Details provided below:

No.	Assembly	No. of broken- down skip trucks	No. damaged refuse containers
1	Tamale Metropolitan	-	8
2	Gushegu Municipal	2	2
3	Karaga District	2	6
	Total	4	16

375. We recommended to the Chief Executives and the Coordinating Directors of the respective Assemblies to demand replacement of the damaged equipment from

Zoomlion Ghana Ltd or get a proportionate refund of the contract sum from the company.

Procurement and Store Irregularity

Payment for Dual Desks not supplied - GH¢17,500.00

376. Section 78 of the Public Financial Management Regulations, 2019 (L.I. 2378) provides that a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of that covered entity the validity, accuracy and legality of the claim for payment.

377. Management of Savelugu Municipal Assembly on 5/10/2022 paid GH¢59,500.00 from MP's Common fund account on P.V number 5/10/2022 to 'Gizo Legacy' for supply of 170 desks. We however noted during our follow up at various schools that, 50 desks at the cost of GH¢17,500.00 was not supplied to three schools. Details are provided below:

Name Of School	Quantity Not Supplied	Amount
Yoo R/C Primary School	20	7,000.00
		,
Dikpungni M/A Primary	20	7,000.00
Zonchagni Methodist	10	3,500.00
Total	50	17,500.00

- 378. This could lead to loss of funds to the Assembly.
- 379. We recommended to management to compel 'Gizo Legacy' to supply the desks to the three schools' failure of which the MCD and MFO should refund the GH¢17,500.00 into the Auditor-General's Recovery Account no. 1018331470015 at Bank of Ghana.

Tax Irregularities

Failure to Remit withheld taxes: GH¢68,503.53

380. Section 117 of Income Tax Act, 2015 (Act 896) requires Assemblies to pay withheld taxes to the Commissioner General of Ghana Revenue Authority within 15 days after the end of the calendar month in which the taxes were collected.

381. On the contrary, the Municipal Finance Officers of two Assemblies withheld taxes totalling GH¢68,503.53 from payments to suppliers but failed to remit the taxes to the commissioner-General of the Ghana Revenue Authority. Details are below:

No.	Assembly	No. of	Source of	Gross Amt	Tax Amt
		Transactions	fund		
1	Nanumba North	15	DACF	1,180,553.71	57,569.27

		3	MP's CF	225,270.00	9,797.50
	Total	19		1,444,615.71	68,503.53

- 382. This could lead to loss of funds to the state.
- 383. We recommended that the Finance Officers and Municipal Coordinating Directors should remit the amount of GH¢68,503.53 to Ghana Revenue authority without further delay.

Payment of VAT without Invoices - GH¢3,282.68

- 384. Section 41 of the Value Added Tax Act, 2013, Act 870 states that, a taxable person shall, on making a taxable supply of goods or services, issue to the recipient, a tax invoice in the form with the details that are prescribed by the Commissioner-General.
- 385. On the contrary, management of two Assemblies paid an amount of GH¢83,792.00 with a VAT component of GH¢3,282.68 to suppliers without obtaining the VAT invoices to support the payments. Details are shown below:

No.	Assembly	No.	Nature of Transaction	Gross Amt	VAT
		PVs			Amt
1	Savelugu	1	13 deep freezers & 6	38,792.00	1,551.68

			Streetlight from		
			Sabegu Doo Ent.		
	Total			83,792.00	3,282.68

386. This could deny the state tax revenue of GH¢3,282.68.

387. We recommended that the Finance Officers should recover the GH¢3,282.68 from the payees and pay same to GRA failure of which the Coordinating Directors and the Finance Officers should refund the amount to GRA.

OTI REGION

Introduction

388. For the 2022 financial year, total allocations to the nine Assemblies in the Oti Region were GH $^{\circ}$ 9,923,626.58. Out of this amount, a sum of GH $^{\circ}$ 3,063,703.74 was deducted at source in favour of the Assemblies' Service Providers leaving net cash transfers of GH $^{\circ}$ 6,859,922.85 or 69.13 percent of the total allocations shown in Appendix 'A'.

Cash Irregularities

Unsubstantiated Payments - GH¢36,000.00

389. Regulation 78 of the Public Financial Regulations, 2019 (L.I 2378) provides that, a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of that covered entity, the validity, accuracy and legality of the claim for the payment and that the evidence of services received, certificate of work done and any other supporting document exists.

390. Contrary to the above, management of two Assembly paid GH¢36.000.00 on four PVs without the relevant expenditure documentation to authenticate the payments. Details are provided below:

S/N	PV Date	PV No.	Details	Payee	Amount	Remarks
	Krachi West Municipal					
1.	21/06/22	1055347	Support for security Agency	MCD	5,000.00	No evidence of payment to any specific Security Agency
2.	10/09/22	4/09/22	MCEs expenses	MCE	5,000.00	No receipts and Invoices
3.	27/07/22	11/07/22	EPA License	DCD	20,000.00	No receipt from EPA.
	Nkwanta Municipal Assembly					
4	04/11/22	33/11/2022		MPO	6,000	Details of expenses not provided
		Total			36,000.00	

- 391. Management attributed the irregularity to oversight.
- 392. This could lead to loss of fund to the Assemblies.
- 393. We recommended recovery of the total amount of GH¢36,000.00 from the Coordinating Directors and Finance Officers and pay same into the Auditor General's Recoveries Account number 1018331470015 with the Bank of Ghana.

Payment vouchers not presented for audit - GH¢20,180.00

- 394. Section 11 of the Audit Service Act, 2000 (Act 584) provides that the Auditor-General or any person authorised or appointed for the purpose by the Auditor-General shall have access to all books, records, returns and other documents including documents in computerised and electronic form relating to or relevant to those accounts.
- 395. On the contrary, management of the Nkwanta South Municipal Assembly paid GH¢20,180.00 on payment voucher number 0335476 of 27/6/22 for capacity building but could neither produce the payment voucher for audit nor produce any evidence to confirm that the training took place.

396. We recommended that the amount of GH¢20,180.00 be recovered from the MCD and Finance officer and pay same into Auditor Generals Recoveries Account number 1018331470015 with the Bank of Ghana.

Contract Irregularity

Abandoned project - GH¢216,360.40

397. Section 52 of the Public Financial Management Act, 2016 (Act 921) requires that a Principal Spending Officer of a covered entity, stated-owned enterprise or public corporation shall be responsible for the assets of the institution under the care of the Principal Spending Officer and shall ensure that proper control systems exist for the custody and management of the assets.

398. On the contrary, management of Nkwanta South Municipal Assembly paid GH¢216,360.40 for the construction of teachers' bungalow, but the project has been abandoned for 21 months. Details provided below:

Project	Location	Contract	Total	Expected	Level Of	Reasons
Description		Sum	Payment	date of	Completi	For

quarters -						

- 399. Management of the Assembly blamed the abandonment of the projects on lack of funds and poor inflow of Common Fund.
- 400. This could lead to cost overruns and lock-up of funds with no benefits to the communities.
- 401. We recommended that management should ensure that the abandoned project is completed before awarding new ones for the community/beneficiaries to derive the intended benefits.

SAVANNAH REGION

Introduction

402. In 2022, total allocation to the seven Assemblies in the Savannah Region was GH¢8,903,112.36. Out of this amount, a total of GH¢2,683,185.52 was deducted at source in favour of the Assemblies' Service Providers leaving a net cash transfer of GH¢6,219,926.84 or 69.86 percent of the total allocations shown in Appendix 'A'.

Cash Irregularities

Unretired Imprests - GH¢72,243.53

403. Regulation 102 of the Public Financial Management Regulations, 2019 (L.I. 2378) stipulates in part that, a Principal Spending Officer shall ensure that a special imprest, issued for making a particular payment, or group of payments is fully retired within ten days after completion of the activity.

404. We noted that five officers of West Gonja Municipal Assembly were granted special imprests totalling GH¢127,235.59 to enable them to undertake various activities on behalf of the Assembly. However, only GH¢54,988.26 was retired, leaving GH¢72,243.39 outstanding, even though, the assignments had been completed. Details are below:

Total		1		127,235.59	54,988.26	72,243.35

405. This could lead to loss of funds to the Assembly.

406. We recommended that management of the Assembly should recover the amount of GH¢72,243.39 from the affected staff and pay same into the Auditor-General's Recovery Account number 1018331470015 with the Bank of Ghana.

Unsupported payments - GH¢42,190.00

407. Regulation 78 of the Public Financial Management Regulations, 2019 (L.I. 2378) stipulates that, a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of that covered entity, that evidence of services received, certificates for work done and any other supporting documents exist.

408. On the contrary, management of three Assemblies could not support 13 payments totalling GH¢42,190.00 with the relevant expenditure documents. Details provided below:

No.	Assembly	Funding source	No. of PVs	Amount
1	East Gonja Municipal	DACF	7	24,110.00
2	North-East Gonja District	DACF	5	12,080.00
3	Central Gonja District	MP's CF	3	6,000.00
	Total	13	42,190.00	

409. Management could not provide the cause of this infraction.

410. We recommended recovery of the amount of GH¢42,190.00 from the Coordinating Directors and the Finance Officers of the affected Assemblies into the Auditor-General's Recovery Account number 1018331470015 with the Bank of Ghana.

Misapplication of PWD fund - GH¢12,900.00

- 411. Section 7 (1) of the Public Financial Management Act, 2016 (Act 921) requires a Principal Spending Officer of a covered entity to ensure the regularity and proper use of money appropriated in that covered entity.
- 412. Our audit revealed that the West Gonja Municipal Assembly withdrew GH¢15,000.00 on PV number 22/12/22 from PWD fund on 5^{th} December 2022 to enable Ghana Blind Union in the Municipality to attend congress in Sunyani. However, only GH¢2,100.00 was paid to the members for the congress and the balance of GH¢12,900.00 was used for administrative expenses.
- 413. Management explained that the Assembly did not have enough funds at the time and that the PWD fund account would be reimbursed from the Internally Generated Fund account as early as possible.
- 414. This practice could impact negatively on the programmes for which the fund was earmarked. Furthermore, the intended beneficiaries may not be able to access the fund.
- 415. We recommended to management of the Assembly to refund the amount of GH¢12,900.00 from their IGF accounts into the PWD accounts without delay. We also recommended management of the Assembly to desist from the practice and strictly comply with the DACF guidelines in future disbursement and management of the PWDs Fund.

Contract Irregularities

Abandoned projects - GH¢661,055.95

416. Contrary to Section 52 of the Public Financial Management Act, 2016 (Act 921), we noted during our review of projects that two Assemblies expended a total amount of GH¢661,055.95 from their Common Fund on five projects which were at various stages of completion but had been delayed or abandoned for periods ranging between 26 and 54 months. Details are provided below:

No	Assembly	Detail of projects	Contractor	Expected	Period of	Payment to	%

- 417. Management attributed the lapse to irregular release of DACF.
- 418. We recommended to management of the Assemblies to ensure that priority is given to the abandoned/delayed projects before new ones are awarded.

Completed project not put to use - GH¢308,693.28

419. Contrary to section 52 of the Public Financial Management Act, 2016 (Act 921), we noted that management of Sawla-Tuna-Kalba on 3 September 2021 awarded construction of slaughterhouse to Tasba Enterprise Limited at a sum of GH¢308,693.28. The project was completed on 24 December 2021 and fully paid for, but management failed to put it to use after one year of its construction due to inappropriate siting of the project.

- 420. The District Environmental Health Officer (DEHO), Mr. Ibrahim Sulemana stated that the project was improperly sited at the marketplace which is always crowded with people and so slaughtering and processing the meat at that location would pose health hazards to the community. The DEHO further said management of the Assembly intended to give it out as office accommodation for Ghana Private Roads and Transport Union (GPRTU).
- 421. The community is not benefiting from the expenditure of GH¢308,693.28.
- 422. We recommended that the DEHO, Dist. Works Engineer, DPO, and the DCD who superintended over the inappropriate siting of the project should be sanctioned in accordance with section 96 of the PFM Act for causing financial loss to the Assembly.
- 423. We further recommended if management has decided to give it out to GPRTU as office accommodation as they suggested then there should be agreement to re-coup the investment.

Overdue indebtedness to a contractor

- 424. Section 33 of the Public Financial Management Act, 2016 Act 921 states, a covered entity shall not enter into any agreement with a financial commitment that binds the Government for more than one financial year or that results in a contingent liability except where the financial commitment or the contingent liability.
- 425. Our audit revealed that the East Gonja Municipal Assembly awarded the Construction of 3-unit classroom block at Kigbatito to M/S Saliha Enterprise at a contract sum of GH¢133,704.50. The project was completed on 31/10/2016 however, only GH¢41,000.00 has been paid leaving a balance of GH¢92,704.50 still outstanding.
- 426. This could lead to judgement debt.
- 427. We recommended to management to prioritise the settlement of the debt to avoid possible legal action by the contractor.

Sanitation Management Irregularities

Skip Loader not supplied.

- 428. Clause 1 of the Service Agreement on Sanitation Improvement Package between Zoomlion Ghana Limited and Sawla -Tuna Kalba District provides for the provision of two Skip Loaders to the Sawla District Assembly to enhance sustainable management of waste.
- 429. On the contrary, our inspection disclosed that Sawla-Tuna-Kalba District Assembly received only one instead of the two Skip Loaders to be provided through the SIP arrangement, though management continued to pay Zoomlion Ghana Ltd for the two Skip Loaders through the quarterly deductions from the DACF.
- 430. Management's inability to officially notify Zoomlion Ghana Ltd of the brokendown skip trucks caused the anomaly.
- 431. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.
- 432. This could affect Zoomlion Ghana Limited in the efficient delivery of sanitation services in the district.
- 433. We recommended that the District Coordinating Director should officially communicate to Zoomlion and ensure that ZGL provides the other skip loader without further delay. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Grounded skip trucks

434. Clause 3 of the Service Agreement of Sanitation Improvement Package (SIP) between Zoomlion Ghana Ltd and the MMDAs in 2019 requires Zoomlion Ghana Ltd (ZGL) to provide Skip Trucks and communal refuse containers to the Assembly and repair and replace the equipment used for the refuse collections upon being notified by the Assembly of any damage or defect.

- 435. Our review at Bole District and West Gonja Municipal Assemblies and our interview with the District/Municipal Environmental Health Officers (DEHO) revealed that two skip refuse trucks with registration numbers GM 4781-12 and GM 1940 -12 respectively provided by ZGL for refuse evacuation had been grounded.
- 436. The vehicles had been parked at the Assemblies premises between 2-5 years without being repaired or replaced by the ZGL despite formal complaints by the Assemblies.
- 437. This could affect efficient refuse management in the two Assemblies.
- 438. We recommended that management should contact ZGL to either repair or replace the refuse trucks, failing which payment to Zoomlion Ghana Limited based on the two trucks should be revised.

Failure to Replace Deteriorated Refuse Containers

- 439. Clause 1 of the Service Agreement on Sanitation Improvement Package between Zoomlion Ghana Limited and Sawla -Tuna Kalba District provides for the provision of 11 solid waste Containers to the Sawla District Assembly to enhance sustainable management of waste.
- 440. Our inspection at sanitation sites of the Assembly revealed that management of Zoomlion Ghana Ltd did not replace or repair three waste containers which had been unserviceable for over 12 months. We also noted that, despite not having the full complement of the equipment, the Assemblies continue to suffer full deductions from their Common Fund allocations. Details are provided below:

- 441. Management's inability to officially notify Zoomlion Ghana Ltd of the damaged refuse container caused the anomaly.
- 442. This has denied the Assembly the services of these equipment needed for efficient management of sanitation in their jurisdiction. The Assembly had therefore been paying for contract provisions not carried out.
- 443. We recommended to management of Sawla -Tuna Kalba District to officially notify Zoomlion Ghana Ltd of the damaged refuse containers and ensure that Zoomlion replace the refuse containers without further delay.

Double payment for evacuation of refuse - GH¢9,500.00

- 444. Section 52 of the Public Financial Management Act, 2016 (Act 921) requires that a Principal Spending Officer of a covered entity, state-owned enterprise or public corporation shall be responsible for the assets of the institution under the care of the Principal Spending Officer and shall ensure that proper control systems exist for the custody and management of the assets.
- 445. Bole District Assembly had a service agreement with Zoomlion Ghana Limited (ZGL) under which ZGL, provides sanitation services (evacuation of refuse) for a quarterly fee.
- 446. We however noted that management paid GH¢9,500.00 to M/S Bamutu Enterprise on PV No. 02/08/2022 on 16/08/2022 for the evacuation of refuse within Bole township which should have been evacuated by ZGL under the service agreement.
- 447. The District Engineer indicated that, the expenditure was a result of consistent calls from residents of the area for the refuse to be evacuated.
- 448. We recommended to management to recover the amount of GH¢9,500.00 from the DCD and the DFO and pay same to the Auditor General's Recovery Account.

Procurement and Store Irregularity

Procurement without alternative quotations

- 449. Section 20 of the Public Procurement (Amendment) Act, 2016 (Act 914) provides that the procurement entity shall request for quotations from as many suppliers or contractors as practicable but shall compare quotations from at least three different sources that should not be related in terms of ownership, shareholding or Directorship.
- 450. Contrary to the above, management of North Gonja District Assembly did not obtain alternative quotations from other sources before procuring goods and services worth GH¢89,100.00. Details shown below:

PV No	Date	PV	Payee	Description of	Amount
		Amount	-	Payment

			Co. LTD	pump	
	•	Tota	<u>1</u>		89,100.00

- 451. This could lead to payment of higher prices than what prevails in the market.
- 452. We recommended that future procurements of the Assemblies should be in line with the relevant provisions of the Procurement Act. We also recommended that the Coordinating Directors of the Assembly should be sanctioned in accordance with Section 51 of the Public Procurement (Amendment) Act, 2016 (Act 914).

Tax Irregularities

Taxes not withheld/remitted - GH¢17,005.64

- 453. Section 116 of the Income Tax Act, 2015 (Act 896) provides that a resident person (other than an individual) shall withhold tax at the specified rate on the gross amount of a payment. Section 117 of Act 896 also requires a withholding agent to pay to the Commissioner General of Ghana Revenue Authority within 15 days after the end of each calendar month, a tax that has been withheld during the month.
- 454. We however noted that, three Assemblies either did not withhold or remit withholding taxes of GH¢17,005.64 to the Ghana Revenue Authority in violation of the provision of the Act. Details are provided below:

No.	Assembly	Account	Taxes not withheld GH¢	Unremitted taxes GH¢	Total
1	North Gonja District	DACF	4,421.00	-	4,421.00
2	East Gonja Mun.	DACF	3,319.38	-	3,319.38
		DACF	-	4,155.63	4,155.63
3	West Gonja Mun.	DACF		5,109.63	5,109.63
	Total		7,740.38	9,265.26	17,005.64

- 455. This could lead to loss of tax revenue to the state.
- 456. We recommended that the Finance Officers should personally pay the undeducted tax of GH¢7,740.38 and the unremitted tax of GH¢9,265.26 to GRA.

Failure to obtain VAT invoices - GH¢1,841.53

457. Section 3 of the Value Added Tax (Amendment) Act, 2022 (Act 1082) states, except as otherwise provided in this Act, a taxable person shall, on making a taxable supply of goods or services, issue to the recipient, a tax invoice in the form and with the details that are prescribed by the Commissioner-General. A taxable person shall issue a tax invoice through a Certified Invoicing System; and ensure that the Certified Invoicing System of the taxable person is integrated into the invoicing system of the Commissioner-General.

458. In contravention of the above, management of East Gonja Assembly paid an amount of GH¢46,364.21 with a VAT component of GH¢1,841.53 to suppliers without obtaining the VAT invoices to support the payments. Details shown below:

Date	PV. No.	Supplier	Items supplied	Gross	VAT
				Amount	Amt.
22/09/22	34/07	Sukida Man	Cement and	20,000.00	800.00
		Cement Stores	Roofing Sheets		
6/7/2022	10/07	C-90 Enterprise	Sanitary items	6,941.13	272.30
20/07/22	23/07	Wiisiwia	Food Stuff	19,423.08	769.23
		Enterprise	Procured		
	Total			46,364.21	1,841.53

- 459. The situation could deprive government a tax revenue of GH¢1,841.53.
- 460. We recommended to Management to recover the amount of GH¢1,841.53 from the payees and pay same to the GRA.

UPPER EAST REGION

Introduction

461. For the 2022 financial year, total allocations to the fifteen (15) Assemblies in the Upper East Region were GH¢18,128,042.82. Out of this amount, GH¢6,019,799.95 was deducted at source in favour of the Assemblies' Service Providers leaving net cash transfers of GH¢12,108,242.87 representing 66.79 percent of the total allocations shown in Appendix 'A'.

Cash Irregularities

Payments not processed through the GIFMIS system

462. Regulation 83 of the Public Financial Management Regulations, 2019 (L I 2378) requires that all payments for expenditure of covered entities shall be made through the Ghana Integrated Financial Management Information System.

463. We noted that Tempani District Assembly during the year processed three payment vouchers totalling Gh¢88,173.25 from common fund Account without recourse to the Ghana Integrated Financial Management Information System (GIFMIS). Details are below:

Date	Cheque No.	Account	Payee	Details	Amount
4/5/22	375	DACF	AS TARAM company	payment for fuel consumed	25,243.00
9/1/22	9004001	MP	Magtheobed Ent.	payment for re- roofing of ripped off schools	50,930.25
7/7/22	535	DACF	AS TARAM company	payment for fuel consumed	12,000.00
Total					88,173.25

- 464. Management could not provide the cause of the anomaly.
- 465. Failure to process payment transactions through GIFMIS could compromise transparency and accountability in the public expenditure management process.
- 466. We recommended that, the appropriate sanctions under the Public Financial Management Act should be meted out to the DCE, DCD and the DFO for non-compliance.

Non-recovery of Judgement Debt - GH¢99,818.06

- 467. Regulation 32 of the Public Financial Management Regulations, 2019 (L.I. 2378) requires a principal spending officer of a covered entity to take effective and appropriate steps to collect money due to the covered entity.
- 468. The Director of Architectural and Engineering Services Limited (AESL), Bolgatanga, issued an overstated certificate on the construction of 3 storey Assembly complex, Builsa North Sandema, leading to overpayment of GH¢99,818.06 to Messrs Bisco Tesco Enterprise. The Bolgatanga High court in October 2017 ordered recovery of an amount of GH¢99,818.06. the court further ordered the Assembly and Registrar of the court to make formal complaint to the Regional Police Headquarters to investigate and

identify the officers of the Assembly involved in the overpayment, for the amount of GH¢99,818.06 with interest to be recovered from Director of AESL, the contractor and officials of the Assembly involved.

- 469. We however noted that management of the Assembly failed to execute the court order after five years of the court order.
- 470. This has led to loss of fund to the Assembly.
- 471. We recommended that management should enforce the court order and ensure recovery of GH¢99,818.06 with the associated interest without further delay and pay same into the Auditor General's Recovery Account no. 1018331470015 at the Bank of Ghana.

Payment not fully accounted for - GH¢29,021.14

- 472. Regulation 78 of Public Financial Management Regulations, 2019 (L.I. 2378) requires, a principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of that covered entity, the validity, accuracy and legality of the claim for the payment; that the evidence of service received, certificates for work done and any other supporting documents exist.
- 473. We noted that management of two Assemblies made payments totalling GH¢71,379.30 on 14 vouchers but accounted for only GH¢42,358.16 leaving a balance of GH¢29,021.14 not accounted for. Details are below:

Assembly	No of PVs	Amount Paid	Amount Accounted for	Amount Outstanding	
Builsa South District	9	42,710.00	30,885.00	11,825.00	
Bawku West District	5	28,669.30	11,473.16	17,196.14	
Total	14	71,379.30	42,358.16	29,021.14	

474. The lapse could lead to loss of funds to the Assembly.

475. We recommended that the difference of GH¢29,021.14 be recovered from the payees and pay same into the Auditor General's Recovery Account no. 1018331470015 at the Bank of Ghana.

Failure to allocate resources to Sub-structures - GH¢22,906.37

- 476. Part I, Paragraph 3 of the 2019 Guidelines for the Utilisation of the DACF requires that up to 2% of the DACF receipts should be used for the establishment and strengthening of the town, urban, zonal and area councils.
- 477. On the contrary, we noted that management of Nabdam District Assembly did not allocate up to 2% of the DACF amounting to GH¢22,906.37 for the activities of the Sub-District structures. Details provided below:

Date	Quarters	Amount	2%
Received		Received	Allocation
28/3/22	3rd quarter 2021 Common Fund allocation	261,554.97	5,231.10
28/3/22	50% 2 nd quarter 2021 Common Fund	130,777.48	2,615.55
	allocation		
31/10/22	2 nd quarter 2022 Common Fund allocation	261,554.97	5,231.10
1/11/22	1st quarter 2022 Common Fund allocation	261,554.97	5,231.10
15/12/22	3 rd quarter 2022 Common Fund	229,876.21	4,597.52
	allocation		
	Total	1,145,318.6	22,906.37

- 478. Non-compliance with the provision of the above Guidelines by the Assembly could render the sub-structures ineffective in implementing their programs and activities.
- 479. We recommended to management to ensure that the total amount is transferred to the sub-structures.

Over-utilisation of DACF on recurrent expenditure - GH¢1,535,660.05

- 480. By Part I of the 2019 Guidelines for the Utilisation of the District Assemblies Common Fund, Assemblies are to spend up to 20% of the Common Fund on recurrent expenditure.
- 481. However, we noted that management of two Assemblies expended a total amount of GH¢2,422,921.64 representing 54.62% of the total gross DACF allocation on recurrent expenditure instead of GH¢887,261.59. This has resulted in a total excess expenditure of GH¢1,535,660.05 over the allowed limit. Provided below are details.

No	MMDAs	Total	20%	Actual	Excess	Percentage
		DACF	allowable	disbursement	disbursement	overspent
		allocation	recurrent	on recurrent	on recurrent	on
		(Gross)	expenses	expenditure	expenditure	recurrent

	Total	4,436,307.96	887,261.59	2,422,921.64	1,535,660.05	54.62

- 482. Management of the Assemblies cited inadequate IGF generation as the cause. This action of management defeats the purposes for which the Fund was established.
- 483. We recommended to the management of the Assemblies to desist from the practice of excessive use of the Common Fund for recurrent expenditure. Furthermore, we recommended that the Assemblies should improve upon their revenue mobilisation to prevent the recurrence of this infraction.

Contract Irregularities

Overdue liability

- 484. The contract agreement between the Builsa North Municipal Assembly and Messrs. Jorge Enterprise for the renovation and expansion of the Kadema CHPS compound provides for payment to the contractor for works carried out after the completion of stages I and II.
- 485. Our review of interim payment certificate number 2 of 5 January 2017 in relation to the renovation and expansion of Kadema CHPS revealed that, even though the contractor completed stages I and II of the projects, management did not pay the contractor the certificate value of GH¢33,511.15 for about five years and seven months.
- 486. This has affected the execution of the remaining phases of the project. It could also lead to cost overruns due to inflation and possible court action.
- 487. We recommended that management should immediately settle the amount and ensure that the project continues. Furthermore, any loss that the Assembly may suffer due to the delay in payment should be borne by the MCE and MCD

Delayed/abandoned projects - GH¢1,714,636.83

- 488. Section 52 of the Public Financial Management Act, 2016 (Act 921) requires that a Principal Spending Officer of a covered entity, state-owned enterprise or public corporation shall be responsible for the assets of the institution under the care of the Principal Spending Officer and shall ensure that proper control systems exist for the custody and management of the assets.
- 489. Our audit disclosed that the management of seven Assemblies abandoned thirteen projects awarded at a total contract sum of GH¢3,713,949.40. A total interim certificate of GH¢1,714,636.83 has been paid to the contractors. Details are below:

- 490. Management of the seven Assemblies attributed the anomaly to funding challenges due to irregular release of common fund.
- 491. The anomaly could lead to increase in the cost of the projects due to inflation or complete loss of funds with regards to the abandoned projects.
- 492. We recommended that the Management of the three Assemblies should prioritise these projects and allocate funds for their completion before commencing new ones.

Completed Project not in use - GH¢381,665.54

493. Contrary to Section 52 of Public Financial Management Act, 2016 (Act 921), we noted that management of two Assemblies awarded two contracts at a sum of GH¢381,665.54 which have fully been paid on completion, but the projects had not been put to use. The details are provided below:

MMDA	Project	Location	Cost of	Completed	Reason for not being
			project	date	used
Builsa	Ultra-Modern	Fumbisi	116,679.59	7 July 2013	Project have not been
South	toilet				handed over by the
District					Contractor
Bawku	1 No. 3 Bedroom	Missiga	264,985.95	10 January	failure to connect
Municipal	Nurses			2022	electricity to building
	Accommodation				
Total			381,665.54		

- 494. The delay in putting the facility to use could result in deterioration and deprive the community of the use of the facilities.
- 495. We recommended that the management of the two Assemblies should resolve the challenges preventing the use of the projects without delay and put them to use.

Sanitation Management Irregularity

Failure to replace or repair broken down skip trucks.

- 496. Section 7(1) of the Public Financial Management Act, 2016 (Act 921) stipulates that a principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.
- 497. Our inspection at sanitation sites at two Assemblies revealed that two Skip Trucks had been unserviceable since 2020 and had not been replaced. We also noted that, despite not having the full complement of the equipment, the Assemblies continue to suffer full contract deductions from their Common Fund allocations. Details are provided below:

Name of	Equipment	No.	Serviceable	No.	Period of
Assembly		Supplied	Equipment	Damaged	Damage
Bolga East	Skip Truck	2	1	1	Jan 2020
Kassena	Skip Truck	2	1	1	2020
Nankana					
West					
Total		4	2	2	

- 498. Management of Bolga East's inability to officially notify Zoomlion Ghana Ltd of the broken-down skip trucks caused the anomaly.
- 499. As a result, the two Assemblies paid for the services of the equipment for three years respectively without working.
- 500. We recommended that management of Bolga East should officially notify Zoomlion Ghana Ltd and the two Assemblies should ensure that Zoomlion Ghana Ltd replaces the skip trucks.

Tax irregularities

Failure to remit taxes withheld GH¢8,542.31

- 501. Section 117 (1) of the Income Tax Act, 2015 (Act 896) requires a withholding agent shall pay to the Commissioner-General within fifteen (15) days after the end of each calendar month that a tax has been withheld.
- 502. Management of Builsa South District Assembly withheld an amount of GH¢8,542.31 from payments made to suppliers and service providers as taxes. However, the District Finance Officer did not remit the taxes to the Commissioner General of Ghana Revenue Authority.
- 503. The infraction by the DFO has the tendency of denying the state the much-needed revenue for development.
- 504. We recommended that the Assembly should pay the GH¢8,542.31 to GRA without further delay.

Failure to obtain VAT Invoice - GH¢6,343.07

505. Section 41 of the Value Added Tax Act, 2013, (Act 870) states that a taxable person shall, on making a taxable supply of goods or services, issue to the recipient, a tax invoice in the form and with the details that are prescribed by the Commissioner-General.

506. We noted during our audit that two assemblies paid a total amount of GH¢76,807.26 which include VAT component of GH¢6,343.07 for goods and services without obtaining VAT invoices. Details provided below:

Assembly	Account	Payment	VAT
			charged
Bolgatanga Municipal	DACF	21,600.80	4,150.42
Kassena Nankana Municipal	MP-DACF	55,206.46	2,192.65
Total		76,807.26	6,343.07

- 507. This could result in the loss of tax revenue to the state.
- 508. We recommended that the VAT of GH¢6,343.07 be recovered and paid to the Ghana Revenue Authority.

UPPER WEST REGION

Introduction

509. For the 2022 financial year, total allocations to the 11 Assemblies in the Upper West Region were GH¢12,312,767.50. Out of which, a total amount of GH¢4,294,154.69 was deducted at source in favour of the Assemblies' Service Providers leaving net cash transfers of GH¢8,018,612.81 representing 65.12 percent of the total allocations.

Cash Irregularities

Payment outside GIFMIS Platform

- 510. Regulation 83 of the Public Financial Management Regulations, 2019 (L.I. 2378) requires that all payments for expenditure of covered entities shall be made on the Ghana Integrated Financial Management Information System.
- 511. Contrary to the above, three Assemblies manually processed and paid GH¢1,108,830.51 on 124 payment vouchers outside the GIFMIS Platform. Details provided below:

Assembly	Account	No. of PVs	Amount
Nandom	DACF	95	722,453.87
Lawra	DACF	3	31,410.42
Wa West	DACF	23	244,014.42
	MP	3	110,951.80
Total		124	1,108,830.51

- 512. Management explained that their GIFMIS platform has been confronted with network challenges, which they are working to restore it.
- 513. The situation could affect the financial reporting of the Assemblies.
- 514. We recommended to the Coordinating Directors and the Finance Officers to notify the GIFMIS Secretariat of the Assemblies' challenges in using the system for redress.

Excessive use of DACF fund on recurrent expenditure - GH¢331,832.29

- 515. Section 7 of the public financial management Act, 2016 (Act 921) states among other things that a Principal Spending Officer of a covered entity shall (a) ensure the regularity and proper use of money appropriated in that covered entity.
- 516. The District Assembly common fund guideline for 2020, stipulates that, up to ten per cent of the District Assembly Common Fund should be used on recurrent expenditure in the areas such as human resource management, logistics support, office furniture and fitting, servicing and maintenance and project management.

517. Our audit disclosed that, the Common Fund accounts of two Assemblies totalling GH¢331,832.29 were used outside and above the 2020 DACF guidelines. Details are shown below:

No.	Assembly	Net DACF	10% Allocated	Actual Amount	Disallowable amount	Excess % of administrative expenses
1	Jirapa	2,040,857.24	204,085.72	434,718.02	230,632.29	11.30
2	Wa East	1,399,337.64	139,933.76	241,133.76	101,200.00	7.23
TOTAL		3,440,194.88	344,019.48	675,851.78	331,832.29	18.53

- 518. This act denied the Assemblies from using the common fund to carry out developmental projects.
- 519. We recommended to management of the two Assemblies to spend in accordance with the guidelines.

Failure to allocate resources to sub-structures - GH¢41,882.92

- 520. Part I, Paragraph 3 of the 2019 Guidelines for the Utilisation of the DACF requires that up to 2% of the DACF receipts should be used for the establishment and strengthening of the zonal, urban, town and area councils.
- 521. We noted that management of Jirapa Municipal Assembly did not allocate up to the 2% requirement of its Common Fund amounting to GH¢41,882.92 for the activities of the Sub-District structures.
- 522. The non-compliance with the provisions of the above Guidelines by the Assembly could render the sub-structures ineffective in implementing their programs and activities.
- 523. We recommended to management of the Assembly to ensure compliance with the DACF Guidelines and transfer the amount to the sub-structures without further delay.

Failure to refund borrowed PWD and M-SHAP Fund - GH¢141,000.00

- 524. Section 7 (1) of the Public Financial Management Act, 2016 (Act 921) mandates a Principal Spending Officer of a covered entity to ensure the regularity and proper use of money appropriated in that covered entity.
- 525. We noted that two Assemblies borrowed funds from PWD, MP, and M-SHAP account totalling GH¢141,000.00 but did not refund those borrowed funds into their respective accounts.

S/N	Assembly	Borrowed	Borrowed	Amount
		From	Into	
1	Jirapa	PWD	DACF	96,000.00
		M-SHAP		5,000.00
2	Wa West	PWD	IGF	40,000.00
	TOTAL			141,000.00

- 526. Management explained that delays in release of Common fund and insufficient IGF generation led to the anomaly.
- 527. This could lead to misapplication of funds.
- 528. We recommended that management of the two Assemblies should transfer the total amount of GH¢141,000.00 from their respective DACF and IGF operation account back to the various accounts without any further delay.

Judgment Debt - GH¢114,996.53

- 529. Section 7 of the Public Financial Management Act, 2016, Act 921 requires a principal Spending Officer to in the exercise of duties under this Act; establish an effective system of risk management, Internal control and Internal Audit in respect of the resources and transaction of the covered entity.
- 530. The Wa East District Assembly awarded construction of 1no CHIPs compound, Gudayiri to Samaha Ent., on 24/3/2016 at a contract sum of GH¢199,980.98. The project was completed on 24/07/16. The total amount of GH¢117,386.73 was paid leaving outstanding balance of GH¢82,593.25 but the assembly was unable to pay leading to the Wa high court awarding a judgement debt of GH¢114,996.53. The outstanding balance together with the judgement debt was paid from the District Assembly's common fund Account.

- 531. The Finance Officer explained that the payment of the judgment debt resulted from lack of funds and the delay in the release of the common fund.
- 532. Non-payment of outstanding balance of GH¢82,593.25 in spite of our recommendation in the 2021 Auditor General's report, has led to the Assembly being slammed with a judgement debt of GH¢114,996.53
- 533. We recommended that the Chief Executive and Coordinating Director whose inaction resulted in this avoidable loss of funds should be sanctioned. We also recommended that the judgement debt should not be paid from the Common Fund account but from IGF.

Contract Irregularities

Delayed/Abandoned Projects - GH¢616,992.84

534. Section 52 of the Public Financial Management Act, 2016 (Act 921) requires Principal Spending Officers to institute proper control systems to prevent losses and wastage.

535. We noted during our projects inspection that four Assemblies spent a total amount of GH¢616,992.84 on seven projects which are either delayed or abandoned. Details are indicated below:

Assembly	Project Description and	Expected	Period of	Amount	Status	%
	location	Date of	abandon	paid		completio

	borehole with 4-Seater					
	Kvip and urinal at Papu					
	Total			616,992.84		

- 536. Management attributed the delay to inability of the Assembly to meet interim payment certificates when presented by the contractors owing to the irregular and untimely release of DACF funds.
- 537. The delay/abandoned projects could lead to cost overruns to the detriment of other developmental projects.
- 538. We recommended to management to ensure that the delay/abandoned projects were completed before awarding new ones.

Completed project not put to use - GH¢183,107.00

539. Contrary to Section 52 of the Public Financial Management Act, 2016 (Act 921), we noted that Nadowli /Kaleo District Assembly constructed two projects at the cost of GH¢183,107.00 from the DACF account but the projects were not put to use 5 to 12months after their completion. Details provided below:

No.	Assembly	No. of	Total	Total	Project	Completion
		Projects	Contract	Payment		Date
			Sum			
1	Nadowli	1	197,500.00	170,000.00	Construction of	December

	Total	2	210,607.00	183,107.00		

- 540. Management explained that they are yet to connect electricity and water to the facilities before handing over.
- 541. The two communities have not derived benefits from the two projects.
- 542. We therefore recommended to management to address all issues hindering the use of the facilities to enable the communities' benefit from the projects.

Sanitation Management Irregularity

Grounded Skip Truck

- 543. Clause 5 of the service agreement signed on 9 February 2014 between Zoomlion Ghana Ltd and Daffiama Bussie Issa District Assembly requires Zoomlion Ghana Limited to deliver to the Assembly two refuse trucks and repair them within three months after notification of the broken-down vehicles by the Assembly.
- 544. Our verification of the two trucks supplied by Zoomlion Ghana Ltd disclosed that one of the refuse trucks with registration number GS 6568-12 was not operational since 2016 to date.

545. Management of Daffiama Bussie Issa's inability to officially notify Zoomlion Ghana Ltd of the broken-down skip truck caused the anomaly.

- 546. Zoomlion Ghana Ltd was paid an amount of GH¢134,550.00 through the quarterly deduction from Assembly's share of Common Fund even though only one truck was operational.
- 547. We recommended that the District Coordinating Director should officially communicate with Zoomlion Ghana Ltd about the broken skip truck and ensure that Zoomlion Ghana Limited repairs or replaces it.

Procurement and Stores Irregularities

Non-utilisation of store items received from the MLGRD since 2021

- 548. Section 52 of the Public Financial Management Act, 2016 (Act 921) requires the Coordinating Directors, as principal spending officers to institute proper control system to prevent losses and wastage.
- 549. In 2021, the Ministry of Local Government and Rural Development (MLGRD) in collaboration with the Council for Technical and Vocational Education and Training (COVET) allocated to MMDAs, store items to be distributed to hairdressers, tailors and seamstresses to improve economic activities in the local economy.

550. Following this initiative, the Sissala West District Assembly in 2021 received store items from the Regional Coordinating Council but could not distribute them to the intended beneficiaries. The items were received and kept at the garage of the DCE residence. The items were neither received with a Store Receipt Voucher (SRA) nor recorded in the store ledgers to provide audit trail. Details of items are below:

No.	Item	Quantity
1	Sterilizer machine	35pcs
2	Hair Dryer	24 pcs
3	Standing hair dryer	36pcs
4	Standing Steamer	2pcs
5	Ceramic sink base	39pcs
6	Ceramic sink	39pcs
7	Screw seat	39pcs
8	Industrial Sewing Machine	3pcs
9	Overlock Sewing machine	3pcs
10	Industrial iron (Gravity)	26pcs
11	Hand Sewing Machine	25pcs
12	Cutting machine	29pcs

- 551. The community was not deriving benefits from the items. This could also lead to pilfering and misuse of the items.
- 552. We recommended to management to distribute the items to the intended beneficiaries without any further delay.

Overpayment to a Supplier- GH¢13,500.00

- 553. Section 7 of the PFM Act, 2016 (Act 921) requires that, a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.
- 554. Management of Wa West District Assembly procured 80 bags of 50kg and 120 bags of 25kg of sugar at a total cost GH¢47,800.00 from Nnabaale bile Enterprise. We however noted that the prices of the 25kg was overstated by GH¢ GH¢112.50 leading to overpayment of GH¢13,500.00.
- 555. Failure of the schedule officer to vet the supplier's invoice caused the infraction.
- 556. This has led to loss of fund to the Assembly.

- 557. Management indicated that they have obtained undertaken letter from the supplier and has agreed to adjust downward the GH¢13,500.00 against the outstanding balance owed him.
- 558. We recommended that the amount of GH¢13,500.00 should be recovered from Nnabaale bile Enterprise and same paid into the Auditor-General Recoveries Account number 1018331470015, failing which the amount should be recovered from the Coordinating Directors and Finance officers.

Tax Irregularities

Payment of VAT without Invoice - GH¢22,871.63

559. Section 41 of the Value Added Tax Act (VAT) 2013 (Act 870), states "A taxable person shall, on making a taxable supply of goods or services, issue to the recipient, a tax invoice in the form and with the details that are prescribed by the Commissioner-General."

560. We noted that two Assemblies paid total amount of GH¢412,686.73 to suppliers for goods and services but did not obtain VAT invoice even though the payments included VAT component of GH¢22,871.63. Details are below:

S/N	Assembly	No. of Pvs	Amount	VAT
1	Wa West	11	132,469.31	5,141.40
2	Nandom Municipal	23	280,217.42	17,730.23
	Total	34	412,686.73	22,871.63

- 561. This could lead to loss of tax revenue to the state.
- 562. We recommended that the amount be recovered from the payees and same paid to GRA, failing which the amount should be recovered from the Coordinating Directors and Finance officers.

Failure to withhold Tax - GH¢16,810.76

563. Section 117 of Income Tax Act, 2015 (Act 896) states, "a withholding agent who fails to withhold tax in accordance with this division shall pay the tax that should have been withheld in the same manner and at the same time as that is withheld."

564. We noted that two Assemblies did not deduct withholding taxes totalling GH¢16,810.76 from a taxable amount of GH¢416,351.54. Details are provided below:

S/N	ASSEMBLY	No. of PVs	Taxable Amount	Tax Amount
1	Wa West District	3	26,649.31	1,140.00
2	Nandom Municipal	27	389,702.23	15,670.76
	TOTAL	30	416,351.54	16,810.76

- 565. No cause was provided by management for this infraction.
- 566. The lapse denied the State the needed revenue for development programmes.
- 567. We recommended that, the Coordinating Directors and Finance Officers of the two Assemblies should pay their respective amounts into the Auditor-General recoveries account number 1018331470015 from their personal resources and recover same from the payees.

VOLTA REGION

Introduction

568. For the 2022 financial year, total allocations to the 18 Assemblies in the Volta Region was GH¢22,797,937.19, out of which GH¢7,363,093.08 was deducted at source in favour of the service providers of the Assemblies leaving net cash transfers of GH¢15,434,844.11 or 67.70 percent of the total allocations as provided in Appendix 'A'.

Cash Irregularities

Misapplication of PWD funds - GH¢233,045.50

- 569. Section 7 of the PFM Act, 2016 (Act 921) states among others that a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.
- 570. We noted that Central Tongu District Assembly withdrew an amount of GH¢233,045.50 from the bank account of the Persons' Living with Disability (PWD) Fund for unrelated activities in contravention to the above law.

- 571. This denied the PWDs resources for their planned programmes.
- 572. We recommended to Management of the Assembly to refund the amount of GH¢233,045.45 from its IGF account into the PWD account.

Failure to allocate funds to Sub-structures - GH¢85,454.57

- 573. Part I paragraph 3 of the 2019 Guidelines for the Utilisation of the DACF, requires that up to 2% of the DACF receipts should be used for the establishment and strengthening of zonal, urban, town and area councils.
- 574. We however noted that Management of three Assemblies failed to disburse the required two percent of GH¢85,454.57 to support their Sub-structures in 2022. Details are provided below:

No.	Assembly	Total	2%	Amount	Outstanding
		Allocation	Payable	Paid	amount
1	North Dayi	1,512,041.52	30,240.83	-	30,240.83
	District				
2	Afadzato South	1,829,243.43	36,584.84	-	36,584.84
	District				
3	Akatsi South	1,647,816.10	33,628.90	15,000.00	18,628.90
	Municipal				
	Total	4,989,101.05	100,454.57	15,000.00	85,454.57

- 575. Non-transfer of funds to enhance decentralisation rendered the Sub-structures ineffective.
- 576. We recommended to the Coordinating Directors and Finance Officers of the Assemblies involved to transfer the total amount of GH¢85,454.57 to the Sub-structures to enable them carry out their planned programmes.

Unsupported payments - GH¢71,298.16

577. Regulation 78 of the PFMR, 2019 (L.I. 2378) provides that, a principal Spending Officer of a covered entity is personally responsible for ensuring, in respect of each payment of that covered entity, that evidence of services received, certificates for work done and any other supporting documents exists.

578. In violation of the above Regulation, two Assemblies failed to support six payment vouchers amounting to GH¢71,298.16 with relevant documents such as receipts, invoices, payment sheets etc. Details are provided below:

No.	Assembly	No. of PVs	Source of Fund	Amount
1	Anloga District	3	DACF	47,298.16
		2	MPCF	19,000.00
2	Agotime – Ziope District	1	DACF	5,000.00
	Total	6		71,298.16

- 579. We could therefore not confirm the authenticity of the payments which could result in funds of the Assemblies not used in their interest.
- 580. We recommended that in the absence of relevant expenditure justification documents, the amount of GH¢71,298.16 should be recovered from the Coordinating Directors and Finance Officers of the Assemblies involved into their DACF accounts.

Payment of judgement debt - GH¢111,368.95

- 581. We noted that Agotime-Ziope District Assembly contracted Ukiya Ventures Ltd to construct a 3-unit classroom block, office, store, teachers' common room and ancillary facilities at Akwettey at a contract sum of GH¢302,776.50. The Assembly paid GH¢205,000.00 after completion of works in 2020, leaving a balance of GH¢97,776.50. The Assembly however failed to pay the remaining balance despite demands by the Contractor.
- 582. Ukiya Ventures Ltd initiated court action against the Assembly but the Assembly did not file any notice of appearance in contravention of Section 7 of the PFM Act, 2016 (Act 921). This resulted in the Court granting a default judgement of GH¢209,145.45 against the Assembly as provided in the table below.

No.	Item	Amount		
1	Principal	97,776.50		
2	Interest of 38% (Jan. 2020 - Nov. 2022)	108,368.95		
3	Legal Cost	3,000.00		
	Total			

- 583. The use of DACF funds to pay judgment debts deprived the Assembly of funds to execute approved programmes.
- 584. We recommended refund of the amount of GH¢111,368.95, being the payment in excess of the liability, from the Assembly's IGF account into the DACF Account and the officials whose inaction resulted in the avoidable cost should be sanctioned.

Contract Irregularities

Completed projects not in use - GH¢669,218.22

585. Section 52 of the PFMA, 2016 (Act 921), requires Principal Spending Officers to institute proper control systems to prevent losses and wastage.

586. On the contrary, three projects were completed by two Assemblies at a total cost of GH¢669,218.22 but had not been put to use. Details are provided below:

No.	Assembly	Project Description	Completion	Contract Sum	Total
			Date		Payment
		1no. Police Post at	5/20/22	260,445.80	258,793.00
1	Но	Dutasor			
		Zonal Council for	5/20/22	244,500.00	224,192.17

		Total		672,132.25	669,218.22

- 587. The Chief Executives and Works Engineers of the Assemblies involved attributed the non-usage of the facilities to non-availability of electricity and water.
- 588. To prevent deterioration of the projects, we recommended to Management of the Assemblies to ensure that necessary steps are taken to provide the outstanding amenities for the projects to be put to use. We also recommended that in future project budgets of the Assemblies, provision should be made for ancillary facilities needed to operationalise the projects.

Abandoned/delayed projects GH¢7,588,230.31

589. Contrary to Section 52 of the PFMA, 2016 (Act 921), we noted from our project inspection that nine Assemblies awarded 29 projects with a total contract sum of GH¢11,560,819.40. Out of the contact sum, a total amount of GH¢7,588,230.31 was paid to the Contractors and the projects had delayed or been abandoned at various stages of completion. Details are provided below:

		No. of	Commencement	Expected	Total

	Total	29			7,588,230.31	

- 590. Abandoned or delayed projects could lead to cost overruns to the detriment of other development projects of the Assemblies.
- 591. We recommended to Management of the Assemblies to be proactive in their planning to mitigate such incidences and also ensure that priority is given to uncompleted projects before new ones are awarded.

Procurement and stores Irregularity

Fuel purchased not accounted for - GH¢26,230.80

- 592. Contrary to Regulation 78 of the PFMR 2019, (L.I. 2378), we noted that, fuel purchased for eight vehicles by Agotime-Ziope District Assembly at a cost of GH¢26,230.80 via 17 payment vouchers were not accounted for in the vehicle logbooks.
- 593. We could not confirm the authenticity of the payments which creates avenue for misuse of fuel and consequent loss of funds to the Assembly.
- 594. We recommended recovery of the amount of GH¢26,230.80 from the Coordinating Director and Finance Officer into the Assembly's DACF account in the absence of relevant documents authenticating that the fuel was used in the interest of the Assembly.

Sanitation Management Irregularity

Failure to repair or replace broken-down SIP equipment.

- 595. The Sanitation Improvement Package (SIP) agreement between the Assemblies and ZGL provides for the Company to supply refuse trucks and containers for haulage of solid waste from the communities to a final disposal site and to also repair or replace broken down equipment upon notification by the Assemblies.
- 596. We however noted that three Assemblies had four broken down trucks and 11 damaged containers which were yet to be repaired or replaced by ZGL even though the Administrator deducted the quarterly fees from their share of the Common Fund in favour of ZGL. We also noted instances where the Assemblies did not notify ZGL of the damaged equipment for replacement contrary to the provisions in the agreement, Details are provided below:

Assembly	Contract	Fee per	Item	Contract	Qty.	Qty.	Default	Remarks
	Date	Quarter		Qty.	Supplied	Damaged	Period

	Containers	33	33	11

- 597. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.
- 598. The non-repair and replacement of the equipment negatively affected the management of solid waste in the communities.
- 599. We recommended to Management of the Assemblies involved to ensure that ZGL replace the damaged trucks and containers without further delay. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Tax Irregularities

Withheld taxes not remitted - GH¢3,600.00

- 600. Sections 117(1) of the Income Tax Act, 2015 (Act 896) requires the Assemblies as withholding tax agents to remit taxes deducted from payments for goods and services to the Commissioner-General of the Ghana Revenue Authority within 15 days after the end of the calendar month in which the tax was withheld.
- 601. Contrary to the above law, we noted that withholding taxes amounting to GH¢3,600.00 was deducted by Keta Municipal Assembly for various payments made but the amount was not remitted to the Ghana Revenue Authority.
- 602. Failure to remit taxes could result in inability of the State to meet her tax revenue targets.
- 603. We recommended that Management of the Assemblies should pay the unremitted tax of GH¢3,600.00 to the GRA and also, the Finance Officers be held personally liable to pay for any penalties that might be imposed.

WESTERN REGION

Introduction

604. The total Common Fund allocations to the 14 Assemblies in the Western Region for the 2022 financial year was GH¢18,981,296.89 out of which GH¢5,853,906.63 was deducted at source by the Administrator of Common Fund and paid to service providers of the Assemblies leaving net cash transfers of GH¢13,127,390.25 representing 69.16 percent of the total share of Common Fund as shown in Appendix 'A'.

Cash Irregularities

Unsupported payments - GH¢106,670.00

605. Regulation 78 of the PFMR, 2019 (L.I. 2378) provides that, a principal Spending Officer of a covered entity is personally responsible for ensuring, in respect of each payment of that covered entity, that evidence of services received, certificates for work done and any other supporting documents exists.

606. Contrary to the above Regulation, we noted that three Assemblies made payments totalling GH¢106,670.00 for goods and services without supporting documents such as receipts, invoices, statement of claims, certificates of claims, memos etc. to authenticate the expenditure. Details are provided below:

No.	Assembly	Nature of Transaction	No of	Amount	Documents not
			PVs		provided
1	Effia-	Financial assistance in payment of	4	3,700.00	Official receipts
	Kwesimints	school fees for 5 persons and health

		Director to attend a conference and			official receipts
		District Chief Executive attend the			etc
		central commissioning of TVET			
		products and others			
	•	Total	15	106,670.00	

- 607. We could not confirm the authenticity of the payments which could result in funds of the Assemblies not used in their interest.
- 608. We recommended recovery of the amount of GH¢106,670.00 from the Coordinating Directors and Finance Officers involved into the DACF accounts of the Assemblies in the absence of justification for the payments.

Unpresented payment vouchers - GH¢72,395.14

- 609. Regulation 82 of the PFMR, 2019 (L.I. 2378) requires that, a payment by a covered entity shall be accompanied with a payment voucher authorised by the head of accounts, and which is approved by the Principal Spending Officer.
- 610. On the contrary, Management of the Nzema East Municipal Assembly did not produce a DACF payment voucher No. CF/2/04/2022 of 7 February 2022 with a face value of GH¢72,395.14 for audit.
- 611. We could as a result not authenticate the expenditure.
- 612. We recommended recovery of the amount of GH¢72,395.14 from the Coordinating Director and Finance Officer into the DACF account of the Assembly for failing to provide the payment vouchers with their relevant supporting documents to account for the expenditure.

Unaccounted payments - GH¢107,300.25

613. Contrary to Section 7 of the PFM Act, 2016 (Act 921), Management of three Assemblies did not account for an amount of GH¢107,300.25 out of a total payment GH¢251,653.30 made for various activities. Details are provided below:

No.	Assembly	Purpose of Payment	No. of PVs	Total Payment	Amount accounted for	Amount not accounted for
1	Sekondi- Takoradi	Funds released for the preparation of 2023 composite budget and support police patrol	2	46,000.00	4,344.89	41,655.11
2	Tarkwa Nsuaem	Payment of educational support and health for 21 PWDs in Tarkwa and GFD-	2	60,908.00	46,069.66	14,838.34

		Tarkwa elections and disbursement of funds to 12 PWDs				
3	Amenfi Central	Maintenance of final disposal site and 2 refuse dumps, purchase of award items, allowances and refreshment for farmers day and others	12	144,745.30	93,938.50	50,806.80
Total		-	16	251,653.30	144,353.05	107,300.25

- 614. In the absence of the relevant documents to authenticate the outstanding payments, the Assemblies did not receive value for the expenditure, which constituted loss of funds.
- 615. We recommended recovery of the outstanding amount of GH¢107,300.25 from the Coordinating Directors and Finance Officers of the Assemblies involved into their DACF accounts for their failure to justify that the outstanding funds were incurred in the interest of the Assemblies.

Misapplication of funds - GH¢67,062.37

- 616. Section 5 of the Minerals Development Fund (MDF) Act, 2016 (Act 912) stipulates that for the purpose of achieving the objective of the Fund, monies of the Fund shall be applied to relevant activities that the Board may determine to redress the harmful effect of mining on affected communities and persons, undertake projects aimed at promoting the mining sector and support policy planning.
- 617. Our review of payments of Wassa East District Assembly disclosed that a total amount of GH¢67,062.37 was spent from the MDF for furnishing the Chief Executive's temporary office, organising budget training workshops which were not permissible expenditures under Fund. Details are provided below:

Date	PV No.	Details	Payee	Amount			
30/1/22	MDF/1/3/22	Furnishing of Hon DCE Temporary	Emmanaku Co

30/9/22	MDF/13/9/22	Purchase of internet data	DCD	2,500.00			
	Total						

- 618. The misapplication of the Fund could deny the realisation of its objectives.
- 619. We recommended to the Coordinating Director to reimburse the MDF account with the amount GH¢67,062.37 from the IGF account to enable the Assembly apply the funds on the purpose for which it was given.

Over-utilisation of Common Fund on recurrent expenditure - GH¢1,326,867.90

- 620. Part I of the 2019 DACF Guidelines permits Assemblies to utilise up to ten percent of their DACF allocations received on Administrative expenses.
- 621. We however noted that four Assemblies expended a total amount of GH¢2,096,861.98 on administrative expenses instead of the allowable 10 percent of GH¢769,994.08 of the Assemblies' share of the Common Fund resulting in over utilisation of GH¢1,326,867.90. Details are provided below:

No.	Assembly	DACF Allocation	10% Allowable Expenditure	Actual Expenditure	Amount Misapplied	% Misapplied
1	Effia-	1,778,072.56	177,807.26	379,750.77	201,943.51	113.7
	Kwesimintsim					
2	Ellembele	1,904,387.22	190,438.72	363,519.85	173,081.13	90.89
3	Nzema East	1,686,178.52	168,617.85	419,168.66	250,550.81	148.59
4	Shama	2,331,302.46	233,130.25	934,422.70	701,292.45	300.8
	Total	7,699,940.76	769,994.08	2,096,861.98	1,326,867.90	172.3

- 622. The practice could result in insufficient funding for completion of ongoing projects.
- 623. We recommended to Management of the Assemblies to refund the total amount of GH¢1,326,867.90 from their IGF accounts into the DACF accounts and improve their IGF revenue generation to forestall over-dependence on their Common Fund allocations.

Contract Irregularities

Completed projects not in use - GH¢263,243.31

- 624. Section 52 of the PFM Act, 2016 (Act 921), requires Principal Spending Officers of covered entities to institute proper control system to prevent losses and wastage.
- 625. Management of Ellembelle District Assembly expended a total amount of GH¢263,243.31 to complete a 1no. 3-unit classroom block and ancillary facilities at Awiaso but the project was yet to be used contrary to the above cited law.
- 626. Management explained that non-availability of school furniture had delayed utilisation of the project which denied the people of Awiaso the intended benefits from its use.
- 627. We recommended to Management of the Assembly to prioritise supply of furniture to the facility from its other revenue sources to put the classroom block to use. We also recommended that in the budgets of projects of the Assembly, provision should be made to include all ancillaries needed to put them to use after completion.

Delayed projects - GH¢3,469,565.77

628. Contrary to Section 52 of the PFM Act, Act 2016 (Act 921), we noted that seven Assemblies had 22 projects with a total contract sum of GH¢6,332,314.77, out of which GH¢3,469,565.77 had been paid as at December 2022 for works executed but their completion had delayed for periods of up to 91 months. Details are provided below:

No	Assembly	No. of	% of	Period	Contract	Amount
		Projects	Completion	of	Sum	Paid
				Delay		
1	Effia-	1	45%	24	597,803.03	298,768.10

4	Amenfi	5	30% - 80%	73 - 80	1,103,774.20	502,591.02
	Central			months		
5	Amenfi East	5	40% - 99%	20-28	1,588,980.05	1,013,398.84

				months		
	Total	23			6,332,314.77	3,469,565.77

- 629. The delayed completion of the projects had denied the communities the benefits to be derived from their use and could also lead to cost overruns due to price increases.
- 630. We recommended to Management of the Assemblies to prioritise completion of the projects before awarding new ones.

Sanitation Management Irregularity

Unsupplied and unrepaired sanitation equipment

631. Clause 1(d) and Schedule 1 of the Service Agreement for Sanitation Improvement Package (SIP) signed between Zoomlion Ghana Ltd (ZGL) and the underlisted Assemblies requires ZGL to deliver to the Assemblies a quantity of refuse trucks and solid waste containers for the collection of waste at quarterly service fee deducted at source by the Administrator from DACF allocation. Also, Section 7 of the PFM Act, 2016 (Act 921) states among others that a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.

632. In contravention of the above, we noted that ZGL did not supply six trucks and 58 containers to five Assemblies. We also noted, that apart of Jomoro District Assembly, none of the Assemblies notified ZGL of the unsupplied equipment. Details are provided below:

Assembly	Contract	Fee per	Item	Contract	Qty.	Qty. Not	Default	Remarks
	Date	Quarter		Qty.	Supplied	Supplied	Period

		Skip Truck	15	9	6			
	Total		Containers	100	42	58		

633. We again noted that four Assemblies had 4 trucks and 23 containers damaged and unrepaired contrary to the provision in the Agreement which mandates ZGL to repair or replace damaged equipment upon notification by the Assemblies where the damage was not caused by the Assemblies. Two of the four Assemblies listed in the table below did not notify ZGL of the unsupplied equipment.

Assembly	Contract Date	Fee per Quarter	Type of Equipment	Contract Qty.	Qty. Supplied	Qty Damaged	Default Period	Remarks
Jomoro	02/01/19	71,875.00	Skip Truck	3	3	2	Jan 19 –	Management

	Total		Skip Truck	10	9	4		•
			Containers	62	41	23		

- 634. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.
- 635. We recommended to Management of the Assemblies involved to ensure that ZGL supply the outstanding refuse containers and trucks and also replace the damaged trucks and containers without further delay. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Procurement and stores Irregularity

Unaccounted stores - GH¢97,211.00

636. Contrary to Section 52 of PFM Act, 2016 (Act 921), two Assemblies paid for building materials worth GH¢97,211.00 to be used to support community self-help projects in the Municipalities but did not support the transactions with relevant documents such as store receipts and distribution list. Details are provided below:

No.	Assembly	Item	Quantity	Amount
1	Tarkwa Nsuaem	Cement	662 bags	64,880.00
2	Amenfi Central	Cement	325 bags	
		Roofing sheets	160 pcs	32,331.00
		Iron rods	125 pcs	
		Total		97,211.00

- 637. Store items not accounted for with relevant documents could facilitate thievery or diversion of items paid for to the detriment of the Assemblies.
- 638. In the absence of the relevant documents on receipt and usage of the items, we recommended recovery of the amount of GH¢97,191.00 from the Coordinating Directors and the Finance Officers of the two Assemblies into the DACF account of the Assemblies.

Tax Irregularity

Taxes not remitted - GH¢46,813.63

- 639. Sections 117(1) of the Income Tax Act, 2015 (Act 896) requires, the Assemblies as withholding tax agents to remit taxes deducted from payments for goods and services to the Commissioner-General of the Ghana Revenue Authority within 15 days after the end of the calendar month in which the tax was withheld.
- 640. In contravention of the above law, Management of Ellembelle District Assembly did not remit withheld taxes of GH¢46,813.63 to the Ghana Revenue Authority. Details are provided below:

No.	Details	No. of PVs	Total Gross	Tax
			Amount	Amount
1	Payments for Land Fill	5	400,000.00	30,000.00
	Works			
2	Payments for projects	6		6,797.11
			199,037.57	
3	Payments for works and	7		10,016.52
	goods		220,448.00	
	Total	18	819,485.57	46,813.63

- 641. Unremitted taxes could result in payment of penalties by the Assembly to GRA and also disrupt the tax revenue mobilisation efforts of the State.
- 642. We recommended to Management of the Assembly to pay the amount of GH¢46,813.63 to GRA and the Finance Officer held personally liable for payment of any penalties.

WESTERN NORTH REGION

Introduction

643. For the 2022 financial year, total allocation of Common Fund to the nine Assemblies in the Western North Region was GH¢10,835,487.02, out of which GH¢3,535,760.99 was deducted at source in favour of Service Providers of the Assemblies leaving net cash transfers of GH¢7,299,726.03 representing 67.4 percent of the total allocations as shown in Appendix 'A'.

Cash Irregularities

Payments outside GIFMIS

- 644. Regulation 78(2) of the PFMR, 2019 (L.I. 2378), mandates, all covered entities to use the Ghana Integrated Financial Management Information System (GIFMIS) from the commencement of the procurement process through to payment.
- 645. On the contrary, three Assemblies made 71 manual payments of GHc600,903.28 without using GIFMIS. Details are provided below:

No.	Assembly	Account	No of	Details	Amount
			PVs		
		DACF	6	Goods, Services and	45,958.71
				Works	
1	Suaman	MPCF	4	Goods and Services	98,684.00
		DACF	27	Goods and Service	145,175.92
	Sefwi	MPCF	23	Goods and Services	89,922.88
2	Akontombra	PWD	6	Goods and Services	64,110.77
3	Bia West	MPCF	5	Goods and Services	157,051.00
	Total		71		600,903.28

- 646. The Finance Officers attributed the inability of the Assemblies to use the platform for payment to network challenges.
- 647. The lapse would not enhance financial reporting of the Assembly.
- 648. We recommended to the Management of the Assembles to address the challenges inhibiting the use of GIFMIS and ensure compliance with Regulation 78 of the PFMR, 2019 (L.I. 2378).

Unsupported payments - GH¢186,519.77

649. Regulation 78(1) of the PFMR, 2019 (L.I. 2378) provides among others that, a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of the covered entity the validity, accuracy and legality of the claim for the payment.

650. We noted that Management of three Assemblies did not provide adequate expenditure supporting documents such as receipts, invoices, signed sheets etc. to substantiate 42 payments amounting to GH¢186,519.77 in violation of the above Regulation. Details are provided below:

No.	Assembly	Fund source	Transaction type	No of	Amount
				PVs	
		DACF	Goods and Services	11	43,934.10
1	Bia West	MPCF	Institutional Support	6	21,639.00
		DACF	Goods and Services	5	25,446.67
	Aowin	MPCF	Goods and Services	2	22,768.00
2		PWD	Medical Treatment	1	3,100.00
	Sefwi	DACF	Goods and Services	2	25,352.00
3	Akontombra	MPCF	Goods and Services	15	44,280.00
			42	186,519.77	

- 651. Payments without the relevant documents have the tendency of expenditure not incurred in the interest of the Assemblies.
- 652. We recommended recovery of the amount of GH¢186,519.77 from the Coordinating Directors and Finance Officers of the Assemblies involved into their DACF accounts for failing to provide evidence that the expenditure was incurred in the interest of the Assemblies.

Unpresented payment vouchers - GH¢142,771.90

- 653. Regulation 82 of the PFMR, 2019 (L.I. 2378) requires that a payment by a covered entity shall be accompanied with a payment voucher authorised by the head of accounts and approved by the Principal Spending Officer.
- 654. Management of the undermentioned Assemblies, however, did not present 36 payment vouchers totalling GH¢142,771.90 for audit. Details are provided below:

No.	Assembly	Source of	Transaction Type	No. of PVs	Amount
		Funds			
1	Bia West	DACF	Goods and Services	15	68,830.00
		MPCF	Goods and Services	10	25,920.00
2	Aowin	DACF	Good and Services	1	8,100.00
3	Sefwi	DACF	Goods and Services	2	13,167.00
	Akontombra	MPCF	Goods and Services	6	12,500.00
		PWD	Goods and Services	2	14,254.90
		Total		36	142,771.90

- 655. We could not confirm that value was received for the payments made, which represented losses to the Assemblies.
- 656. We recommended recovery of the amount of GH¢142,771.90 from the Coordinating Directors and Finance Officers of the Assemblies involved into their DACF accounts in the absence of the relevant supporting documents to provide evidence that value was received for the payments made.

Abuse of PWD funds - GH¢98,550.00

657. Contrary to Regulation 78 (1) of the PFMR, 2019 (L.I. 2378), we noted that, the Coordinating Director, Finance Officer and Social Welfare Officer of Aowin Municipal Assembly, disbursed a total amount of GH¢24,700.00 to 27 supposed People With Disability (PWD) who were not registered with the Assembly and whose names could not be found in the Photo Album of PWDs. Details are provided below:

		No. of		Amount
Date	PV No	Beneficiaries	Purpose	
			Education, Business and	24,700.00
25/8/22	1108597	27	medical treatment	

- 658. Management stated that it followed due process to make the payment but could not provide any evidence to prove that the beneficiaries were members of PWD.
- 659. In a further development, Management of Bia East transferred an amount of GH¢73,850.00 via six payment vouchers from the PWD Account to its DACF Account to undertake its programmes and activities.

- 660. Payment of PWD funds to ineligible persons and for unrelated activities could facilitate misappropriation of funds for private benefits and could also deprive the PWD of funds for their planned activities.
- 661. We recommended recovery of the amount of GH¢24,700.00 from the Coordinating Directors, Finance Officers and Social Welfare Officers of Aowin Assembly into the PWD account. We also recommended that Management of Bia East should refund the amount of GH¢73,850.00 the DACF account into the PWD account.

Misapplication of funds - GH¢66,220.00

662. Contrary to Section 7 of the PFMA, 2016 (Act 921), Management of Bodi and Bia West Assemblies misapplied a total amount of GH¢66,220.00 of earmarked DACF funds for unrelated activities. Details are provided below:

No	Assembly	Particulars	Source of funding	No of PVs	Amount
1	Sefwi Bodi	Advances for meeting, travel and transfer to IGF	MPCF	3	14,720.00
		Advance to enable Coordinating Director undertake urgent activity	PWD	2	21,500.00
2	Bia West	Administrative expenses	MPCF	1	30,000.00
		Total		6	66,220.00

- 663. The Coordinating Directors explained that the Assembly resorted to use of the funds to solve urgent needs due to insufficient IGF mobilisation.
- 664. Misapplication of the funds could negatively affect implementation of planned activities to be executive with earmarked funds.
- 665. We recommended to Management of the Assemblies involved to refund the total amount of GH¢66,220.00 into the accounts from which the payments were made. We also recommended to Management of the Assemblies to put in measures to enhance IGF mobilisation to prevent the recurrence of the anomaly.

Contract Irregularity

Abandoned/delayed projects - GH¢455,481.50

- 666. Section 52 of the PFM Act, 2016 (Act 921) requires Principal Spending Officers of covered entities to institute proper control system to prevent losses and wastage.
- 667. We however noted that two Assemblies paid a total amount of GH¢105,688.00 out of the total contract sum of GH¢935,365.63 for three projects which had been abandoned at various stages of completion. We also noted that completion of three other projects with a contract sum of GH¢99,144.98 awarded by the Assemblies for which total payment of GH¢349,793.50 was made had delayed for periods up to nine months. Details are provided below:

Assembly	Project Description	Contractor	Contract Sum	Total Payment	Expected Completion Date	% Completion	Remarks
	Rehabilitation of Clinic &Nurses' Quarters at Abrabra	Brenyah Ent.	63,941.01	11,483.00	07/03/16	54%	Abandoned

	Renovation of 6- unit Classroom Block Sayerano	Kiafi Ventures	304,695.50	50,000.00	10/10/22	45%	Delayed
	Total		1,926,510.51	455,481.50			

668. Management attributed the anomaly to late release of Common Fund and inadequate funding for completion of projects for which provision was made in the annual budgets of the Assemblies.

- 669. Abandoned or delayed projects deprived the communities of benefits from use of the projects and could also lead to cost overruns.
- 670. Considering the limited funds of the Assemblies, we recommended that Management of the Assemblies involved should give priority to uncompleted projects before awarding new ones.

Sanitation Management Irregularity

Unsupplied Sanitation equipment

- 671. Clause 1(d) and Schedule 1 of the Service Agreement for Sanitation Improvement Package (SIP) signed between Zoomlion Ghana Ltd (ZGL) and the underlisted Assemblies requires ZGL to deliver to the Assemblies a quantity of refuse trucks and solid waste containers for the collection of waste at quarterly service fee deducted at source by the Administrator from DACF allocation. Also, Section 7 of the PFM Act, 2016 (Act 921) states among others that a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.
- 672. Contrary to the above, we noted that ZGL did not supply three trucks and 29 containers to six Assemblies. We also noted instances of Assemblies not notifying ZGL to discharge their outstanding obligations. Details are provided below:

Assembly	Contract	Fee per	Item	Contr	Qty.	Qty. Not	Default	Remarks

			Containers	66	37	29		

- 673. We were unable to quantify the value of services not rendered as the deliverables in the Agreement were not individually priced.
- 674. This could affect effective sanitation management within the communities of the Assemblies.
- 675. We recommended to Management of the Assemblies involved to ensure that ZGL supply the outstanding refuse containers and trucks without further delay. We also recommended that Management of the Assemblies should adhere to the dictates of the agreements and notify ZGL of any outstanding commitments and in subsequent review of the Agreements, ensure that the services are priced individually for ease of apportioning costs to unperformed services.

Tax Irregularity

Failure to deduct/remit withheld taxes - GH¢75,822.28

- 676. Sections 116 and 117 of the Income Tax Act 2015, (Act 896) require the Assemblies as withholding agents to deduct applicable taxes from payments for goods, works and services and pay to the GRA within fifteen days after the end of the month in which the deductions are made.
- 677. We however noted that the Finance Officers of five Assemblies did not deduct GH¢7,052.50 from payments made to third parties and also failed to pay GH¢68,769.78 withheld taxes to the GRA. Details are provided below:

No.	Assembly	Fund Type	Tax not	Tax not	Total
			Deducted	remitted	
		DACF	-	11,935.86	11,935.86
1	Bia West	MPCF	-	874.46	874.46

5	Suaman	DACF		4,437.50	4,437.50
		MPCF		6,259.52	6,259.52
	Total		7,052.50	68,769.78	75,822.28

- 678. Non-deduction and remittance of taxes to GRA could result in payment of penalties by the Assembly for default and also the inability of the State to meet her tax revenue targets.
- 679. We recommended that the Coordinating Directors and Finance Officers of the Assemblies involved should comply with the relevant provisions of the tax laws and also remit the amount of GH¢68,769.78 to the GRA. The Finance Officers should be personally held liable for payment of penalties that may arise from non-compliance with the tax law.

PART IV

DISTRICT ASSEMBLIES COMMON FUND - RESPONSIVENESS FACTOR GRANT (DACF-RFG)

2022 DACF-RFG RELEASE TO ASSEMBLIES

680. The Administrator of the District Assemblies Common Fund disbursed a total DACF-RFG funds of GH¢261,454,486.55 to 261 Assemblies during the 2022 financial year towards their DACF-RFG (DDF) infrastructure development Activities. The table below shows the summary and details attached as Appendix 'D'.

MANAGEMENT ISSUES

AHAFO REGION

Tax Irregularities

Non-deduction and remittance of Withholding Taxes -GH¢22,402.41

- 681. Section 116 of Income Tax Act, 2015 (Act 896) provides that, a resident person other than an individual shall withhold tax on the gross amount of the payment at the rate specified in the First Schedule when the person makes a payment to another person for the supply of services.
- 682. Management of two Assemblies either did not deduct or remit withholding taxes of GH¢22,402.41 to the Ghana Revenue Authority in violation of the provisions of the Act. Details are provided below:

No.	Assembly	Taxes not	Unremitted	Total
		withheld	taxes	
1	Asunafo South District Assembly	-	21,332.41	21,332.41
2	Asutifi South District Assembly	1,070.00		1,070.00
	Total	1,070.00	21,332.41	22,402.41

- 683. This could deny the state of tax revenue.
- 684. We recommended that the Finance Officers should remit the withheld taxes of GH¢21,332.41 and personally pay the un-deducted tax of GH¢1,070.00 to GRA.

ASHANTI REGION

Cash Irregularities

Unsupported payments - GH¢ 20,130.00

- 685. Regulation 78 of the PFMR, 2019 (L.I. 2378) provides among others that, a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of the covered entity the validity, accuracy and legality of the claim for the payment.
- 686. We however noted that three payments of the Ahafo Ano South East District Assembly totalling GH¢20,130.00, were not supported with the relevant documents such as receipts, invoices and certificate of work done for accountability. Details are provided below:

Date	Description	Amount	Action Required
21/07/2022	Payment for various expenses	2,860.00	Provide invoices
	Payment to cover Assembly		
	meeting to elect a PM and		Provide evidence
08/08/2022	Others	3,900.00	of work done
16/08/2022	Payment for various expenses	13,370.00	Provide receipts and invoices
. ,	Total	20,130.00	

- 687. Management explained that all efforts made to obtain the necessary attachments from the officers who executed the programmes, had proved futile. As a result, we could not confirm whether the expenditure was incurred in the interest of the Assembly.
- 688. We recommended that, in the absence of the supporting documents, the amount of GH¢20,130.00 should be treated as advances to the responsible officials and accordingly recovered into the DACF/RFG account. Failing that, the Coordinating Director and Finance Officer should be held liable for refund of the amount into the DACF-RFG account.

Unpresented payment vouchers - GH¢85,954.37

- 689. Regulation 82 of the PFMR, 2019 (L.I. 2378) requires that, a payment by a covered entity shall be accompanied with a payment voucher authorised by the head of accounts, and (b) which is approved by the Principal Spending Officer.
- 690. The Finance Officer of Ahafo Ano South East District Assembly, however, did not produce 14 payment vouchers with a total face value of GH¢85,954.37 for audit. Details are provided below:

Date	Cheque No.	Description	Vendor/Payee	Amount
06/09/2022	430760	Purchase of stationery for	District Agric	8,164.37
06/09/2022	430700	Agric Department	Director	0,104.37
11/10/2022	430764	Payment for Withholding	Coordinating	2,500.00
11/10/2022		tax	Director	2,300.00
20 /11 /2022	420780	For Farmers Day	Coordinating	75 200 00
28/11/2022	430789	Celebration	Director	75,290.00
Total				85,954.37

- 691. We could not confirm the authenticity of the payments which could result in loss of funds to the Assembly.
- 692. We recommended recovery of the total amount of GH¢85,954.37 from the Coordinating Director and the Finance Officer into the DACF-RFG account of the Assembly for failing to justify that the funds were used in the interest of the Assembly.

Contract Irregularities

Completed projects not in use - GH¢967,982.76

- 693. Section 52 of the PFMA, 2016 (Act 921), requires, Principal Spending Officers to institute proper control systems to prevent losses and wastage.
- 694. Contrary to the above provision in the Act, we noted that three projects completed between November 2021 and November 2022 by three Assemblies at a total cost of GH¢967,982.76, remained unused. Details are provided below:

No.	Assembly	Project	Date	No. of	Amount	Reason

		Director's Bungalow at				water at the
		Drobonso				project site
		Total			967,982.76	

- 695. The delay denied the communities the benefits from use of the projects and therefore defeats the purposes for which the total amount of GH¢967,982.76 was invested.
- 696. We recommended to Management of the Assemblies involved to take the necessary action and also provide the required amenities needed to be put the projects to use. We also recommended that provision should be made in future budgets to include ancillaries needed to put projects to use after completion.

Delayed/ abandoned projects - GH¢2,028,880.68

697. Contrary to Section 52 of the PFM Act, 2016 (Act 921), we noted that two Assemblies expended a total amount of GH¢2,028,880.68 from their DACF-RFG account on six projects which were at various stages of completion but had been delayed or abandoned for periods ranging between three and 40 months. Details are provided below:

No.	Assembly	No. of projects	Expected completion date	Period of delay	Contract Sum	Total Payment
1	Adansi North	5	Aug. 2019 to April 2022	8 to 40 Months	1,452,190.00	840,414.52
2	Sekyere East	1	Dec. 2021	12 Months	788,928.90	576,690.68
	Total	6				2,028,880.68

- 698. Management of the Assemblies attributed their inability to complete the projects to funding constraints. The delay in executing projects could lead to cost overruns.
- 699. We recommended to Management of the Assemblies to ensure that priority is given to abandoned/delayed projects before new ones are awarded.

Procurement and stores Irregularities

Procurement of hospital equipment not put to use - GH¢117,638.00

700. Contrary to Section 52 of the PFM Act, 2016 (Act 921), we noted that, Management of the Bosomtwe District Assembly procured various hospital equipment and furniture in September 2022, at a total cost of GH¢117,638.00 for Abono and Piase CHPS Compounds but were yet to be installed and put to use as of April 2023. Details are provided below:

	117,638.00			

- 701. Management indicated that some works were being undertaken at the CHPS Compounds as a result of which the items were being kept at the Assembly's stores pending the completion of the CHPS Compounds.
- 702. This could result in loss of funds to the Assembly due to expiration, malfunctioning etc. of the assets because of poor storage or non-utilisation.
- 703. We recommended to Management of the Assembly to expedite works on the CHPS Compounds in order to install the equipment for use to ensure value for money.

BONO EAST REGION

Contract Irregularities

Delayed projects - GH¢372,394.43

- 704. Section 52 of the Public Financial Management Act, 2016 (Act 921) requires that, a principal spending officer of a covered entity shall manage the assets of the entity by establishing control systems that would prevent theft, loss, wastage and misuse.
- 705. We noted that two Assemblies expended a total amount of GH¢372,394.43 on four projects which were at various stages of completion but are delayed for periods up to twelve months. Details are provided below:

- 706. Management attributed the anomaly to funding challenges.
- 707. The anomaly could lead to increase in the cost of the projects due to inflation.

708. We recommended to management to ensure that the delayed projects are completed before awarding new ones for the benefit of the communities.

Completed Projects not in Use - GH¢388,894.50

709. Contrary to section 52 Public Financial Management Act, 2016 (Act 921), we noted that Sene West Assembly expended total amount of GH¢388,894.50 on two projects which have been completed but were not put to use. Details are provided below:

S/N	Project Title	Contract Sum	Contractor	Date	Payment To	Period of
				Completed	Date	Delay
1	Construction of	250,593.00	Jessmens	8/8/2022	225,533.70	8 months

	3no market		Ventures			
	shed					
	Total	432,105.00			388,894.50	

- 710. Management attributed the non-usage of the market to delay by beneficiaries to submit application for shed allocation. With regards to the classroom block, management indicated that the contractor was directed to change doors to specification.
- 711. We recommended that management should resolve the challenges preventing the use of the projects without delay and put them to use.

Tax Irregularities

Unremitted Taxes - GH¢3,209.00

712. Section 117(1) of the Income Tax Act, 2015 (Act 896) provides that, a withholding agent shall pay to the Commissioner-General within fifteen days after the end of each calendar month a tax that has been withheld in accordance with this division during the month.

713. We noted that management of Kintampo South District authorised three DPAT payments without remitting the withheld taxes amounting to GH¢3,209.00 to the Ghana revenue Authority. Details are below:

Date	PV No.	Details	Payee	Amount	Rate 5%
				GH¢

	Totals			64,201.73	3,209.00

- 714. The state has been denied tax revenue of GH¢3,209.00.
- 715. We recommended to management of the Assembly to pay the amount of GH¢3,209.00 withheld as tax to GRA.

CENTRAL REGION

Cash Irregularities

Unsupported payments - GH¢24,330.00

- 716. Contrary to Regulation 78 (1) of the PFMR, 2019 (L.I. 2378), we noted that, the Effutu Municipal Assembly made payments of GH¢24,330.00 from DACF-RFG for goods and services but were not supported with relevant documents such as statements of claims, receipts, and invoices to authenticate the expenditure.
- 717. Payments not properly substantiated could lead to short- or non-supply of goods and also services not delivered to the Assembly.

718. We recommended recovery of the amount of GH¢24,330.00 from the Coordinating Director and Finance Officer of the Assembly into the DACF-RFG account for their inability to substantiate the expenditure incurred.

Delayed project - GH¢365,822.53

- 719. We noted that Management of Twifo Hemang Lower Denkyira District Assembly initiated a Dining Hall project at the Hemang Secondary Technical School which was awarded to Messrs. God is with A.Y.A Enterprise at a cost of GH¢199,955.58. The project, which was scheduled to be completed within four months, commenced on 2 July 2020 and was to be completed on 20 October 2020.
- 720. Contrary to Section 52 of the PFM Act, 2016 (Act 921), as of December 2022, a period of 26 months after the expected completion date, the Contractor had been paid GH¢167,016.19 representing 83.5 percent of the contract sum, but the project had not been completed.
- 721. In a separate issue, Assin South Assembly awarded a contract for construction of 1no. 2-unit semi-detached teachers' accommodation at Assin Wankoso at a sum of GH¢184,297.26 to be completed by 5 June 2020 but the project was 95% completed as at December 2022 with a total payment of GH¢165,867.53 to the Contractor.
- 722. The continuous delay in completing the project could lead to variations of the contract sum due to price increases, which would result in cost overruns.
- 723. We recommended to the Chief Executive and Coordinating Director to take the necessary actions to complete the project before new ones are awarded.

Completed projects not put to use - GH¢220,922.31

724. Contrary to Section 52 of the PFM Act, 2016 (Act 921), we noted that the Cape Coast Metropolitan Assembly expended GH¢220,922.31 from its DPAT III allocation on a 20-seater water closet project at Philip Quarcoe School in Cape Coast which was completed in September 2021 but had not been put to use due to lack of water supply to the facility.

- 725. The non-usage of the project denied the beneficiary community the benefits to be derived from its construction.
- 726. We recommended to Management of the Assembly to ensure that water is provided to the facility to make it usable. We also recommended that future budgets for projects in the Assembly should include amenities needed to put them to use after completion.

Defects on mono and dual desks - GH¢16,744.08

- 727. In contravention to Section 52 of the PFM Act, 2016 (Act 921), we noted that, out of 150 dual desks and 300 mono desks supplied at the total cost of GH¢199,319.40 by Omama Dantse Ventures to the Assin South District Assembly in December 2022, 43 desks, comprising 16 dual and 27 mono costing GH¢16,744.08 were defective on delivery.
- 728. The defects rendered the desks unusable, and the Assembly had been denied value for money for the expenditure incurred.
- 729. We recommended to Management of the Assembly to ensure that the defects are rectified at no cost to the Assembly otherwise the Supplier should refund the amount of GH¢16,744.08 into the DACF-RFG account. Failing that, the Coordinating Director and Finance Officer should refund the amount into the DACF-RFG account.

Ineligible payments - GH¢18,930.62

- 730. Paragraph 5.4 of the Operational Manual for the implementation and administration of the District Assemblies Common Fund Responsiveness Factor Grant (DACF–RFG) June 2021 does not allow payment of Environmental Protection Agency (EPA) permits, contingencies, amongst others.
- 731. Our review however revealed that payment for construction of two projects by the Asikuma Odoben Brakwa Assembly included an amount of GH¢18,930.62 for contingency and EPA permit certification. Details are provided below:

No	PV. No.	Contractor	Projects	Contingency	EPA	Total Payment
1	1/12/22	Awinbehit Co. Ltd	Construction of 1No 8- Unit lockable stores at Breman Asikuma lorry station advance mobilisation certificate	8,930.62	5,000.00	13,930.62
2	2/12/22	Emecouv Co. Ltd	Construction of 1No 12- Unit lockable stores at Breman Asikuma lorry station advance mobilisation certificate	-	5,000.00	5,000.00
	I	Total	1	8,930.62	10,000.00	18,930.62

- 732. Consequently, the Assembly was deprived of an amount of GH¢18,930.62 which could have been used for its planned DACF-RFG programmes.
- 733. We recommended refund of the amount of GH¢18,930.62 into the DACF-RFG account of the Assembly. We also recommended that the Coordinating Director, Works Engineer and Finance Officer should desist from using DACF-RFG funds on unrelated activities and adhere to the provisions in the DACF-RFG Operational Guidelines

Unrefunded payments from DACF-RFG account - GH¢35,000.00

- 734. Part 5.4 of the Operational Manual for the Implementation and Administration of the DACF-RFG frowns on the use of the grant for unbudgeted expenditures.
- 735. On the contrary, our review disclosed that Management of Upper Denkyira East Municipal Assembly withdrew an amount of GH¢35,000.00 as loan from the DACF-RFG account. We also noted that no payment voucher was raised for this transaction. Details are provided below:

No	Date	Cheque	Particulars	Payee	Amount
		No.		_	
1	26/5/2022	400643	Advanced to Mr. Asumah	MCD	16,000.00

2	26/5/2022	400642	Advanced to Mr. Asumah	MCD	19,000.00
			Adam Braimah,		
			Coordinating Director		
	Total				

- 736. This resulted in the misapplication of DACF-RFG funds and its objective would not be achieved.
- 737. We recommended refund of the GH¢35,000.00 from the Coordinating Director of the Assembly into the DACF-RFG account.

EASTERN REGION

Cash Irregularities

Unsupported payments - GH¢25,000.00

- 738. In contravention of Regulation 78 of the PFMR, 2019 (L.I. 2378), Ayensuano District Assembly paid GH¢25,000.00 for staff development training, training of senior staff on report writing and monitoring and evaluation but failed to attach the relevant documents such as receipts, invoices, statement of claims etc. to the payment vouchers.
- 739. Under the circumstance, we were unable to authenticate whether the expenditure was incurred in the interest of the Assembly, which could lead to potential loss of funds to the Assembly.
- 740. We recommended recovery of the amount of GH¢25,000.00 from the Coordinating Director and Finance Officer in the absence of accountability of the expenditure.

Payment outside GIFMIS

741. Contrary to Section 25 of the PFMA, 2016 (Act 921), our audit revealed that Management of two Assemblies expended an amount of GH¢335,301.64 on various goods and services without using GIFMIS. Details are provided below:

No.	Assembly	No of PV	Period	Amount
1	Atiwa East District	4	Jan-Oct 2022	177,301.64
2	Ayensuano District	3	Jun-Nov 2022	158,000.00
	335,301.64			

- 742. The lapse could result in distortion in the financial reporting of the Assemblies.
- 743. We recommended to the Coordinating Directors and Finance Officers to ensure that all expenditures are made using GIFMIS.

Contract Irregularities

Completed lockable stores not in use.

744. Contrary to Section 52 of PFM Act, 2016 (Act 921), our review revealed that, out of 48 lockable stores built by the Birim Central Municipal Assembly to generate revenue, 11 were not in use which defeated the intended purpose. Details are provided below:

No	Store No.	Location
1	ACHDA/MKT/APD/01	Aperade

11	ACHDA/MKT/AKN/09	Akenkansu

- 745. The Coordinating Director attributed the cause to low patronage by the communities which could deny the Assembly rent inflows.
- 746. We recommended to Management to liaise with the Area Council and advertise the space for renting. We also recommend that Management should in future engage relevant stakeholders in selection of project sites to make them usable after completion.

Delayed projects: - GH¢2,579,937.38

747. Contrary to Section 52 of the PFM Act, 2016 (Act 921), we noted that five Assemblies expended a total amount of GH¢2,579,937.38 on six projects whose completion dates had expired. Details are provided below:

No.	Assembly	No of	Expected	Duration	Total	Reasons

748. Delay in executing the projects could lead to cost overruns to the detriment of other developmental projects of the Assemblies.

749. We recommended that Management of the Assemblies involved should resolve challenges associated with the delay and complete the projects for the benefit of the communities.

GREATER ACCRA REGION

Contract Irregularity

Change of DACF-RFG project from Clinic to Classroom Block without approval.

- 750. Paragraph 6.1.1 of the Operational Manual for the implementation and administration of the DACF-RFG (June 2021) states among others that a Steering Committee chaired by the Minister for Local Government, Decentralisation and Rural Development (MLGDRD) exercises oversight responsibility over the management and administration of the DPAT/DACF-RFG shall approve revisions to strengthen the assessment system.
- 751. Our review of DACF-RFG records of La-Dade Kotopon Municipal Assembly revealed that a letter dated 20 August 2020 with reference number ED/31/77/01 to the MLGDRD requesting to use funds earmarked for the construction of a clinic to construct a 1 No. 12- unit classroom block at La Wireless Cluster of School was not approved. However, Management went ahead and changed the project from construction of a clinic to an 18-Unit classroom block at a contract sum of GH¢3,541,251.05.
- 752. Management of the Assembly explained that the construction of the clinic did not materialise due to litigation on the land provided by the East La Dade-Kotopon Development Trust.
- 753. We recommended that Management should seek approval from the Steering Committee to regularise the change of project and be sanctioned.

SAVANNAH REGION

Tax Irregularities

Taxes not withheld/remitted - GH¢6,230.42

754. Section 116 of Income Tax Act, 2015 (Act 896) provides that, a resident person other than an individual shall withhold tax on the gross amount of the payment at the rate specified in the First Schedule when the person makes a payment to another person for the supply of services.

755. We noted that, two Assemblies did not withhold, or remit taxes withheld totalling GH¢6,230.42 on payments for the supply of goods and services as provided below:

No.	Assembly	Taxes not withheld	Unremitted taxes	Total
1	North Gonja District	1,935.00	-	1,935.00
2	East Gonja District	-	4,295.42	4,295.42
Total		1,935.00	4,295.42	6,230.42

756. This could result in loss of tax revenue to the state.

757. We recommended that management of North Gonja district Assembly should personally pay the un-deducted tax of GH¢1,935.00 to GRA. We further recommended that the Finance officer of East Gonja should pay the unremitted tax of GH¢4,295.42 to GRA.

UPPER WEST REGION

Cash Irregularities

Payments outside the GIFMIS platform - GH¢66,194.95

758. Section 25(6) of the Public Financial Management Act, 2016(PFM) Act 921 states 'Where a covered entity entered into a contract or any other arrangement that commits or purports to commit Government to make a payment, the contract or arrangement shall be approved by the Principal Spending Officer of that covered entity and the Principal Spending Officer shall enter the contract or arrangement into the Ghana Integrated Financial Management Information System.

759. Management of two Assemblies made payments on seven payment vouchers amounting to GH¢66,194.95 outside the GIFMIS platform. Details provided below:

S/N	Assembly	No. of PVs	Amount
1	Lawra Municipal	5	13,480.00
2	Nandom Municipal	2	52,714.95
	TOTAL	7	66,194.95

- 760. Management attributed the lapse to technical challenges that the Assembly's GIFMIS system faced during the period which made it difficult for the affected payments to be processed on the system.
- 761. Failure to process transactions through the GIFMIS platform could distort the financial reporting of the Assembly.
- 762. We recommended that the Assemblies should liaise with the GIFMIS Secretariat to address the challenges and ensure that all transactions are processed through the GIFMIS platform.

Misapplication of Funds - GH¢47,137.03

- 763. Section 7 of the Public Financial Management Act 2016 stipulates that a Principal Spending Officer of a covered entity shall ensure the regularity and proper use of money appropriated in that covered entity.
- 764. We noted that management of Nandom Municipal Assembly transferred an amount of GH¢47,137.03 from DACF Response Factor Grant account into the main DACF account for recurrent expenditure thereby misapplying same. Details are as follows:

Date	P.V No	Details	Payee	Amt
		Transferred from DACF- RFG		
27/09/2022	06/09/2022	to DACF	DACF	27,377.70
		Transferred from DACF- RFG		
30/09/2022	07/09/2022	to DACF	DACF	19,759.33
TOTAL				47,137.03

765. We could not immediately obtain the cause of management decision to transfer the funds to the DACF for recurrent expenditure.

- 766. This could affect the implementation of RFG projects and programmes.
- 767. We recommended that management should transfer the amount of GH¢47,137.03 from the DACF into DACF-RFG account to be used for its intended purpose without further delay.

Delay in utilisation of DACF-RFG Fund - GH¢1,144,509.65

- 768. Section 52 of the Public Financial Management Act, 2016 (Act 921) requires, the Principal Spending Officers to institute proper control systems to prevent losses, wastage, misuse and eliminate theft.
- 769. We noted that Sissala West received GH¢1,144,509.65 in their DACF-RFG on 03/06/2022 as 2020 DPAT Capital Grant for developmental projects. However, the Assembly allowed the fund to be in its account for six months i.e., between June to November 2022 and did not initiate a single project in their approved 2022 DACF-RFG budget. While the fund was in the account, there were 5 unexecuted projects approved in the 2022 DACF-RFG budget.
- 770. Because management initiated new projects late, as at end of 2022, the DACF-RFG account had GH¢1,218,573.28 in it.
- 771. The delay in utilisation of the grant could lead to cost overruns due to inflation.
- 772. The DCD explained that they failed to carry out any developmental project for that period because they were instructed to wait for approval letter from the Ministry of Local Government to start any project.
- 773. We recommended that management should liaise with the Ministry of Local Government to ensure that all projects are executed in accordance with their timelines.

Contract Irregularities

Completed projects not in use - GH¢512,671.40

- 774. Section 52 of the Public Financial Management Act, 2016 (Act 921) requires, Coordinating Directors as the Principal spending Officers to institute proper control systems to prevent losses and wastage.
- 775. Management of Nadowli Kaleo District Assembly completed two DACF RFG projects in 2022 and paid a total amount of GH¢512,671.40 to the contractors. However, none of the projects was in use at March 2023. Details are provided below:

No.	Project	Total	Total	Completion Date
		Contract Sum	Payment	
1	Construction of CHPS	205,249.17	205,107.00	6/6/22
	compound at Samatigu			
2	Construction of Kg	327,898.52	307,564.40	14/12/22
	classroom with resting			
	room at Toyaga			
	Total	533,147.69	512,671.40	

- 776. The management explained that Electricity and water are yet to be connected to the place before it can be used.
- 777. The delay in putting the facilities to use could result in deterioration.
- 778. We recommended that management should resolve the challenges preventing the usage of the projects without delay and put them to use.

Indebtedness to Contractors - GH¢83,865.91

779. Regulations 78 of the Public Financial Management Regulation, 2019 (L.I 2378) requires that a Principal Spending Officer of a covered entity is personally responsible for ensuring in respect of each payment of the covered entity, that there is a sufficient unspent amount of appropriation for making the payment.

- 780. The Wa East District Assembly awarded contract services to three contractors from the District Development Facility in 2021 amounting to GH¢959,311.79. However, a total amount of GH¢875,445.88 was paid leaving a balance of GH¢83,869.91 as at 31/12/2022.
- 781. Management attributed the anomaly to lack of funds to pay the indebtedness.
- 782. The indebtedness to the contractors may lead to discontinuation of services or legal sanctions.
- 783. We recommended that management of the Assembly should settle the indebtedness to avoid legal action.

Tax Irregularities

Failure to obtain VAT invoice for VAT paid - GH¢10,765.56

- 784. Section 41 of the Value Added Tax Act, 2013 (Act 870) mandates, a taxable person on making a taxable supply of goods or services, to issue to the recipient, a tax invoice in the form and with the details that are prescribed by the Commissioner–General.
- 785. The Jirapa Municipal Assembly procured goods worth GH¢358,851.72 with a VAT component of GH¢10,765.56 but did not obtain VAT invoices to acknowledge receipt of the payment.
- 786. By this infraction, the suppliers would not be compelled to make payment of the VAT amount to GRA.
- 787. As a result, the State stood the risk of losing tax revenue of GH¢10,765.56.
- 788. We recommended that the Finance Officer should recover the GH¢10,765.56 from payees to GRA.

WESTERN REGION

Cash Irregularities

Borrowing from DACF-RFG funds - GH¢533,714.86

- 789. Contrary to Part 5.4 of the Operational Manual for the Implementation and Administration of the DACF-RFG, we noted that Management of Jomoro District Assembly borrowed DACF-RFG funds amounting to GH¢533,714.86 to meet the payment for various goods and services.
- 790. This situation would impact negatively on DACF-RFG programmes and defeat the purpose for the grant support.
- 791. We recommended to the Coordinating Director and the Finance Officer to ensure that the total amount of GH¢533,714.86 is refunded into the DACF-RFG accounts and desist from such unallowed practice.

Unutilised DACF-RFG fund - GH¢1,174,498.36

792. Contrary to Section 7 of the PFM Act, 2016 (Act 921), we noted that Ellembelle District Assembly failed to utilise an amount of GH¢1,174,498.36 released on 3 June 2022 for the execution of three DACF-RFG projects with a total contract sum of GH¢1,181,936.00 and expected to be completed by 31 December 2022. Details are provided below:

	Total				

793. This had the tendency of not improving the well-being of the communities.

794. We recommended to Management of the Assembly to utilise the funds for the benefit of the communities.

Contract Irregularities

Delayed projects - GH¢486,158.45

795. Contrary to Section 52 (1) of the PFM Act, 2016 (Act 921), we noted that, Amenfi West Municipal Assembly failed to ensure completion of three DACF-RFG projects which had delayed between 18 and 21 months. Out of the total contract sum of GH¢753,000, a total payment of GH¢486,158.45.00. had been made. Details are provided below:

Projects	% of Completion	Contract Sum	Amount Paid
1. Construct 1 No. Zonal Council Office 2. Provision of 9 Boreholes at Fire Service-Asankrangwa, Wonepanin due, Saa CHPS, New York-Asankrangwa, Dorcas, Yewodie, Sureano, Gyaman Basic School, Moseaso 3.Construct 1 No. 5-Unit Accommodation for Agric Extension Officers	70%	753,000.00	486,158.45
Total		753,000.00	486,158.45

- 796. Delayed projects denied the communities the benefit from their use and also lead to cost overruns.
- 797. We recommended to Management of the Assembly to take the necessary action and complete the projects before awarding new ones.

Outstanding obligations to contractors - GH¢634,677.32

- 798. Section 7 of the PFM Act, 2016 (Act 921), enjoins Principal Spending Officers to ensure regularity and proper use of public funds.
- 799. Management of two Assemblies were yet to pay two contractors an outstanding balance of GH¢605,545.16 on two projects which had been completed and in use since December 2021. Details are provided in the table below:

No	Assembly	No. of	No. of	Total
		project	contractors	outstanding
1	Ellembele District	3	3	115,610.89
2	Nzema East Municipal	6	6	519,066.43
	Totals	9	9	634,677.32

800. To avoid disputes and payment of judgement debt, we recommended to Management of the two Assemblies to honour the outstanding obligations to the contractors.

Cash Irregularities

Un-refunded borrowings - GH¢196,660.00

801. Contrary to Part 5.4 of the Operational Manual for the implementation and administration of the DACF-RFG, we noted that the Sefwi Wiawso Municipal Assembly transferred GH¢245,000.00 from the DACF-RFG account into various accounts for unrelated activities and refunded only GH¢48,340.00 as at the end of December 2022, leaving a balance of GH¢196,660.00. Details are provided below:

		Paying	Receiving	Amount	Amount	
	Date	Account	Account	Paid	Refunded	Balance
Sefwi		DACF-				
Wiawso	02/03/22	RFG	DACF	60,000.00	48,340.00	11,660.00
		DACF-				
	27/09/22	RFG	MPCF	100,000.00	-	100,000.00
			Minerals			
		DACF-	Development			
	27/09/22	RFG	Fund	85,000.00	-	85,000.00
		Total		245,000.00	48,340.00	196,660.00

- 802. The anomaly constituted misapplication of funds and DACF-RFG development programmes would not be implemented.
- 803. We recommended to Management to refund the amount of GH¢196,660.00 into the DACF-RFG and desist from such unpermitted practice.

Unpresented payment vouchers - GH¢60,867.36

- 804. Regulation 82 of the PFMR, 2019 (L.I. 2378) requires that, a payment by a covered entity shall be accompanied with a payment voucher authorised by the head of accounts and approved by the Principal Spending Officer.
- 805. Management of the undermentioned Assemblies, however, did not present five payment vouchers totalling GH¢60,867.36 for audit. Details are provided below:

No.	Assembly	Source of	Transaction Type	No. of PVs	Amount
		Funds			
1	Bia West	DACF/RFG	Goods and Services	4	32,000.00
2	Aowin	DACF/RFG	Payment for works	1	28,867.36
		Total		5	60,867.36

- 806. We could not confirm that value was received for the payments made, which represented losses to the Assemblies.
- 807. We recommended recovery of the amount of GH¢60,867.36 from the Coordinating Directors and Finance Officers of the Assemblies involved into their DACF accounts in the absence of the relevant supporting documents to provide evidence that value was received for the payments made.

Payments for works not executed - GH¢26,190.00

808. Contrary to Regulation 80 of the PFMR, 2019, (L.I. 2378), two Assemblies did not enforce the execution of portions of contracts before paying GH¢26,190.00 to the contractors. Details are provided below:

Assembly	Name of Project	Account Type	Contractors Name	Item in BoQ	Amount
Suaman	Construction of 2 No. double 1.2m×4m×8m long pipe culvert	DACF/RFG	Jella Engineering Works	Filling to make up culvert level	20,070.00
Akontombra	Construction of 1No. CHPs compound at Edewuakrom	DACF/RFG	Utility Engineering & Tech Services	2,500 litres Polytank 3 Toilet roll holders & Rails	5,220.00 900.00
	_	Total			26,190.00

- 809. The practice of not ensuring execution of contract to specification before payments are made is an indication of weak contract management and is susceptible to loss of funds.
- 810. We recommended that the Contractor should undertake the outstanding works at no cost to the Assembly otherwise the amount of GH¢26,190.00 should be recovered into the DACF-RFG accounts. Failing this, the Coordinating Directors, Finance Officers and other responsible officers should refund the amount in the DACF-RFG account.

Abandoned projects - GH¢52,566.60

- 811. Contrary to Section 52 of the PFM Act, 2016 (Act 921), we noted that Sefwi Wiawso Municipal Assembly abandoned a 75% completed 3no. Borehole projects at Asawinso, Asafo and Boako, which commenced in June 2020 and scheduled for completion in October 2020. We noted that the project was awarded to Kingscom Co. Ltd and an amount of GH¢52,566.60 had been paid out of the contract sum of GH¢120,204.00.
- 812. Management attributed the abandonment to lack of funds which could result in cost overruns due to price increases of building materials.
- 813. We recommended to management to take the necessary action and complete the project before new ones are awarded.
